NICK CROOKSTON HITS IT STRONG

Cache County Sheriff Square-Toed and Emphatic on Prohibition in His Section.

ONLY FOUR SALOONS RUNNING

Even They Would be Closed if County Authorities Had Power-License Is \$2,000.

Nick W. Crookston, the veteran sheriff of Cache county, where he has served in various capacities for upwards of a quarter of a century, is at the Cullen, and declares that the situation in Cache is very encouraging for out-and-out prohibition this fall.

"Since Jan, 1, we have closed 12 of the then 16 saloons in the county, and

the then 16 saloons in the county, and today we have a county of over 20,000 people with but four saloons, which is a pretty good showing of itself. But we are not satisfied until we make Cache a strictly prohibition county," said Sheriff Crookston, Friday.

"Logan has two big educational institutions, the A. C. and the B. Y. college, with an enrollment of 2,000, and of this number, 1,200 are young people coming in from outside places not only from the county, but from all parts of the state and neighboring states. We have made Logan proper prohibition, but desire to also carry the whole county so that parents sending their children here may do it with no apprehension of bad effects from the greatest cause for evil. My business the past 20 years or so with the criminal classes has placed me in a position to know how wide-spread are the evil effects of liquor selling. They cannot be estimated.

TWELVE SALOONS CLOSED.

TWELVE SALOONS CLOSED.

"This year Logan's four saloons were closed up tight, and the saloons in Hy-rum, Wellsville, Smithfield and Rich-mond, 12 altogether, have been closed by mond, 12 altogether, have been closed by the town boards, leaving but four in the entire county; two on the south limits of Logan, one at Cache Junction and one at Weston. These four are paying an annual tax of \$2,000 each. These saloons would have been shut uplong before this, but the county commissioners, who favor closing, find the have not the power under the present laws. But by the legislature this winter we expect to have a law passed that ter we expect to have a law passed that will give the commissioners the neces-sary authority. From the sentiment found generally throughout the coun-

found generally throughout the county, I believe it is safe to say no ambitious legislator 'need apply' for nomination or election to the legislature from Cache county until he first piedges himself for strict prohibition. 'During the past few months, gangs of 100 or more foreigners have been employed on the Logan sewers, and they seem to be pretty heavy drinkers. They are rather faithful patrons of the two saloons in the Providence district south of the city. The numerous arrests made among this lot of men will give our town a criminal record this year to which it is not entitled. "Our aim is to make of Logan and Cache county one of the cleanest and most desirable places in the state or in the west for parents to send their children for education, and for home-

dren for education, and for home-seekers who desire to locate in a rich and prosperous valley where a spirit of uplift will be felt from one end of the county to the other, and we shall not be content until this condition of things has been attained."
