

HELP FOR THE DESPAIRING. LUNG WEAKNESS AND WASTING AWAY GIVE WAY TO ROBUST HEALTH.

A New York Physician Discovers a New System of Treatment of World-Wide Importance.

CONSUMPTION, GRIP AND ALL PULMONARY DISEASES MASTERED AT LAST.

Full Treatment FREE

Thousands of sufferers from consumption, tuberculosis, catarrh, bronchitis, grip and its deadly after-effects, lung weakness and pulmonary diseases in every form are being cured by a new system of treatment which is rapidly supplanting old methods in the leading hospitals. Dr. T. A. Stewart of New York, the discoverer, has reduced consumption of its terms by destroying the deadly bacilli and building the system anew. He has gone deeper into the solution of the problem of healing the inflamed mucous surfaces than any other medical agent of any age. The new System of Treatment comes by scientific progress, each step of the work strengthening the other. The weak, thin woman, whose nerves are diseased and unstrung, is made to feel the flow of healing new life in her veins. The despondent are rejuvenated and their "blues" banished for good. Dr. Stewart has reduced medicine to an exact science, and he proposes to save countless lives by sending free to all who apply, his four preparations comprising the full Stewart Treatment, which is pleasant to take and adapted to all ages. If you wish to get well don't miss this opportunity, for the cold weather dangers are a constant menace to the ill.

Strengthen those weak, delicate lungs. Banish the pains from them. Cure that mucous discharge and heal the surfaces. Cure the sore and inflamed throat. Stop wasting away by getting fleshy. Have a rosy glow to your cheeks, instead of that pale, pinched look. Get strength and stamina to carry you through winter's ordeals.

The Stewart Treatment will make you well by scientific means, curing each difficulty as the work progresses.

FUTURE BETTING ON TWO BIG HANDICAPS.

JEAN HERARD AND ALBERT IN FAVOR FOR NORTH BRITANNIA AND SIR HENRY-BURNETT FORMS AT AUBURNDALE-TURKMAN RECORD.

The recent death of W. H. Clark caused the withdrawal of Ballistier from the Brooklyn and Fulton handicaps. He was one of the favorites for both events. His astute distinguished himself by winning the Brooklyn last year. The future betting on both events is getting better every day. The odds are now 10 to 1 for Jean Herard and 10 to 1 for Sir Henry-Burnett in both handicaps.

JOCKEY JOHN BULLMAN.

It is interesting to observe that few of the riders of the horses who were present at the recent meeting of the family of the late John Bullman, who died in 1898, are still in the saddle. The only one left is the veteran Almont horseman, who trained for J. H. Higgins, will have his call on his horse.
