At the Convention Which Was Held Yesterday It Was Decided Not to Declare the strike off—Strong Populist Sentiment Developed.

Chicago, Aug. 2.—The American Railway Union will not officially declare the railroad strike off. Neither will it advise the continuance of the struggle.

This was the sense of the A. R. U. convention which assembled to-day in this city to discuss the situation.

The afternoon session was devoted to the strike question. Reports from delegates were read in order that the convention might see how the various roads stood.

To-night meetings were held in various parts of the city. Each body of strikers will organize by roads so as to have a more complete organization and condense the strike information in a more systematic manner.

A strong populist sentiment was developed in the convention, and the American Railway union voters will evidently be found supporting the tickets of that party next fall.

FIREMEN IN CONVENTION.

ELECTION OF DELEGATES TO THE NATIONAL ASSOCIATION.

Charges of Ballot Box Stuffing Made—Several Votes Taken Before John Wagner of Rockville Was Elected—Will Meet in Newark Next Year.

Derby, Aug. 2.—The last day of the convention of the State Firemen's association was devoted almost entirely to the exhibition of fire apparatus. It consisted simply of testing a few nozzles and showing the working of the fire alarm system.

At 10:30 o'clock the convention was called to order by President Smith. The president appointed the following committee on resolutions: Proffitt of Norwalk, Murphy of Danbury, Morrison of Thompsonville.

There were charges made of stuffing the ballot boxes in the first ballot that was taken by roll call.

When the result of the ballot was announced Wagner's friends set up a yelling, caught him up on their shoulders and put him on the platform.

An invitation from the department of South Norwalk, asking the association to hold its next meeting there, was accepted and the convention will meet there in August, 1895.

A letter from the New London department asking for the reinstatement of First Assistant Chief Stannard was referred to the executive committee.

Amendments to the by-laws and constitution were proposed and adopted. The executive committee can be called together by a majority of the committee.

The amount of benefit paid each child of a deceased fireman was raised from \$150 to \$250. There were other changes of less importance.

A vote of thanks was given to the retiring officers. The convention then adjourned to meet again in August, 1895. The day of meeting is yet to be fixed.

The fight over the election of a delegate was the hottest that has ever taken place in the convention. Clark of Derby withdrew from the race, and the fight rested between Smith and Wagner.
