

POLES MAKE TRUCE WITH REDS TO-DAY

Signing of Armistice Delayed Until Afternoon for Ukrainian Text.

FIGHTING TO END OCT. 17

Ukraine and White Russia Recognized and Polish Boundary Defined.

By the Associated Press. VILNA, Oct. 11.—The Soviet Russo-Polish armistice and preliminary peace treaty were not signed to-night. It was announced that a delay until to-morrow afternoon was made necessary because of the impossibility of getting the Ukrainian text prepared.

There are many unverified rumors of late disagreements in the negotiations. It is known that Secretary Lorenz, of the Bolshevik delegation, telephoned to the Poles shortly before 9 o'clock to complete the Ukrainian text for signature to-night. He explained that it would be ready to-morrow afternoon.

The armistice will run for twenty-one days, and forty-eight hours notice will be necessary before either side can legally break it. If it is not broken for the period of twenty-one days it will terminate automatically in effect for an indefinite period, with a provision it may be broken on fourteen days notice.

Settlement in liquidation of Polish monetary claims was not included in the armistice agreement, but will be taken up in the treaty of peace, according to Polish officials. The armistice, in the course of determining the boundary line, recognizes the independence of the Ukraine and White Russia.

Fifteen Days for Ratification. The preliminary treaty must be ratified within fifteen days after its signature and the formal exchange of ratification papers must take place at Ljuba within six days after ratification. Failure to do this will constitute an abrogation of the armistice within forty-eight hours after the time limit expires. The armistice names midnight October 17, as the definite time war is to cease on land and sea and the air. From movements necessary to execute the armistice conditions must be executed at not less than twenty kilometers daily and must begin not later than midnight of October 18. The treaty will be executed under the direction of mixed commissions. The taking of hostages and the evacuation of civil prisoners will not be permitted during the withdrawal of the troops. Compulsory sale of goods and requisitions are forbidden. The first article of the armistice reads as follows: "The contracting parties, in accordance with the self-determination of nations, recognize the independence of the Ukraine and White Russia and have agreed to decide that the eastern boundary of Poland—that is, the boundary between Poland on the one side and the Ukraine and White Russia on the other—shall constitute the following line: "The River Dvina from the frontier between Latvia and Russia to the point where the frontier of the former Government of Vilna joins with the frontier of the Government of Vilnius."

JAIL WARDER KIDNAPPED.

Cork Prison Official Had Been "Blacklisted."

COBK, Oct. 11.—The first case, so far as is known, of an attack on an Irish prison official occurred yesterday afternoon, when Thomas Griffin, a warden of Cork jail, was kidnapped while on the way to his home. No trace of him has been found, and the jail authorities expressed the fear to-day that they would never see him again. It was stated that Griffin was on the "black list," being accused of tormenting the hunger strikers in jail by offering them food and of mistreating other prisoners.

VILNA NEW THORN IN SIDE OF LEAGUE

Control Commission Faces Hopeless Task in Move to Solve Situation.

By LAURENCE HILLS, Staff Correspondent of THE HERALD. Copyright, 1920, by THE NEW YORK HERALD. PARIS, Oct. 11.—The action of the Polish Gen. Zeligowski in seizing Vilna in emulation of Gabriele d'Annunzio's seizure of Fiume has created a new feeling of pessimism regarding the situation in eastern Europe and the inability of present agencies to control the war spirit of these peoples. The attitude of the Polish military party is still far from reassuring. Gen. Zeligowski's action indicates the spirit pervading some of the Polish army chiefs, and the Polish Government of Marshal Pilsudski is suspected here of having a hand in it. With the idea of taking possession of the city in the name of the League of Nations, the league's control commission has reached Vilna, but the Polish General can easily defy the league's authority and chase out the commission if he wishes. The league's commission thus far has failed in its mission completely and continues to give a patent example of the league's impotency. It is significant that Zeligowski's act followed the sending of a joint note to Poland by Great Britain and France advising the Poles not to take Vilna, and the declaration of the Foreign Affairs Commission of Poland that Vilna belonged to Poland. Meanwhile the emissaries of Gen. Baron Peter Wrangel's South Russian Government are working hard to keep the Lithuanians or the Russians, promising all sorts of concessions to the Poles should Wrangel overthrow the Moscow Government. Intiguue of all kinds seem to be at work. M. Stroude, Gen. Wrangel's Foreign Minister, reached Paris to-day and is making Makhiloff, the Wrangel ambassador here, are trying to get a loan of \$20,000,000 francs on the wheat and foodstuffs to be exported from South Russia. All the Russian elements here are trying to keep the Polish armies in the field, which would keep Poland from undertaking the task of making a real nation of itself.

TURKISH SHIP BRINGS IMMIGRANTS HERE

Leaves Constantinople Without Proper Health Bill.

By the Associated Press. CONSTANTINOPLE, Oct. 9 (Delayed).—One thousand Greek, Armenian and Jewish emigrants sailed from here to-day for America on board the Turkish ship Gul Djumal, the first steamship departing for an American port from Constantinople since the war. They left without consent of the French authorities in control here, and many did not hold passports good for entry into the United States. Charles E. Allen, United States Consul in this city, is understood to have notified the State Department in Washington the steamer does not bear a proper bill of health.

LITHUANIANS BLAME ALLIES FOR SITUATION

Provisional Government Set Up at Vilna by Poles.

By the Associated Press. RIGA, Oct. 11.—The Lithuanian situation, accentuated by the occupation of Vilna, is overshadowing the Polish-Soviet peace conference. The Lithuanians here have issued a statement attacking the Poles and the Entente, including the United States, holding them responsible for the sending of supplies to Poland. A Warsaw despatch says: "The Polish Government does not associate itself with this incident (occupation of Vilna) and is determined not to countenance any wild act on the part of army detachments. The Polish Government is taking all measures in its power to assert its authority." The belief seems to be growing that the occupation of Vilna is another copy like that of Col. Avaloff-Bermond of last year, owing to its similarity to the Avaloff-Bermond campaign against Riga, which reached the banks of the Dvina at the city's gates. Monday's Polish communication on the situation says: "It is now clear that the action of Gen. Zeligowski's troops was provoked by information from Vilna about repressions and massacres against Poles, especially families of officers and soldiers of the Lithuanian and White Russian divisions."

Bolsheviki Use Girl as Executioner in "Bastille"

Special Cable Despatch to THE NEW YORK HERALD. Copyright, 1920, by THE NEW YORK HERALD.

PARIS, Oct. 11.—French refugees repatriated from Russia tell of the prison of Butirki in Moscow, which they call the "Bastille of Russia." It contains 3,000 political prisoners, who are held in revolting promiscuity with common criminals. Among them are former Cabinet Ministers, priests, officers, nobles, bourgeoisie and workmen, guilty of offenses against the Bolshevik regime. Lots are drawn from time to time and the unlucky ones executed without any form of trial. The executioner is a beautiful and fanatical Lettish girl, 15 years old, who is assisted by "two monsters with the muzzles of beasts." She kills her victims with a revolver shot in the back of the head.

AUSTRIA LIKELY TO JOIN GERMANY SOON

Continued from First Page.

necessity, if not political, are more than France can withstand, as most statesmen see it. Austria is to-day the ward of the Entente nations, an economic monstrosity. Needing materials to supply her factories, but unable to supply the crops to exchange for them, she is now being carried along by the Reparations Commission. The Finance Ministry recently estimated that she could not exist under present conditions longer than five years. She cannot produce enough to feed her population more than five months in the year, and Vienna, with 3,000,000 population, has virtually no winterland. Vienna is not as much for union with Germany as the rest of Austria, because she would like to retain her rank as a world capital. She is pinning her hope on the Austrian Reparations Commission, which is trying to secure enough raw material on credit to keep the factories going. But Austria, ever since her independence, has been artificially stimulated and is certain to collapse once this support is withdrawn. France, unable to assist her economically, now sees the whole French diplomatic scheme for central Europe menaced by the October plebiscite. The Germans are working tooth and nail to accomplish the union. They already own all the big newspapers in the Austrian Tyrol and are fathering German colonies which will claim the right of minorities under the peace treaty. Germany and Austria both intend to apply to the League of Nations for membership at its meeting in Geneva next month as the first step. If the League continues to exist, they will use the plebiscite and the economic argument to get other nations to demand that France consent to it. This is but a question of time.

SOVIET ADMIRAL DEPOSED BY FLEET

Sailors on Baltic Warships Mutiny—Land Revolt Quelled.

WASHINGTON, Oct. 11.—Mutinous sailors of the Bolshevik warships in the Baltic have deposed Admiral Iraskin, commander of the fleet, according to reports current along the Baltic coast and received to-day by the State Department. Apparently the outbreak occurred simultaneously in the fleet and on shore at the naval ports, but the revolt on land was put down by armed forces, it is said. Disorders reaching the proportions of revolts also were reported to have occurred at Saratov, Tambov, Viasma and Smolensk. Advice from Poland said these outbreaks were regarded there as symptoms of the general unrest in all districts under Soviet control. In naval circles the reported revolt of the sailors suggested that the Soviet submarines sighted in the Baltic by Polish supply ships might be manned by

FLIERS' BODIES FOUND FROZEN ON MOUNTAIN

Struck Peak in Flight From Milan to Finland.

GENEVA, Oct. 11.—Mystery surrounding the fate of a Finnish army officer and an Italian pilot flying in a Savoia airplane from Milan to Finland, who have been missing since September 7, was solved yesterday when the bodies of the two men were found frozen stiff near the summit of Tondi Mountain, at an altitude of nearly 12,000 feet. The machine, which was the property of the Finnish Government, was badly smashed. It had apparently struck the peak head on and was partially buried in the snow.

some of the mutineers, who had started on a cruise on their own responsibility.

LONDON, Oct. 11.—In connection with the British note to Soviet Russia giving notification that any Russian submarine encountered on the high seas would be attacked on sight by British naval forces it appears the only information the British Admiralty has that Bolshevik submarines are cruising in the Baltic comes from Bolshevik sources. British units which have been doing routine patrol work in the Baltic for some time report they have seen no evidence of submarines about those waters. It was stated at the Admiralty to-day that the patrols would not be extended to hunt for submarines, but if any were seen they would be dealt with as announced by Earl Curzon in his note.
