

Fur Fashions

and fur garments and fur richness and fur beauty and fur comfort and fur cost were never more attractively united in this our new unmatched collection of Fall and Winter Furs.

If the fur of your old garment is good, we can alter it to look fresh and fashionable. It's so much better to get here with it before the rush does.

Everything about our Men's and Boys' new fashionable Fall Hats is so good that it makes the prices seem poor. Can we sell you a Trunk, Suit Case, or Bag?

FRIEND E. BROOKS,
795 Chapel Street.

FURNITURE and CARPETS.

WE HAVE ONE OF THE LARGEST and MOST COMPLETE LINES ever shown in this city, now on exhibition in our spacious Warehouses, for

FALL TRADE.

Come and see the variety of styles, get our prices. Every article is marked in plain figures.

Whitney's Celebrated Baby Carriages.
A FULL ASSORTMENT ALWAYS ON HAND.

Most Complete Line of Paper and Twine in the State.

IN AND ABOUT THE COURTS

CASES ADJUDICATED BY JUDGE BISHOP IN CITY COURT.

Violation of Screen Law Case Nolle—McCabe Theft Case Continued—Attached on Divorce Proceedings—Charles Ratner Sued for \$1,200.

The appraisers on the estate of the late Dr. J. P. Atwater have reported to the probate court that the estate will amount to about \$30,000. The property, in accordance with Dr. Atwater's will, goes to Yale university. The property is the block at the corner of College and Grove streets.

City Court—Criminal Side—Judge Bishop.

In the city court yesterday morning, before Judge Bishop, the case of James McCabe, charged with the theft of \$50 from the person of Charles Collins of Branford was continued until to-day.

James Dwyer and Thomas Rook were charged with being McCabe's accomplices. Their cases were nolle, as there was insufficient evidence against them.

The case of James F. Ward, charged with violation of the screen law at his saloon, No. 7 Collis street, was nolle.

The case of Natale Acunto, charged with violation of the bird law, was continued until to-day.

The case of Homer Griffiths, charged with non-support, was continued until October 29, Griffiths agreeing to pay his wife \$3.00 a week for board meantime.

Frederick Jasper was fined \$25 and costs for assaulting Stephen Hunt. On the charge of stealing \$20 from Hunt he was discharged.

Thomas Marx and Fred B. Cobb, who had a fight in a saloon Tuesday night, were each fined \$5 and costs. Charles Smith, who was drawn into the row, was discharged.

Bruce Gage of Hamden was fined \$5 and costs for breach of the peace against Mrs. Eliza A. Strickland and her young son, S. A. Strickland.

Stephen Bauby was fined \$5 and costs for cruelty to animals. Bauby beat his horse.

SUED FOR DIVORCE.

Property on East street owned by Patrick Mortell was attached yesterday for \$5,000 in a suit for divorce and alimony brought by his wife, Johanna Mortell. Mortell is well known as a teamster and lives in Stiles street, annex.

Mrs. Mortell alleges intolerable cruelty and claims \$3,000 alimony.

BECKLEY VS. RATNER.
The suit of the W. A. Beckley company against Harris Hopmann and Abraham Rosenberg for \$1,200 is on trial before Judge Bishop in the city court. Attorneys J. Birney Tuttle and J. P. Goodhart represent the plaintiff, and ex-Judge Levi N. Blydenburgh and Attorney Louis E. Jacobs the defendant.

Charles Ratner built a house for Hopmann and Rosenberg for \$5,200. Ratner owed the Beckley company \$1,200 for materials, and the latter obtained a judgment against him for this amount. Ratner set up that he could not pay because Hopmann and Rosenberg owed him \$1,700. The Beckley company accordingly sued him.

PRESENTATION TO HISTORICAL SOCIETY

Of Colonel Joseph Parker's Portrait. At the meeting of the Historical society on Monday evening last an elegant portrait of the late Colonel Joseph Parker of this city was presented to the society by his only son, Parker, and his daughter, Miss Eliza Townsend Parker.

The portrait was painted by the celebrated artist, Mr. A. W. Twitchell (a kinsman of Rev. Dr. Twitchell of this city) on Monday evening last. It is a portrait of the late Colonel Joseph Parker of this city, and was presented to the society by his only son, Parker, and his daughter, Miss Eliza Townsend Parker.

OF LOCAL INTEREST.

There was a slight fire in St. Patrick's convent yesterday morning at 7 o'clock—one of the sleeping rooms. No. 8's firemen put out the fire. Damage to the amount of \$200 was done.

John Beattie, the Stony Creek quarryman, has been awarded the contract for the construction of the New Haven breakwater extension at the jetty in the harbor. He has also been given the contract for building the breakwater at Stratford Shoals, and also that for the breakwater at Jewett's harbor, New York.

The first issue of the Yale News will be out at noon to-day. An effort is being made this year to make this popular paper still better in all respects.

The yearly salaries of the following five clerks in the postoffice have been raised \$100 each because of the retirement of Miss Siebek and the promotions which resulted: Chester W. Ewing, Isabella Harris, William H. Moore, Blanche W. Pardee and John C. Maden.

Captain Doherty of steamer No. 1 was injured early yesterday morning at the engine house on Howard avenue by falling down the pole-hole. He rushed out of his room when the alarm from box 51 sounded and ran for the pole to slide down to the floor below, but his hands missed the pole and he fell through the hole and landed on the floor below with full weight. One of his ankles was badly wrenched, but no bones were broken.

There was recorded in the town clerk's office yesterday a lease of a right of way next to Traeger's hotel, the entrance way to Bowling hall. The lease is given by Judge W. K. Townsend and wife to Patrick J. Cronan, owner of Traeger's.

No portion of Eaton school will be ready for business before October 11, at which time some of the upper rooms will be ready for occupancy.

Burglars entered Francisco's fruit store in Seymour yesterday morning and secured \$18. They then stole \$32 worth of shoes from Louis Bernstein's store.

Two empty freight cars were kicked into the harbor channel Tuesday night at Belle dock, and the wrecking car was busy yesterday morning lifting them back on the dock again. The cars were at the end of a long train which was slowly backing down the freight yard and went a little too far.

Detective Owen J. Daley yesterday afternoon arrested Toney Lavine on the charge of violation of the junk law. Detective Daley caught him selling junk, although his license was recently revoked.

A general meeting of all Golden Eagle Knights was held last evening in Red Men's hall to discuss the trip to the fair given by Erwin castle of New Britain. A large delegation proposes going by special train.

Phillip E. Bushley, motorman on the Fair Haven and Westville road, residing at 105 Clay street, is the happy father of a baby boy, born Tuesday night.

On Sunday night a new passenger train from this city to Waterbury at 11:20 will be put into service. It displaces the one which has only run to Ansonia before. It will stop at Tyler City, Orange, Derby Junction, Derby, Ansonia, Seymour, Beacon Falls, Nauvatomuck and Union City. At Waterbury a freight will be made up and brought to this city.

The suit of Peter Ubivich against the St. Francisiskus Benefit society, which was withdrawn Tuesday, was renewed yesterday by Attorney John F. Wynne, and the society's funds were again attached.

The Alpha Delta Sigma fraternity of Hillhouse high school will give an informal reception and dance to the members of the senior class in the Anderson gymnasium, commencing at eight o'clock to-morrow evening. The committee is composed of Tom Roland Hall '98, Herbert Brinkerhoff North '98 and Frederick Garfield Smith '98. The patronesses are Mrs. Myron T. Scudder, Mrs. J. C. North and Mrs. F. B. Walker.

List of Patents
Issued from the United States patent office, Tuesday, September 29, 1897, for the state of Connecticut, furnished us from the office of Earle & Seymour, solicitors of patents, 863 Chapel street, New Haven, Conn.:

A. J. Beaton, assignor to Beaton & Bradley company, Southington, floor sleeve and ceiling plate.

R. A. Bruel, Bridgeport, vise.

E. G. Cornforth, assignor one-half to F. H. Beecher, Seymour, fitting for cycles.

W. K. Henry, New Britain, spring hinge.

H. A. House, Bridgeport, coupling driving shafts.

H. K. Jones, Hartford, assignor to Russell & Erwin Manufacturing company, New Britain, machine for heading pointed blanks.

Same, die for heading screw blanks.

L. E. Nearing, Wallingford, assignor one-half to M. Schweizer, Bridgeport, strainer.

W. A. Penfield, assignor to Bradley & Hubbard Manufacturing company, Meriden, bicycle bell.

W. E. Porter, assignor to New Haven Clock company, stem-winding and setting watch.

F. H. Richards, Hartford, cigarette machine.

A. H. Van Seiver, Bridgeport, oyster dredge.

A. M. Wilcox, Meriden, carpet fastener.

DESIGNS
H. H. Eames, Hartford, dash for vehicles.

A. D. Field, Waterbury, body-plate for buckles.

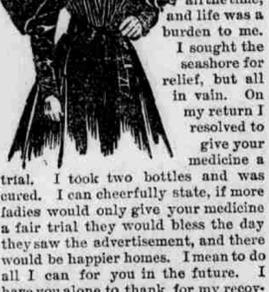

THE LEADVILLE IRON OUTPUT.
Leadville, Col., Sept. 29.—A careful estimate of the present tonnage of the mines of the Leadville district shows a daily output of 2,000 tons. Much of this product is argentiferous iron. The average gross value of the product is about \$20 per ton. Leadville is now producing more ore, though of low grade, than at any other time in her history. Two hundred tons of magnetiferous iron is being sent to the Illinois Steel works daily.

NERVOUS PROSTRATION.

"Will you kindly allow me," writes Miss MARY E. SAID, of Jobstown, N. J., to Mrs. Pinkham, "the pleasure of expressing my gratitude for the wonderful relief I have experienced by taking your Compound? I suffered for a long time with nervous prostration and general debility, caused by falling of the womb. It seemed as though my back would never stop aching. I could not sleep. I had dull headaches. I was weary all the time, and life was a burden to me. I sought for relief, but all in vain. On my return I resolved to give your medicine a trial. I took two bottles and was cured. I can cheerfully state, if more ladies would only give your medicine a fair trial they would bless the day they saw the advertisement, and there would be happier homes. I mean to do all I can for you in the future. I have you alone to thank for my recovery, for which I am very grateful."

FATAL RAILROAD ACCIDENT
ENGINEER PIERSON LOSES HIS LIFE ON HIS ENGINE.
Boston Express Dashes Into an Engine at Union Depot—Engine and Mail Car Wrecked—Coroner Investigating the Accident, the Cause of Which is Yet Uncertain.
The express for Boston due here at 11 o'clock yesterday morning crashed into the relief engine which was waiting on the track between Union depot and the Water street bridge.
Engineer Charles Pierson of the express was instantly killed and his body badly mangled. His fireman, John Weed, jumped and escaped. Engineer Patrick Padden, who was alone on the relief engine, also escaped uninjured.
The engine of the express train was overturned and was considerably damaged, but will be repaired in a few days. The tender of the relief engine was also somewhat damaged, but the engine itself escaped.
The express train was made up of five coaches and two mail cars. Mail car 3254, which was behind the tender, was considerably damaged, but the rest of the train was taken to Boston after half an hour's delay. The wrecked engine and mail car were soon cleared from the track by the wrecking train, and the track was relaid.
The body of the dead engineer was removed to the baggage room, where Medical Examiner White viewed the remains and ordered them removed to Lewis & Maycock's. Coroner Mix is investigating the accident, the cause of which is not yet apparent.
When the express dashed into the relief engine it was slowed down to half speed. Why the express was not or could not be stopped yet remains to be learned. It is not known whether the air brakes failed to operate or, in case they did, whether the hand brakes were set from each car. The engineer of the express is said to have discovered that the air brakes were out of order just after entering the city limits and to have whistled for the hand brakes.
Coroner Mix's inquest has thus far developed the fact that probably one of the hand brakes was set, this being evidenced by the sparks seen flying from the car wheels. There is an impression among some that the brakemen were busy getting ready to leave the train on arriving here and failed to respond to the engineer's call for the hand brakes.
As the trainmen on the express went through to Boston their testimony could not be taken last evening, but they will be called upon to testify before Coroner Mix this morning. The testimony of John Weed, the fireman, will also be taken and he will probably be able to throw some light on what happened in the cab of the engine.
Pierson, the dead engineer, was leaning from his cab window when the collision occurred. His head struck the

ORGANIC CHANGES
The wholesome process of secretion by the use of Carlsbad Water.
Prof. Hlawazek, an authority on stomachic diseases says: "What we have positively ascertained is, that Carlsbad Water in a high degree promotes organic changes in the system; that principally by its alkaline constituents, it acts as an absorbent of fat and as an antacid throughout the organism, and that it performs this wholesome action by stimulating, augmenting and chemically altering the whole process of secretion."
Beware of imitations. The genuine Carlsbad Water and Carlsbad Sprudel Salt must have the seal of the City of Carlsbad and the signature of "Eisner & Mendelson Co., sole agents, New York," on every label.

THE MOST BRILLIANT DISPLAY
at the coming Food Exhibit will be that of The New Haven Gas Light Company. A unique Gas Tree will bear upon its gilded branches the varied fixtures and forms of the famous WELSBACH LIGHT.

As You Enter The Armory
walk straight to the center, turn to the right, and you'll readily locate spaces 22 and 23. Equally as important in this Exhibit are the matchless forms of gas heating and cooking. Gas Ranges, Gas Radiators, Gas Stoves, Gas Logs, Gas Grates, etc., etc.

The New Haven Gas Light Company,
80 Crown Street.

Provisions, &c.

corner of a switch house and he was killed instantly.
The relief engine was waiting for the express as usual. Engineer Padden, seeing the express bearing down upon him, boarded the engine, threw open the throttle and tried to get out of the way of the approaching express. The express overtook him, however, when near the Water street bridge.
Superintendent Platt of the Consolidated road said last evening that the railroad company would make a thorough investigation of the accident. It is very seldom that the Westinghouse air brakes fail to operate, and they are so constructed that in case they get out of order the brakes are at once set. Why this should not have been the case in the accident yesterday will be a matter for investigation.

Engineer Charles Pierson was sixty-three years of age. He was an old engineer on the road. His home was in Mt. Vernon, N. Y. He was married and had three children. He was part owner of the Pierson overall factory at 240 East Forty-third street, New York. His son has charge of the factory. A few years ago Engineer Pierson was injured this side of Hartford. He was considered one of the most reliable engineers on the road, and was well known and well liked by railroad men. His friends, accompanied by a Mt. Vernon undertaker, arrived here last evening and took charge of the body, which will be taken to Mt. Vernon for interment. His personal effects were taken charge of by Coroner Mix and handed over to his friends. His watch was still running when it was taken from his body.

ANNUAL TO-DAAY.
Of the New Haven County Auxiliaries and Mission Circles in Milford.
The annual meeting of the New Haven County Auxiliaries and Mission Circles of the New Haven branch will be held in the Plymouth church, Milford, this morning, session beginning at 10:30 o'clock. The train leaves New Haven at 9:35 a. m.
There will be addresses by Mr. A. B. Williams, leader of the Yale Student Volunteer band, and Miss E. M. Stone, missionary from Philadelphia, Turkey.

THE APOLLO LAMP—the most economical Lamp ever manufactured—consumes only 2 1/2 cubic feet of gas per hour; less than any other Lamp in the market. The Apollo Lamp can be used on any Gas Fixture, is adapted for natural, coal or gas pressure, and is provided with an Automatic Regulator, which prevents the breaking of chimneys by a sudden increase of gas pressure.
The APOLLO MANTLES are the most durable ever manufactured; they are made in any desired tint. The Orange Light being the best adapted for private dwellings, as it is free from that gummy hue so objectionable to the ladies. The Blue-White Light is the best for stores and where the greatest possible candle-power is wanted. These Mantles are suspended from the top like a ball, by a loop of material, same as that from which the Mantles are made. There is nothing to burn off and destroy the Mantles, and their being suspended from the top prevents any sudden jar from breaking them, as in chimneys with other Mantles.
