A Quick Breakfast

Is always possible when the cook has gas at her fingers' ends. A match, a light—eggs in three minutes, chops or steaks in 10, and there you are. No smoke, no smell, no ash. Better use gas, don't you think? Others do; why not you? Want to know more about gas? We'll tell you gladly.

FOOTBALL TODAY

Normal and Indian Teams Promise a Vigorous Game.

To-day's foot ball game at East Lake park promises to be an excellent one. Manager Parkhurst of the Indian school team has been working hard with his men for the event and says that it is the first game for the Indian team and that the games heretofore this season have been played by the second eleven, hence the Normal team, with its resplendent record, will have a hard game to fight. The Indian boys are confident that they will carry away the honors of the day.

Paddock and Wolf, manager and captain, respectively of the Tempe Normal team have held their men down to excellent practice and say they are prepared for all good foot ball playing the Indians can furnish. The game promises to be well supported with rooters from the schools. Beside the Tempe delegation for which there will be an excursion at a 35-cent rate, there will be over a hundred girls with colors, songs and yells from the Normal and of course a large number of the Indian girls will be there to cheer their team to victory. The band will be present to start the game at 2:30 p. m. To-night will tell which is the probable champion team on the gridiron in the territory.

RIGHT OF WAY COMMITTEE.—The committee for securing the Phoenix and Eastern right of way through this valley held a meeting yesterday at which they went over their work to date, finding out just how they stand, and arranged for completing the work on the south side. The members of the committee from the south side were instructed to go ahead with collections, and if possible have all deeds ready by November 22, when the railroad company expects to begin operations on that side of the river.
