Mr. Bankerger stated that he was unwilling to do this and proposed that the matter be taken into the court.

A general discussion ensued in which Mr. Moyle said that he was in favor of going to the people and if the people voted it down to borrow anyway, but he did not favor that move. If the people were against it that settled it with him.

Although the Supreme court does not sit until May supreme court does not list it would be willing to sit in extra-ordinary session in a matter of this kind. Some expressed the fear that an injunction against the board would be got out at the last moment and its plans

The contention was made that if it were settled in the courts it would be settled for all time, but if it be referred to the people the ques-tion would be disposed of for one year

only.

The motion of Mr. Giauque failed, and Mr. Moyle moved that the finance committee be authorized to arrange for the borrowing of the money, in anticipation of the taxes to be levied this year. The motion was carried unanimously, and how the question rested.

If your hair is of ordinary thickness and about a yard long, you have over 75 miles of hair! It takes a great deal of food to nourish hair so long as this!

If your hair is turning gray, falling out, harsh and rough, and splits at the ends, then it's starving, suffering for food.

Give it Ayer's Hair Vigor, the only genuine hair food you can buy. (There's a record of half a century back of it. You can't say that of any other hair preparation on the market.)

You can afford to trust something that has been tested for 50 years, can't you? There's an immense amount of satisfaction in every bottle of it.

"My wife had a fever and all of her hair, which was very great, came out. I bought a bottle of Ayer's Hair Vigor for her and she began using it at once. #### LAST BILL SIGNED.

Governor Wells Affixes His Signature to Final Legislative Bill.

Last evening the governor affixed his signature to the last three of the thirtyeight bills which were left on his table when the legislature adjourned sine die. Of these one was Benner X. Smith's bill making the docking of horses' tails a misdemeanor punishable by a fine of from \$50 to \$100. There are two provisions in this bill which the attorney-general has advised the governor are unconstitutional. They are first the society and second that two separate subjects are treated in the bill, viz cruelty to animals and docking horses tails. The governor believes the object of the bill a praiseworthy one however, and considered it well to signify his approval of it anyway whether

it is waterproof or not.
Of the other two bills House bill No. 86, provides that cities need only furnish one polling booth to each municipal ward at special elections, and Sen-ate bill No. 81, allows the partial distribution of the estates of decedents.

More practical work and shorter doctrinal sermons distinguish the pulpit of today. Bishops and plain minis-

The injunction "Minister to the sick and suffering" is being literally obeyed.

Clergymen are investigating remedies as they have never done before, taking them, themselves and family, frankly

Rev. W. E. Aldridge of Birmingham, Ala., says he considers it his duty to let his people know about Paine's celery compound, as he speaks from personal speaks from persona knowledge. He says:

Gentlemen:-I had been afflicted for ten years with what I thought to be heart disease, but after having the physicians examine me, I learned that I was almost dead with indigestion. They told me that they could give me medicine that would relieve me, but there was no permanent cure. Then I began using Paine's celery compound, which gave me immediate relief, and now I am well and enjoying good health. I can recommend Paine's celery compound to be the best remedy for all ailments I ever used, and furthermore, I tell my people if they will use the compound freely, they will have no doctor's bills to pay.
