

The Howe & Stetson Co.

Here Opens the Howe & Stetson August Sale of Blankets and Bed Linens

One of the great money-saving sales of the year, a sale of vast importance to every housekeeper, homekeeper and hotel man in New Haven and vicinity

MANY people think this sale of Blankets in August a strange merchandise event. "The very idea," they say, "of selling Blankets in this hot weather." We admit it is what may be termed pre-timely—but there's a reason—and a good reason too. The normal demand for Blankets begins with the fading days along in October. Then, in accordance with the laws of supply and demand, prices jump. But NOW the blankets are made, and waiting in mills and warehouses for the demand to begin. Interest and storage charges are running on them. They are eating into money, and a store like this that is big enough and strong enough to sell them NOW can get concessions from the manufacturers worth talking about. That is the whole principle of these August Blanket Sales and we are mighty proud of being powerful enough to promote

A merchandise event that is organized for the express purpose of demonstrating our ability to supply the very best in Blankets and Bedding at the lowest price. Every item in this advertisement is an argument that proves our point.

"Howe" Sanitary Blanket.

The best medium-priced Blanket we have ever seen. Sold only in New Haven by the Howe & Stetson Co.

Two years ago we decided that we would like to have a blanket to sell under our name and be worthy of the name. After months of careful Blanket inspection and study, we found a manufacturer who guaranteed to give us Blanket-perfection. The result was the "Howe" Sanitary Blanket. We claim it is the greatest value in an inexpensive blanket in this country. That's a big claim, but every man or woman in New Haven who has bought one of these Blankets—and there are thousands who have—agree with us. The "Howe" Blanket has all the weight and finish and durability of the higher-priced wool blankets. They are beautifully twilled—will not grow rough with age and wash perfectly.

We are showing these blankets in plain white, white with blue and pink borders and grey.

FINE GARBAGE COLLECTORS

BIGLOW HAS TO PAY \$75 AND FARNHAM \$25

Many Complaints Received—Dr. Wright Makes a Report—On Motion of Dr. Maher Board Will Purchase Anti-toxine from Dr. Lederly Company at Great Saving—Steps Taken to Eradicate Typhoid.

Garbage Collectors Irving Bigelow and A. N. Farnham were fined \$15 and \$25 respectively yesterday by the board of health at their regular meeting. At the last meeting there were some fifty complaints received against Bigelow and seventeen against Farnham. The inspectors have investigated these complaints and found them true, so the commissioners decided to impose the fines.

Dr. Wright, the city health officer, made a partial report on his inspection of the methods of the garbage collectors in their work. The doctor found that Mr. Farnham employed nine teams of his own and has thirty-nine private teams on the job. Dr. Wright thought he was faithfully trying to fulfill his contract.

Owing to the great increase of price in the regulation anti-toxine bought by the board for the use of poor families in the city Dr. James S. Maher proposed to the board the anti-toxine be hereafter bought from the Dr. Lederly Anti-toxine company of New York. The company from which the anti-toxine has been purchased previously has jumped its price to almost \$5. Under authority from the board Dr. Maher will sign a contract with the Dr. Lederly company at \$1.75 per 3,000 units. This will be an immense saving. The anti-toxine is given to those sick with diphtheria in poor families, where they are unable to purchase it themselves.

No more milk is being allowed to enter the city from the farm in Orange, where two cases of typhoid fever have been discovered. Most of this milk was sold in Wallam street, and twenty-eight cases of the disease have broken out in that district. Every effort is being made to eradicate the fever.

The board received the usual number of applications for permits of various sorts. Much routine business was transacted.

NEW YORK TO CHICAGO.

New \$150,000,000 Railroad to be Built. Pittsburg, Pa., Aug. 14.—Papers of consolidation of three railroads in different parts of Pennsylvania will be filed at Harrisburg this week, which will constitute the formal announcement of a project of prominent foreign bankers associated with Joseph Ramsey, Jr., former president of the Washington railroad from New York to Chicago, by way of Pittsburg, which will cost about \$150,000,000. The complete surveys have already been made, and it is expected that work preliminary to actual grading and construction next spring will begin this fall. It is expected that the road will require three years to construct. It is contemplated to operate it with electric locomotives from the beginning. It will be known as the New York Pittsburg & Chicago Air line, and will be sixty-five miles shorter to New York than the Pennsylvania, and 108 miles shorter than the shortest line between New York and Chicago.

BANQUET AT MORY'S.

"Louie" Linder gave a banquet to a number of members of the academic classes of '06 and '07 in Yala at Mory's Monday evening. There is an unusually large number of them in the city for the summer time. Most of them are in the summer school. According to campus chat there was a merry time, recalling the games—not athletic—which are current in term time.

TROLLEY ACCIDENT.

An aged woman, of name unknown, was violently thrown to the ground last evening while descending from a car at the corner of Church and Chapel streets, and badly bruised. She was taken in a hack to a physician's home, and was soon able to return home.

REUNION OF KIBBE FAMILY.

The Kibbe family held its reunion and picnic Wednesday afternoon at the Kibbe Hotel in Somers. Over one hundred persons were present. Following the dinner at the hotel a musical programme was enjoyed. First on the programme was a solo by George S.
