SESSION OF THE OGDEN CITY COUNCIL

Major Characteristics of Commu-
nication as "Official" and Years
Behind the Times.

OGDEN, June 21.—At last night's session of the city council a communication was received from Mayor Glasman in which he characterized the action of the chamber of commerce, when a petition was received from that body that the city's claim to water rights in the canyon be investigated, as "official" and "years behind the times." The mayor said that the water rights in the canyon had been definitely settled in 1902, and that the communication was filed and a copy of the mayor's communication sent to the chamber of commerce.

A copy of a letter from the Lynn Irrigation company, in which a bill for \$4 was presented against the city for water used on the conduit at Twelfth street and Washington avenue, Mayor Glasman sarcastically complimented the company for "needing" water, and suggested that the city should be advised to clean its own ditch and hereafter pay its own water bill without the assistance of the city.

The board of equalization and review to hear complaints from abutting property owners on Hudson avenue reported that it had received one protest against the tax levy, by Judge J. A. Howell. The board recommended that the ordinance revising the method of levying taxes on the abutting property owners on the Hudson street be passed. The council, as a committee of the whole, will meet tomorrow night for the adoption of the ordinance.

The council authorized the purchase of about \$10,000 worth of equipment, consisting of a 30-horsepower chemical automobile and an aerial ladder.

MARRIAGE LICENSES.

OGDEN, June 21.—Marriage licenses have been issued to the following couples by County Clerk S. G. Dyer:

Montrose M. Ogden and Rhoda Brown, both of Ogden.
Arthur Edgar Erickson and Ruby Rose, both of Ogden.
Joseph J. Kanevsky and Anna Schultz, both of Kanevsky.
Charles Hone of Fremont, Ohio, and Edith May Marsh of Denver, Colo.
Peter J. Van Zandbergen and Magdalena Kahmann, both of Ogden.

FURNITURE COMPANY LOSSES.

OGDEN, June 21.—Judgment was rendered in favor of the plaintiff in the district court Monday afternoon in the case of H. Lauter company against the Ogden Furniture & Carpet company for \$1,000. Before the case was sent to trial, the defendant company made a settlement for \$347.25. The suit was to recover the cost of merchandise sold to the defendant company.

MAY EFFECT RECONCILIATION.

OGDEN, June 21.—In the divorce case of O. Stevens against Joseph Stevens, which was started in the district court Monday afternoon, it is reported that an effort is being made by parties interested to make satisfactory settlement out of court, though no definite action in this direction has been made as yet.

TOO EXUBERANT FOR OGDEN.

OGDEN, June 21.—Frank Tica, recently from Yellowstone, according to his best knowledge, started out in the town Monday afternoon and after purchasing several drinks more than he could comfortably carry, proceeded to the corner of Grant avenue and Twenty-fifth street, where he drew a large revolver and fired six shots just above his head. When the police arrived, Tica was trying to reload his gun, evidently with the intention of a further display of his exuberant spirits. He was booked on the charge of disturbance of the peace.

When Tica appeared in the police court this morning, he was fined \$100 out of 60 days. As he had no money he will put in the next six months at the city jail.

HELD FOR MURDER IN FIRST DEGREE.

OGDEN, June 21.—James Eberhart and Ralph Kennedy, the youths who were arrested for raiding the Japanese mission a few nights ago, when a prominent Japanese business man was killed, were arraigned in the police court this forenoon on the charge of murder in the first degree and held without bail.

GAMBLERS PAY THEIR DUES.

OGDEN, June 21.—Five gamblers appeared in the police court this morning and paid their usual "fine" of \$100 each and were discharged.

ARRESTED FOR FORGERY.

OGDEN, June 21.—Frank Bell, a mulatto, but who claims to be a Cherokee Indian, was arrested here this morning for forgery. On June 18 he cashed at a local saloon a \$25 check upon which was forged the name of L. A. Grant of Preston, Idaho.

OGDEN POLICE COURT.

OGDEN, June 21.—"Sunday" drunks were again numerous in police court Monday and City Atty. J. H. DeVine would not let them get their liquor. As yet the officers have not found the leak. The offenders were as follows: Hayes, M. O'Brien, Mark Riley, Ernest Hayes, M. Monahan, John Doe and H. B. Gordon. The local in each case was \$5, or in lieu thereof a sentence of five days in jail.

Arthur Hallinger admitted having disturbed the peace on Sunday night and was sentenced to pay a fine of \$5 or serve an equal number of days in jail.

Barney Callahan was charged with a similar offense but denied his guilt. He was placed at \$5 and Barney was given a chance to address the court this morning.

John W. Riley, George R. Wilson, J. M. Shea and Neil Parsons were all found guilty of vagrancy and sentenced to serve 10 days on the city "chain gang."

Frank Hill was charged with disturbing the peace and received the usual sentence of \$5 or five days. Cora Johnson and Emma Thompson each forfeited \$10 bail on the charge of vagrancy.

William Harding, colored, was found guilty of vagrancy and was sentenced to work for the city for 30 days.

Carl Ford, a cripple bootblack, was charged with assaulting his wife. The city attorney stated that Ford wished to withdraw his first plea of guilty and enter one of not guilty. Atty. DeVine also stated that he had no doubt as to the guilt of the defendant but that this was one of those well known cases where the woman in the case had her husband arrested and then 15 minutes after sentence had been passed, she would go to Mayor Glasman, and with tears in her eyes beg for a pardon for her erring husband. Mr. DeVine further stated that such pardon had been invariably granted and therefore he thought the court was wasting its time in endeavoring to punish Ford on the complaint in question. He further stated that a new complaint would be made, charging Ford with assaulting his wife's sister, which offense would be prosecuted to the extent of the law. After delivering a lecture to the young man, Judge Murphy made the order to discharge the man.

SYSTEMATIC BURGLARS "DOING" JUNCTION CITY.

OGDEN, June 21.—From their systematic methods, there is believed to be now operating in this city a well-organized band of burglars and high waymen of more than ordinary shrewdness, and has completely baffled the police force by its daring. The police, powerless, have become discouraged by the frequent burglaries and other crimes that knowledge of the same has been withheld from the press.

A burglary occurred at the home of George W. Nasel on Wall avenue, near Twenty-sixth street, Sunday afternoon. Mr. Nasel surprised the burglar, a big negro, rifling dresser drawers, and gave chase. A clothes-line tripped Nasel, and the burglar escaped.

About the same time the house occupied by Clement Williams and A. J. Proudfoot at 1945 Washington avenue was ransacked in the absence of the occupants. The value of the articles stolen is uncertain.

The police claim that they have traced the money taken from the E. P. Charlton company store Saturday night to local gambling houses and upon this clue are trying to locate the burglars who broke into the store. The sledge hammer they used on the safe lock has been identified as one that was stolen from the J. M. Larson blacksmith shop on Twenty-third street, about two weeks ago.

NEARLY CHOKED TO DEATH.

OGDEN, June 21.—While holding a cigar check in his mouth, Valdo B. Nelson coughed and the chip lodged in his throat, necessitating an operation to save him from being choked to death.

DIVORCE SUITS.

OGDEN, June 21.—Charging that her husband has failed to provide herself and their 7-year-old daughter with the necessities of life for one year past, Minnie L. Brown has started suit for divorce in the district court against L. W. Brown, whom she married at Salt Lake City on Jan. 27, 1909. Mrs. Brown alleges that her husband is capable of earning at least \$100 per month. The custody of the child and reasonable alimony and other general relief are asked.

Isaac Harper has failed to provide his wife and 6-year-old son with the necessities of life for some months past, according to the complaint filed Monday afternoon in the district court by Emma Harper. The couple were married at Pocatello, Idaho, in 1908. A decree of divorce, the custody of the child and other general relief are asked in the complaint.

BUSY SESSION OF CITY COUNCIL

Protestants Fall in Deferring Paving—
Damage Claim Turned Down—
Street Illumination.

(Special Correspondence.)

PROVO, June 21.—A number of ladies, representing the W. C. T. U., attended the meeting of the city council last evening, in the interest of changing the time of ringing the curfew bell from 9:30 p.m. to some earlier hour.

The matter is in the hands of the committee on judiciary and the ladies were invited to meet with the committee to present their views.

Mayor Ray requested that immediate steps be taken to clear the streets of weeds, etc., and to trim trees, preparatory to the U. C. T. outing. Deferred to the committee on streets and alleys.

The committee on streets and alleys reported on the matter of sidewalk paving in district No. 11, extension No. 4, that the protestants represented 1,236 feet; the total number of feet in the district was 24,110, and the protestants lacked 230 feet to have the necessary two-thirds majority.

Councilman McCullough moved that the improvement be deferred, while Councilman Beebe moved that the work be proceeded with.

James Boydell, one of the citizens protesting, asked for an extension of time for the reason that the improvement would be too heavy a burden on the property holders.

Mrs. Claudia Pierce, Miss Ada Woolley and Logan G. Holdaway also spoke against the paving. Several of the council spoke on the matter.

The motion carried by the following vote: For the motion, Beebe, Carter, Newell, Bott and Harding; against it, McCullough, Jensen, Hinkley and Thomas.

The committee on claims reported adversely on the claims of James S. McMurrin and others, who drove into Smith's channel, west of the city, on April 23 on returning from Utah lake, and presented claims for damages amounting to several hundred dollars.

The report states that, in the opinion of the committee, the damages were caused by the carelessness of the driver. Report adopted.

Chairman Bott of the committee on fire department reported that Royal B. Woolley had been notified not to light a fire in the stove in the summer kitchen, erected in close proximity to Mrs. Nellie G. Eckelston's barn, and that Mr. Woolley had been notified to fight the matter out in the courts. Report accepted.

Five hundred dollars was appropriated for lighting the streets for the U. C. T. cutting July 4 and 5.

Chairman Bott, of the committee on electric light, reported that he had requested the Provo Electric company to submit a price for its distribution system, and expected to receive an answer in the near future.

INTERESTING INCIDENTS OF JAPANESE MISSION.

(Special Correspondence.)

LOGAN, June 20.—Elder Fred A. Caine of Salt Lake, who recently returned from a mission in Japan, delivered an interesting address on missionary work in Japan in the tabernacle on Sunday afternoon, and in illustrating the ideas that small occurrences sometimes influence and benefit nations in an almost unexpected manner, he related an incident that was of the greatest interest to people here. He said that a Utah student at one of the great German universities was given a series of experiments and having made them, reported results that were very surprising to the professors, who, some time after, had a prominent Japanese student in chemistry make the same experiments, and he simply verified the deductions of the Utah boy. The Japanese student, who was a Mormon, had learned that he was a Mormon and learned that he was a Mormon.

This caused him to seek for information as to who the Mormons were, but before he learned he was called home and placed in an important government position. When the Mormon missionaries went into Japan this man sought them, and afterward he rendered them service such as but few men in the empire were capable of giving, and all because of his admiration for what a Mormon student had done in Berlin. That student was no other than Dr. John A. Widtsoe, president of the Agricultural college of Utah.
