The Herald on Sunday printed an old play bill of the Deseret Dramatic association, and in describing it made several errors which ought not to pass uncorrected. One of them was the statement that W. C. Dunbar is dead; Mr. Dunbar, one of the founders of the Herald, by the way, is still living in the Twentieth ward. Robert Campbell, one of the original members of the company, was not the father of Mr. Campbell of the Utah Light and Power Co. The Campbell the Herald means was another individual entirely; he was former city recorder of Salt Lake, and a picture with a sketch of him appeared in last Saturday night's "News."

PEOPLE WHO ARE PASSING

A prominent New York business man is a guest at the Knutsford in Daniel Robinson, formerly a partner in the noted dry goods establishment of the H. B. Claflin Dry Goods company. This firm was incorporated for $9,000,000, whereas the subscriptions aggregated $27,000,000. The annual business done by the great concern has amounted to $30,000,000. Mr. Robinson has retired from active business, and has been spending the last six months on the Pacific coast.

One of the largest wire manufacturers in the country was at the Knutsford hotel yesterday, in R. T. Prentiss of Holyoke, Mass., accompanied by Mrs. Prentiss. They have been on a trip to the Pacific coast, and are now eastward bound.

Rev. Bruce Kinney, general missionary of the Baptist church, has arrived in this city to take station from Albuquerque, N. M., where he has been stationed for the last few years.

C. W. Aldrach of Clear Lake is a guest at the White House. He is in very good spirits over the outlook for the season, and says that the general agent of his colonization company will be along tomorrow with a party of settlers for the Clear Lake country from Minneapolis. In referring to the friction between the farmers along the Sevier river, as to water rights, Mr. Aldrach says there should be a board of control which could adjudicate on such matters between the users of water over the state, and prevent a good deal of trouble. The reservoir near Clear Lake which dried up last Summer because its supply had been consumed by residents along the upper part of the stream running into it, Mr. Aldrach said has now been refilled, and he does not believe it will be emptied again.

CHANGE OF FAST DAY.

At the general conference of the Church of Jesus Christ of Latter-day Saints will be in session on Sunday, April 6, 1902, it is deemed advisable to hold the regular monthly fast on Sunday, March 30, instead of on the first Sunday in April. The Bishops of the several wards in the Salt Lake Stake of Zion will please take notice and make the proper announcements, so that the Saints may govern themselves accordingly.

By order of the presidency of the stake.

NEW TELEPHONE COMPANY FLOATED

Prospective Rival to Rocky Mountain Bell Co. Incorporates.

H. M. WELLS IS PRESIDENT.

With a Capitalization of Half a Million Dollars the New Company Means Business.

The Utah Home Telephone company has taken decided steps toward showing good faith in its application for a franchise to construct and operate a rival telephone system in this city, by incorporating in the sum of $50,000.

It was the concensus of opinion among the councilmen that no franchise would be granted until an incorporation was effected by the applicants. Now that the obstacle is removed it remains for the council to take final action on the matter and decide whether or not Salt Lake will have an independent telephone system.

The incorporation was effected yesterday afternoon and the articles were made out in conformity with the laws of Nebraska, where they have been sent for filing. The reasons for making it a foreign corporation are because one of the largest stockholders is a Nebraska man and wanted the company incorporated in that state, and because it, being a foreign corporation, would be entitled to have all legal proceedings heard before the United States courts.

The directors for the first year are Heber M. Wells, S. F. Fenton, E. L. Sloan, H. W. Brown, E. B. Jones, Geo. T. Odell, John Henry Smith and N. W. Clayton of this city, and E. W. Hammer, of Chicago. The officers are: Heber M. Wells, president; S. F. Fenton, vice-president; E. L. Sloan, secretary; and Hal W. Brown, treasurer.

DEATH OF MRS. SHORT.

Prominent Member of Relief Society, Anaconda, Dies Suddenly.

Word comes from Anaconda of the sudden death of Mrs. Maria Short at the family home, 821 west Park street on Thursday afternoon.

The Anaconda Standard in chronicling the demise of the estimable lady says:

"Mrs. Short, although but 41 years of age, had made Anaconda her home for 16 years and was well known not only in this city, but in every town and hamlet in the entire county. The deceased was the wife of Augustus Short, a business man of the city.

"Mrs. Short was born in Ohio in November, 1861, of English and Welsh parentage. When but 10 years of age she moved to Bear Lake county, Idaho, with her parents, Mr. and Mrs. Smith, and later removed to Egin on the Snake river in that state. While a resident of Egin she was united in marriage to Augustus Short in 1884, and the young couple came to Montana in July of the same year.

"Mrs. Short was a member of the Latter-day Saints' Church, and was first counselor to the president of the local Relief corps of that Church.

"Besides her husband Mrs. Short leaves to mourn her loss two sons, Gussie and Alma, aged 13 and 10 respectively; a daughter, Celia, aged 12; four brothers, a sister in Idaho and two sisters now residing in Canada."

CAPT. C. L. HOWARD DEAD.

Founder of Ogden Military Academy Passes Away.

Word has been received in this city of the death of Capt. Charles L. Howard, which occurred at St. Louis on Sunday. Capt. Howard was prominent in the educational circles of Utah some years ago, having been the founder of the Ogden Military academy. He left this state in 1894, going to St. Louis to take charge of the Columbia school there. He has acted as superintendent of schools at Galveston and Helena and is the author of several text books, one of them being "Howard's Arithmetic."

He was born in Illinois about 54 years ago and leaves a wife and son who are both living in Denver. His death was caused by pneumonia.

GIFT FROM TURKEY.

Rug Containing Portrait of President Snow Comes from Constantinople.

The lady members of the "Mormon" Church in Turkey have for the past year or so been engaged in making a rug which was to have been presented to the late President Snow with his portrait woven in it in that artistic manner for which the women of the east are famous. The article arrived yesterday at the home of Mr. O. G. Snow. The rug is 108x132 inches, with a handsome fringe embellishment. The portrait of the late President is a remarkable reproduction of a steel engraving which the ladies had for a model, and is set in an oval in the center of the rug and done in flesh colored fabrics. The hair and beard are white and every feature of the engraving is reproduced with wonderful skill. The lapel of the coat and the watch-chain and even the studs in the bosom of the shirt are easily seen. The rug contains 20 colors worked together in harmony and presenting a lesson in the art of colors. Beneath the portrait there is a heavy black line, in which the name, "Lorenzo Snow," are worked in white. The gift was shipped from Constantinople last year, but was delayed in the customs house.

VENTILATION NOW THE SLOGAN

Health Authorities Wage War on Stuffy Rooming Houses.

MUST PUT IN AIR SHAFTS.

As a Result of Partial Roundup, One Notice Was Served—Sanitary Inspectors at Work.

The sanitary inspectors in the business districts are now paying particular attention to the ventilation in the rooming houses of the city. There are so many of them with hardly any means of ventilation, and the lack of sufficient air converts them into disease hot-beds. It is the intention of the health department to compel the owners to put in ventilating shafts.

It is claimed that in many instances the rooms are occupied by several persons when they are only large enough for one and there is practically no means of ventilation. The result of such conditions is that the atmosphere becomes very foul and breeds disease.

The inspection of the houses was commenced yesterday and one notice to erect an air shaft was served.

The street department will be called upon to remedy the defect in drainage of so many of the streets and alleys of the city.

The inspection of the cellars of houses is being pushed along with favorable results.

Much opposition is met with in trying to enforce property owners to connect with the sewers, as they are not willing to expend the necessary amount of money to do the work. Notices to connect are still being served wherever the property is situated so that it can be done.

SHOT THROUGH A WINDOW.

Some unknown man created a disturbance at the California liquor company's store last night by firing a bullet through the window.

Several persons were in the place at the time standing near the bar, when the fellow appeared, and placing a revolver at the window blazed away. The bullet tore a large hole in the window, but fortunately no one was injured. On hearing the shot and the falling glass, the bartender, S. Samaester, rushed out of the place in time to see a small man tearing down West Temple street. The police were notified and spent the greater part of last night looking for him.
