

CARLISLE TAKES NOTICE.

HE MAKES A REPLY TO THE SPEECH OF SENATOR FRYE.

There is scarcely any semblance of truth, so he declares, to any of the statements made, except one—the gold reserve has increased.

Washington, Nov. 1.—Secretary Carlisle has taken official notice of the speech of Senator Frye, delivered recently in Massachusetts, in which he asserted that the secretary when a member of the senate had agreed to Senator Sherman's proposition to issue bonds at 3 per cent. to maintain the parity of the United States circulation with gold.

Mr. Frye, in commenting upon this alleged action, said that when the dear lord made Mr. Carlisle he did not put any more backbone into him than he did into the sea hound next.

Secretary Carlisle has written a letter on the subject to Phineas Pierce at Boston, in response to a telegram from the latter inquiring if Mr. Frye's statements were correct.

Mr. Carlisle says there is scarcely the semblance of truth in any of these statements, except the one that he appeared before the senate committee on finance when the Sherman amendment was under consideration and recommended its adoption.

Mr. Carlisle says the Sherman amendment did not contain any provision requiring all our money to be kept at a parity with gold, nor any provision for the redemption in gold as asserted by Senator Frye.

Mr. Carlisle calls attention to the fact that after he became secretary the gold reserve increased from about \$100,000,000 to nearly \$108,000,000, and during the five months preceding his qualification as secretary, withdrawals of gold from the treasury for export aggregated \$36,046,000.

Port Jervis, N. Y., Nov. 2.—Weston, the pedestrian, arrived here at 7:30 this evening, half an hour ahead of schedule time.

TOWNSHIP AVENUE

NO TRACKS

Selectmen Refuse Permission to the New Haven Street Railway Company.

The hearing on a petition of the New Haven Street Railway company for permission to lay a single track with turnouts and sw. along Townsend avenue in the annex, at the office of the selectmen last evening, was numerously attended.

Among the property owners who were present to favor the granting of the petition, were: F. W. Chatterton, Lucas C. Porter, William Roberts, A. L. Fabrique, E. T. Street, B. P. Blenner, A. E. Plant, Michael Moran, E. S. Burwell, W. B. Thorpe, F. A. Woodward, A. M. Gates, George E. Gran-

ville, Thomas Long, James Hines, Charles E. Woodward, E. B. Woodward, James Steele, Henry N. Riley, John Johnson, E. J. Morse, A. H. Thompson and about twenty others.

The petition was strenuously opposed by Frank C. Bushnell, C. G. Kimberly, John Rowe, L. Wheeler Beecher, Colonel S. E. Fox and William Sullivan. They claimed that there was no necessity for a track on Townsend avenue, owing to the proximity of a track on a neighboring street and that as good driveways were a scarcity in the vicinity of the city, Townsend avenue should be reserved for driving purposes.

William A. Harris also opposed the granting of the petition on substantially the same grounds.

Finally after a lengthy meeting the selectmen in executive session gave the petitioners leave to withdraw.

HIS SILENCE DOES NOT MATTER.

Senator Brice Gives His Opinion on the President's Influence.

Cincinnati, Nov. 2.—Senator Calvin S. Brice said here to-day:

"I am pretty sure in the assertion that the city of New York will give Hill a majority of 80,000. Morton will come down from the state with a majority of 40,000, which will elect Hill by 20,000.

The republicans are claiming that Morton will come down with 80,000, which will beat Hill 20,000, but, of course, they will have no such vote."

When asked as to what would be the effect of President Cleveland's influence Mr. Brice replied:

"None whatever. Cleveland has no influence, and it does not matter whether he is silent or not. Tammany is unshaken and will be victorious in the present fight."

He Will Poll a Big Vote Next Tuesday

Charles R. Spiegel, the republican candidate for making great inroads into the ranks of Sheriff Tomlinson, the democratic nominee, and it is expected that he will be elected next Tuesday.

His popularity is daily increasing and he is rapidly gaining strength not only among the republicans, but also among the democrats. He is one of the strongest men in the party and will in all probability poll the largest vote ever received by a republican candidate in the city.

By long experience under Sheriff Gates, Mr. Spiegel is thoroughly familiar with the duties of the office and if elected will prove one of the most efficient officials in the history of the sheriavty.

AT YALE FIELD.

Very Gratifying Practice Done Yesterday.—The Brilliant Playing.

The practice at the field yesterday was one of the most successful of the season, as it was also the last secret practice beginning Monday.

NORTH HAVEN REPUBLICANS

ADDRESSES BY SENATOR HAWLEY AND EDWARD L. LINSELEY.

Arthur McLean of Ansonia Also Makes an Address.—Senator Hawley Says Wilson's Knowledge About Tariff Matters is Not Practical.—Mr. Linseley Says the Democratic Party is Like a Steamer With its Boiler Burst.

A very enthusiastic republican rally was held at the Memorial hall in North Haven, last evening, which was largely attended by the residents of the town. General E. D. S. Goodyear was the presiding officer of the meeting. He introduced Senator Hawley, who was the principal speaker of the evening.

In his speech, which was of two hours' duration, he fully reviewed the political situation and arraigned the democratic party for the stand they had taken in the Nicaragua canal matter, and the Samoan and Hawaiian difficulties.

"There was no use," he said, "of the democratic party making such haste to repeal the Sherman bill. What they ought to have done was to have taken up the tariff question immediately. Now Mr. Wilson, the framer of the bill that was finally passed, was not qualified to draw up a bill of that sort. He knew nothing about a New England community: He is a man of books, a doctrinaire, a college professor. His wisdom is academic, not practical. Jones of Arkansas, Vest of Missouri and Mills of Texas, who also were on the committee having charge of the bill, were purely theorists. I devoted a great deal of attention to getting the income tax taken off from the dividends from deposits in our savings banks. There are \$12,000,000 deposited in our savings banks in this state, the average deposit being \$22. The democrats proposed to put a 2 per cent. tax on this, which would have yielded \$106,000 to the United States government. They also wanted to tax the building and loan associations. And we had to elaborate explain to them that such associations had no dividends."

"The question is whether you have learned anything during the past two years or whether you want to submit your industrial vitals for further experiment to the surgeon."

"The thing for you all to do is to us your influence and votes toward sending Mr. Sperry to Washington."

After a song well sung by the North Haven Glee club, Arthur McLean of Ansonia made a rousing republican speech, in which he said that the workmen of the Naugatuck valley were going to send a petition to congress, which reads:

"We, the undersigned, do hereby petition you, Mr. Sperry, to give us a law that will protect us from the disease of the bowels, and the trouble became so extended that toward the last he could not retain food on his stomach and literally starved to death. He was thirteen years of age."

Rev. Dr. Sage of the Grand avenue Baptist church to-morrow morning will preach on "Spiritual Renewal," to be followed by the communion and the reception of new members.

In the evening the topic will be "Discouragements in the Life of Christ and How He Met Them."

The service at the Second Congregational church this evening will be under the direction of the Congregational Brotherhood. The musical program will be as follows: Choir anthem, "O, Happy Day," Getz, George C. Stock; duet, "The Saints in Glory," Mendelssohn, Mr. and Mrs. Stock.

At the Y. M. C. A. rooms Sunday at 9 a. m. the subject will be "Tea-party." The secretary, C. E. Steele, will have charge. In the afternoon at 3 o'clock the meeting will be conducted by Henry Fabrique. At the meeting last Sunday the attendance was fifty-four.

William S. Green, died at his home, 68 Clinton avenue, yesterday morning at the age of seventy-two years. He had been ill several months with liver and heart trouble. Mr. Green was janitor of the Grand avenue school several years, and until falling health compelled him to relinquish those duties. He was born in Pennsylvania and came here about twenty years ago. He was a member of the Grand avenue Baptist church. Mr. Green leaves a widow.

A grand republican rally was held in Essex at the public hall last evening. Hon. M. D. Sperry of New Haven, Hon. O. V. Coffin and Judge W. T. Elmer of Middletown were the speakers.

SENT AGAINST HIS RECORD

THE ANNUAL RACE DID NOT BRACK HIS MARK.

Robert J. Made a Mile at the Point Breeze Track in Four and One-Half Seconds Slower Than His Famous Time—He and Gentry in a Race.

Philadelphia, Nov. 2.—Robert J., whose pacing mark, 2:01 1-2, is the sensation of the year, was sent against his record to-day at the Point Breeze track, but the best he could do was 2:05. Prior to the trial Robert J. met John R. Gentry, 2:03 3-4, in a match for a purse of \$2,000. Robert J. won two heats rather easily in 2:05 and 2:12 1-2, and then Gentry was drawn because of a cut on his foreleg, which injury has bothered the stallion more or less all season.

The fact that the strings of Monroe Salisbury, C. J. Hamlin and M. E. McHenry were to compete attracted 3,000 persons to the track. The first race was the 2:05 trot, with Asote, 2:05 1-2, Phoebe Wilkes, 2:05 1-2, and Nightingale 2:10 1-2 as starters. Phoebe Wilkes was the choice of the talent. Asote took the lead at the start in the first heat and led through, winning by five lengths from Nightingale, with favorite six feet behind. The second and third heats were a repetition of the first, so far as Asote was concerned, but the others alternated in finishing second and third. After the first heat Asote was the favorite.

The easy manner in which the Salisbury gelding beat his field caused a cessation of pool selling after the second heat. The pacing cracks appeared at 2 o'clock and both were liberally applauded. Geers was behind Robert J. and McHenry drew. The horses got away on the second score and Gentry took the lead. At the quarter pole Gentry was half a length to the good, but when Robert J. drew up and the pair together at the half, at which point the gelding led by a heat. In the next quarter Robert J. increased his lead to a length, and on the stretch he made the gap wider, winning by three lengths in 2:08. The time by quarters was: 32 1-2, 1:13 1-2, 1:34, 2:08. The pools prior to this heat sold at \$25 for Robert J. and \$10 for Gentry. In the second and last heat Gentry was not a factor. Robert J. won in a walk by six full lengths, in 2:12 1-2.

After the first heat Robert J. brought \$5 in the pool against \$5 for Gentry.

When Gentry had been drawn Robert J. was sent a mile with a runner. Geers driving the pace and McDowell guiding the mate. The pace champion went a good mile, and his time, 2:06, beats the track record of 2:08, which was recently made by Mascot in a race against Galadin. A strong wind was blowing down the track, and this was an interference. The time by quarters was 31 3-4, 1:08 1-2, 1:34 1-2, 2:06.

There were eight starters in the 2:15 trotting class, which was won by Grats in straight heats. During the afternoon Monroe Salisbury sent Flying Hib and a runner, the pair hitched together, a mile in 2:08 1-2.

To-morrow Alix will go against her record of 2:03 3-4; Fantasy, the fastest four-year-old trotter, will endeavor to beat her mark of 2:06, and Directly, the champion two-year-old pacer, will try to lower his record of 2:07 3-4.

Prior to the exercises at the Hyperion there will be a political street parade, which will eclipse any event of its kind ever held in the city of Elm. Fully 2,000 men will be in line and the streets through which the parade will pass will be literally ablaze with red fire and other pyrotechnics. The line of march will be as published in yesterday's "Journal and Courier."

MELBA AT THE HYPERION.

The Grand Operatic Concert Last Evening—A Large and Brilliant Audience.

A large audience was present at the Hyperion last evening to hear Mme. Melba, assisted by a number of New York artists, in an operatic concert. The entrance of Melba was the signal for an outburst of applause. Her first number, "Ah, Fors e Lui," for Verdi's "Traviata," was well rendered. Although in this number she seemed to possess no warmth or pathos. But in the value, "Se Saran Rose," by Ardit, her voice broke forth from its previous-seeming fetters, full of fire, love and feeling. So deafening was the applause that Melba was obliged to repeat this number before her listeners would be pacified. In Hadeli's "Sweet Bird" the true value of her remarkable powers of vocalization were brought forth. The difficult thrills, cadences, and staccato passages were most marvelous to listen to, and the range and power of her voice seemed to have no limit. No sooner had she finished this number than the most thundering plaudits broke forth from her appreciative listeners. She responded with a most touching rendition of "Swanee River." Melba more than satisfied her listeners, and it is safe to say that she possesses one of the grandest operatic soprano voices ever heard in this country.

Sharing equally the honors of the evening was M. Planco, the renowned French basso. His selections, "Au Print," by Gounod, and "The Two Grenadiers," Schumann, were elegantly rendered. In the latter number the true French spirit showed itself, and in the most fiery and patriotic style. M. Plancon sang Schumann's ballad in a manner which the author meant it should be sung. "Bravo," after "bravo" rang from every nook of the Hyperion, and like a true artist M. Plancon graciously repeated the same. Mme. Scaldi, the well known contralto, has lost none of her magnetic powers which lay in her voice. She won a warm place in every heart from the moment she began to sing. In response to an encore, after the rendition of an aria from Gluck's "Orfeo," she sang the "Gavotte" from "Mignon" in a most captivating manner. M. Mangliers, the tenor, in a barcarolle from "Fra Diavolo," was very unsatisfactory, but in the role of "Faust" he was acceptable. The orchestra, under the direction of Signor Bevisnani, played with good style and taste, rendering the accompaniments for the vocalists in excellent manner.

The first act of "Faust" was admirably given by Melba, M. Plancon and M. Mangliers, but some little "flick" in dropping the curtain caused some uncertainty to the audience whether the act was finished or not. The piano solo of Miss Gertrude Betz was not worthy of mention.

But Few Were Naturalized.

At the session of the common pleas court last evening but four naturalization papers were granted. During the several hours' session, but twelve second papers and three first papers were issued.

A ROUSING MEETING.

French Canadians Rally Last Evening.

A rousing meeting was held in Day's hall last evening by the French Canadian Republican club. The speakers were Attorney James Bishop, F. S. Perry, Felix Chillingworth and Mr. Aubrey.

Hugo A. Dubuque, an attorney of Boston, was expected to be present and address the meeting in French, but owing to business engagements he was unable to be present. About thirty new members joined the club last evening, showing that good work is being done among French Canadians. The club will have one hundred men in line in the parade this evening and will attend the meeting in a body. Members are requested to be at Day's hall at 7:30 sharp.

DIED ON A TRAIN AT NEW HAVEN.

A lady died on a train at the union depot at this city at 3 o'clock yesterday afternoon. A letter found on her person was addressed to Mrs. Andrew Turnbull, 55 Kensington street, New Britain, Conn. REV. DR. HARWOOD RESIGNS

HE SENDS A LETTER RESIGNING AS RECTOR OF TRINITY CHURCH.

Received by the Vestry Last Night—A Parish Meeting Called for Next Friday Evening.—Dr. Harwood's Long and Brilliant Pastorate.

Rev. Dr. Harwood, for thirty-six years rector of Trinity Episcopal church, tendered to the vestry of that church his resignation last evening. This step is not altogether a surprise to members of the church, as the doctor has contemplated this move for a long time, as he has passed the allotted threescore and ten years and his health is not of the best, although he has lost none of his pulpit power and eloquence. The vestry has called a meeting to be held on Friday evening of next week at which action will be taken on his resignation and as to the appointment of a successor.

Dr. Harwood, it is understood, has arrived at this decision only after much thought on the matter and is firm in his intention.

This news will cause much regret in the parish where he has passed so many of the best years of his life. He ranks among the ablest scholars and preachers of the denomination, and his name is well known not only in this state, but also throughout the whole country. His sermons are all fine literary specimens and have won him distinguished honors.

In the 142 years of the history of Trinity church there have been only four rectors, one of whom, Rev. Henry Whitlock, served only eighteen months, so that the terms of the remaining three—Rev. Beah Hubbard, Rev. Dr. Harry Crosswell and Dr. Harwood—cover nearly all of that long period. Rev. Henry Whitlock died after serving about eighteen months, at Fayetteville, N. C.

ENTHUSIASTIC TENTH WARDERS

A Large Republican Rally Held Last Evening.

That the republicans of the Ninth and Tenth wards are in the game for business was shown by the enthusiastic rally last evening in the Masonic hall on Webster street. The hall was packed and all the good points of the speakers were vociferously endorsed by the most enthusiastic applause. Lyman H. Johnson, chairman of the ward committee, was unable to be present, and George H. Loveland was appointed chairman of the meeting.

The principal speaker of the evening was Alderman Keyes of the Tenth ward. He touched chiefly upon national issues, saying that the state issues even in this campaign are secondary and are really involved in the greater ones which affect the whole country. Mr. Keyes asserted that President Cleveland himself doubted, when he came to the head of the government, the ability of the democratic party to administer the government of the nation and so came into the republican ranks for his chief lieutenant. When James G. Blaine was at the head of the state department his policy commanded the respect not only of his own countrymen, but that of every civilized nation on the earth, while on the other hand, with the inauguration of the democratic power came the disgraceful Hawaiian policy, which made our government the laughing stock of the world. Until Cleveland was elected our industries were in a thriving condition, but immediately upon the accession of democratic misrule there was a trembling at the foundations of the country like an earthquake, and business tumbled into chaos and confusion. Their inability to rule the country has been shown to them, and it is now time to repair as much as possible the great wrong done. The speakers also touched upon other questions at issue and highly lauded the republican nominees.

Other speakers were Mr. Frederick Orr, Samuel Lochman, Livingston W. Cleaveland, candidate for judge of probate, and Richard H. Tyner, all of whom presented the political situations in a very comprehensive manner. During the intervals between the different speakers some very nice music was discoursed by the Star-Joker Mandolin club.

At Yale Art School.

Many art lovers availed themselves yesterday of the opportunity of seeing the beautiful designs at the Yale Art school. There are two pictures that should be seen particularly for their methods. One is the "Sphinx by Moonlight," a pen and ink drawing, and the other a pencil drawing on canvas, both by F. U. DuMond. The former picture took several months to finish, while in the latter he uses both black and white lines. The whole exhibit is a great attraction to art lovers.

The City Mission.

The usual Sunday services will be held to-morrow at the City Mission hall, corner of Court and State streets. The hours of meeting are 9 a. m. for the Sunday school, with pastor's Bible class for the elder people; 3 p. m., children's meeting, lower hall; 3:30 p. m., for men only, upper hall; 4 p. m., for all. At 7:30 p. m. the early song service; 7:45, the people's service; 8:45, the after meeting. The address at the evening service to-morrow will be by Mr. H. F. Ball of Yale seminary.
