Acquisition of Famous Producer

About to be Accomplished-Syl-

vester Cannon in Camp.

There are indications of better times

for the old camp of Cherry Creek, Nev.

unless present plans fail, and that is

quite improbable. Peter H. Cannon and

associates will soon begin the construc-

tion of a 20-stamp mill for the treat

ment of the ores of their severa

properties of the camp. For some time

past Mr. Cannon has used his efforts

towards the acquisition of the famous

old Exchequer mine, owned at one time

by a California syndicate, and which

has a producing record running away

up into the thousands of dollars. This

is about to be accomplished and it is

not unlikely that immediate steps will

be taken to open up the old property

and place it in shape again to produce

ore upon an extensive scale. The mine

was never operated below the water

level, but it is known that some very

rich ore exists at that point. After the

property was abandoned by the Califor-

nia concern, two or three miners sunk

a shaft or the vein, near the mouth of

the tunnet which comprises the princi-

pal workings. They extracted a good

many tons of rich ore and made them-

selves well off, but when water came

into the bottom of the shaft they pulled

up stakes and left. This property is

located near the Star mine, owned by

the Glasgow & Western Exploration

Sylvester Cannon, of this city, who

Pete H. Cannon has great faith in the

future of Cherry Creek and he has demonstrated his confidence by staying

n the camp and spending his money here. He believes that Cherry Creek

should become one of the most import.

ant mining camps in Nevada. It is dis-tinctively a gold camp, the ores con-

ANOTHER FIRE REPORTED.

This Time the Hoist of the Galena

Mine Goes Up in Smoke.

Pete Reed, superintendent of the Ga-

t that property was destroyed by fire

ast Monday, at noon. According to his version of the disaster, the blaze started in the ore house and from

here was communicated to the hois

all the men, excepting the watchman were in the boarding house at dinner.

Manager Harry Joseph says that th

loss is fully covered by insurance. He will leave for the mine with the ad-

erters in a day or so. After the ad-

justment steps will be taken for the immediate rebuilding of the plant.

NEW OIL COMPANY FORMED.

Will Operate on Lands Located

Near Colton - Deeds Filed.

Provo, March 19 .- Articles of incor-

poration of the Colton Wax Mines &

Oil company, with its principal office at

Milwaukee, organized under the laws

of Wisconsin, have been filed with the

\$100,000, divided into one million shares

incorporators are Bernhard Hauser, Peter Auschueiz and Joseph C. Grieh,

to transact a general mining business including sinking and boring for oil and

and appointing David B. Higgins of

pany on whom process may be served.

# CON. MERCUR IN FINE CONDITION

Return From Mine.

ALL ARE WELL PLEASED. AFTER THE OLD EXCHEQUER POWER TO SELL PROPERTY

Experimental Tests of the Moore Slimes Process Have Resulted Very Satisfactory.

President John Dern, Manager George H. Dern and Director E. H. Airis of the Con. Mercur, returned to the city last night from making a two days' inspection trip to the big bonanza.

President Dern said this morning that the physical condition of the mine was found to be very satisfactory, indeed, and at no time in its history has the property looked better. Development work is kept steady in progress all the time, with the result that new and important ore bodies have been opened up and explored. The aim of the management is to keep this part of the program in advance of the extraction and in this particular has been signally

successful. The experiments being carried on by George Moore at the Mercur mill slimes plant. President Dern states, so far, has been decidedly gratifying and it will now be but a matter of a few days until Mr. Moore's process will be fully demonstrated. Mr. Dern believes that it will be a big success and will probably be adopted by the Con. Mercur

#### DALY-WEST STRONGER.

Brokers Bid \$42,12% for it This Forenoon - Exchange Sales.

Some heavy trading was done in May Day stock this forenoon at strong prices. Little credence is placed in the report of a "new strike" now in circulation. The real cause story the lively interest taken of late is attrib-uted to the fact that there is a contest on for a control at the forth-coming stockholders' meeting. During regular call 11,100 shares were transferred. Lower Mammoth was traded in some, but at lower prices. The Daly stocks all appeared in the pit stronger, but none of them tallied sales during regular call. Brokers bid up to \$42.121/2 for Daly-West, but could not bring out any of the stock. Offerings were made at \$42.75. fidently believed that the shares will be selling at \$45 before many days. Sacramento held firm, as did Wabash and New York. Utah sold at 75 cents when brought to the front, but closed

It is very evident from the actions of the fraternity that no faith is put in the Century mill burning story. Hardly anyone believes that the mill has been destroyed, but the brokers who went short on the stock are making good the opportunity to fill while the doubt exists. The sales and quotations posted were as follows:

#### LAWRENCE BILL NEW STAMP MILL IS NOW A LAW FOR CHERRY CREEK

President Dern and Other Officials | A 20-Stamp Plant May be Built | Governor Wells Has Given Measure His Approval. For Cannon Properties.

Of Estates Upon Order of Court-Also To Lease Mining Properties-Regarding Titles.

Governor Wells has approved Senate Bill No. 5, passed by the late Legislature, and it is now a law. The measure was introduced by Senator G. N. Lawrence of this county and is an act to authorize administrators, executors and guardians to lease mining claims and give an option to purchase the same, and authorizing the court to require bonds and prescribing conditions under which title may be obtained. The wording of the new law is as

follows:

Be it enacted by the Legislature of the State of Utah: Section 1. When all or any portion of the estate of any person deceased, or of any ward under guardianship, consists of mining claims whether patented or unpatented, or of interests in mining claims, the administrator or executor of such deceased person or the guardian of the property of the ward may petition the court having jurisdiction of the estate for leave to lease laims, belonging to the estate of the eceased, or to the ward, with an option to the lessee to purchase the same; and if upon the hearing it appears to court that it is for the interest of he estate, the court may make an orler authorizing the administrator, executor or guardian to lease all, or such claims or interest therein belonging to the estate as he shall desigate in the order, and to give an option o the lessee to purchase the same with n a specified time at a stipulated price and when such order has been made the executor, administrator or guardian has an interest in the Cannon proper-ties at Cherry Creek, departed for camp may lease the mining claims specified in the order and give the lesseee several days ago and upon his return, arrangements will probably have been completed for a very vigorous camtion to purchase the same within the

Upon making such order the court may require the administrator, executor or guardian to give a bond with of said court, and upon the option being accepted may require additional bond with sureties before the sale is confirmed, as in the case of other sales by an administrator, executor or guar-

time and at the price specified in the

aining but a small per centage of the tenders the stipulated price he shall be entitled to a deed for the mining claims upon which the option was given, but no title shall pass under such option until the acceptance of the op-tion and the deed executed pursuant iona mine, at Fish Springs, came in thereto have been reported to and ap-from camp last evening and conveyed proved by the court. This act shall take effect uphe information that the hoisting works on its approval.

PHENOMINAL BODY OF ORE. Alleged Discovery Made at Parral, Mexico.

Elpaso, Texas, March 20 -- Much extement has been caused at Parral, Mexico, by the discovery of a phenon feet in width and of unknown depth and assays 200 ounces of gold and 2,000 ounces of silver to the ton. The Hidalo nine, where the body of ore was disovered, belongs to a company com-osed of Texans and had not been considered of any great value until the rich strike was made.

THE CACTUS TUNNEL. Excellent Progress is Being Made With It.

Manager M. M. Johnson of the Cactus mine in Copper Gulch, Beaver county, returned home this morning from one of his regular inspection

county recorder. The capital stock is He states that work on the long tunnel, which is to be the avenue of exit for the ores of the mine in the future, of the par value of ten cents each. The is progressing very satisfactory. mountain a distance of 336 feet. At the bottom of the 616-foot shaft a large station has been cut, machinery installed and preparations made to put on a record resolutions of the board signed T. J. Pringle, president and J. C. Grieb. force to drive the tunnel from that end. With forces working from both ways. secretary, accepting the provisions of the Constitution of the State of Utah, it will not take many months to com-plete the big undertaking.

CENTURY MILL MYSTERY. Another Message Received Dis-

crediting Fire Story. Another message was received in the city this morning which goes stid turther to confirm the belief that the tery of the burning of the Century It was sent to R. W. Madsen, signed by the agent at Kelton message stated that the Century Mr. Madsen is confident that the mill a still standing. He received a gold crick from the mill, which was shipped and of Kelton last night.

Further information is expected later the day or early temorrow morning. The governing board of the stock exat work and if it is found ut that the mill was not destroyed very effort will be put forth to bring bout the arrest and conviction of the nder of the fake message. The agent Kelten claims that the person who d the telegram were a full beard. Mining

Columbus Con. Still Improves.

Manager Tony Jacobson returned last evening. He states that conditions bodies are opening into great propor-tions. A torse of men have begun upraising in the west drift, while the tunnel is being driven further ahead and drifting is in progress, east and

MINING CONCENTRATES. E. L. Sheets returned yesterday from

Six cars of Tintic ores were reported eccived by Taylor & Brunton, samp-

The Golconda Mining company, operating near Sumpter, Ore., has declared its initial dividend. An assessment of one cent per share was levied on the capital stock of the Burlington Mining company yesterday. On the St. Louis stock erchan uesday, 1.65 was bid for Con. Mercur tock and 1,000 shares of pastaments

old at 29 cents. The initial dividend levied on the tock of the Golconda mine, near Sump-er. Ore., is reported to amount to \$30,-

The ore and bullion settlements renorted at the close of business hours resterday by McCornick & Co., were as ollows: Base bullion, \$38,100; gold, opper, silver and lead ores, \$24,700.

A Hailey boy, says a correspondent of the Boise Statesman, who recently left here for Tonopah, Nev., writes that creat excitement prevails in that minig camp over the jumping of the ifornia-Tonopah mine by Jack Dais, better known as "Diamondfield ack," who was under death sentence n Idaho, until the last pardon board gave him a full pardon. He jumped the mine while the owners were at dinner and has notified the owners to emove the hoist and all machinery ithin 30 days. It is expected that here will be bloodshed over the affair

## LIQUIDATION IN SO. PACIFIC

New York, March 20 .- Prices at the outset tended upward and there were some gains in various international stocks despite the renewed liquidation in Southern Pacific. That stock sold down 116 while Union Pacific, on the other hand, was 1/2 better. Trading entiment became confused when. Southern Pacific rallied to 66 and Sugar dropped from 1274 to 125%. The appearance of large buying orders in some specialties soon turned the course f prices strongly upward and trading came quite active. Minneapolis & Louis advanced 4, General Electric Metropolitan Street railway 21/4 anadian Pacific 2 and Lead preferred 4. At 11 o'clock Southern Pacific was forced below 65 again and the

general list eased off in sympathy.
The marking up of call loans to 6 per ent had a temporary restrictive effect on the demand, but stocks were gen erally well supported and but few rections of importance occurred. Con olidated Gas was unusually active and gained 34. St. Louis & San Francisco tocks were the most prominent featares of the market, large purchases ifting the common 414, the first pre ferred 4 and the second preferred Toward noon the general market hardened and St. Paul and Rock Island rose 1 and 14 respectively.

The bond market was steady but very
