THE PRICE OF COPPER

Explanation of Difference Between New York and London Quotations

The question has been asked why there is a difference between the movements of the copper prices in London and in New York. It had been observed that the New York quotations have been practically unchanged for the last three weeks notwithstanding there has been a great deal of fluctuation in the London market. Within that time the price of copper has advanced from 55 per ton to 58 on Thursday, the advance beginning on the announcement of the closing down of the mines and smelters of the Amalgamated Copper company.

The explanation is perhaps given in a statement by General R. Allen Lewis who is as familiar with the copper situation as anybody. The fact is that the New York market quotations do not stir very much and they are always below the market price. Transactions in copper are made generally through the United Metals Selling company and not through the quoted market. In London it is different. The market there is made up from actual transactions.

Regarding the future of copper, Gen. Lewis said he believed that the price would advance still further to fourteen or fifteen cents and remain in that neighborhood. That is a natural price for copper fixed by the demand. The shutting down of the mines and smelters of Montana he did not think would greatly advance prices at the present time. The products of the work if they had remained in operation would not have been placed upon the market for a long time yet anyhow so that the visible supply will not be affected at present.

The increase in the price will come about through healthier causes.

THE TOMBSTONE DISTRICT.

Notes of interest from Arizona's Most Famous Camp.

Col. W. L. Johnson and Walter Wakefield have returned to Tombstone after making an eastern trip, says the Tucson Citizen. Colonel Johnson, speaking of the Tombstone district said that Johnny Rainey had given a bond for sixty days on three claims to Charles Bowman, a former Tucson attorney, the agreed price being \$20,000. Bowman represents an eastern company. Rainey has other properties near those bonded and it is expected that he will give an option on these in a few days. At the 700 foot level of the Tombstone Consolidated new pumps are being installed. By December, it is thought, the pumps will be in operation. The Tombstone Consolidated is shipping a carload of ore daily to El Paso. The Comet and other mines are shippers of ores.

Douglas Gray, who has visited Tucson several times on business for the El Paso smelter, has concluded terms with the Tombstone Consolidated, whereby the El Paso Smelting company comes into possession of the Lucky Cuss dumps, to the amount of 10,000 tons. The ore from this dump is going out now.

Colonel Johnson, who represents the Necanic Mining company of New York, said that his company will very likely take up the bond, in the sum of \$50,000, on the mines the colonel has been developing on Ajax Hill, a few miles from Tombstone. The colonel has great faith in the Tombstone district.

Inside Information.

The whale had swallowed Jonah two days before and appeared uneasy. Observing which, a dolphin that happened along about that time playfully asked:

"What is the matter, neighbor? Undigested securities?"
"No," irritably responded the whale. "My trouble, I presume, would come under the head of undigested prophets."—Chicago Tribune.

TEMPE

WAS A COMPLETE SUCCESS.

The Party Last Night a Pleasant Affair and Well Attended.

The party last night given by the ladies of the reading room was a success throughout, not only socially, but financially. The hall was appropriately decorated for the occasion with palm leaves and pepper bushes. The electric lights were covered with paper to represent jack o'lanterns and placed about the room were genuine jack o'lanterns made from the real and only thing for that purpose, pumpkins.

The music was furnished by the Tucson orchestra and was excellent. But the most notable feature of the evening was the "Paul Jones."

At the commencement of this dance the couples two-stepped a tune, then forming in a large circle did a grand right and left, then more two-stepping with whoever you happened to have hold of. By this time couples were hopelessly mixed, and when the call came to find partners there was a scramble almost equal to a college rush.

MR. HANSEN'S RETURN.

And Other Things Concerning the Family.

A. J. Hansen returned Thursday morning from an extended trip through Utah and California. What he accomplished there in regard to the sugar beet colony will be spoken of later. He had a very pleasant trip. He was accompanied home by his brother, Dr. A. C. Hansen, who has just returned from a tour of Germany and South America. Dr. Hansen expects to remain here this winter. Mr. Hansen's other brother, Julius G. Hansen, who will be remembered by Tempe people as a normal graduate, was married Wednesday to Miss Rose Gibbs at Los Angeles. The bride and groom are now on their way here, where, after a few weeks visit with A. J. Hansen and family, they will make their home in Wickenburg.

THE NEXT GAME.

The next football game to be played by the normal team will be with the Indian school team at the Phoenix park, Nov. 14th, two weeks from today. Arrangements are being made with Tucson for a game with the university, but when it will be played has not yet been decided upon. Nor has the place, either, but it is expected that Tucson will come up here, as the normal has already played twice on the Tucson field, and they feel confident that they can do better on their home grounds or at the park, where they will have the support of a large number of rooters.

DEATH OF AN OLD MAN.

Mariano Gonzales, father of Mrs. J. T. Priest, died Thursday and was buried yesterday at the Catholic cemetery. Mr. Gonzales had passed his 93rd birthday and death was due to a general giving out, due to old age.

IMPROVEMENTS ON 8TH STREET.

Wm. Penn has just completed grading the sidewalks on his property, both along 8th and on the normal side, and the work is a decided improvement to that part of town. Now, if the other property owners in that section would do the same, the sidewalks there would be among the best in town.

AT WORK ON THE ROAD.

Road Overseer Cummings now has several men and teams at work on the new road south of the railroad, clearing off the brush. As soon as it is cleared away actual work on the road will begin, probably some time next week. It will require at least two weeks to complete it and perhaps more.

PERSONAL MENTION.

W. T. Brown and wife drove to Phoenix yesterday.
Mrs. Ellis Wilcox, who has been spending some time here with her parents, returned to Phoenix yesterday.
Mr. and Mrs. J. H. Root left yesterday for Agua Caliente.
L. E. Rich drove to the capital city yesterday.
F. O. Weary accompanied Rural Carrier H. B. Griffen on his route yesterday.
J. A. McDonald was over from Phoenix yesterday buying horses.

Hyder Bros. are preparing to receive a large shipment of shoes in the near future, and in order to make room are now clearing out a lot of odds and ends at greatly reduced prices.

Now that you've finished reading the news, Just stop and think. Don't you need some shoes?

Or do you want a pretty shirt? There's a place in town where they're cheap as dirt.
In collars and ties they head the line; Their Stetson hats are simply fine. They've a supply of sweaters full and complete.
And their show windows always look nice and neat.
To tell it all, there are no others That can compare with Hyder Brothers.

MAIL BOXES.

The mail boxes have arrived and those ordering them can get them at Pomeroy Bros. Co. with your name stenciled on them. Come early and avoid the rush. The route commences Monday, and if you have no box you get no mail.

GOES OVER THE ROUTE.

Carrier for Route No. 1, S. I. McArthur, drove over the rural mail route yesterday and interviewed the patrons. He found most everybody supplied with mail boxes, supplied by The Republican. The people seem anxious and pleased that the route is to be established and most everybody on the route will patronize the service.

A MISREPRESENTATION.

The reporter that wrote the article in The Republican of 28th styled a "Misnamed Action" was misinformed, as Attorney Bullard's argument covered no such ground as reported. There was not a word of proposals to marriage mentioned by Mr. Bullard, nor was there even a hint made towards any such relation between the defendant and plaintiff. The case was simply one wherein a verbal lease was claimed by the defendant and denied by the plaintiff. And the jury believed the defendant.

FREE RURAL DELIVERY.

Parties living on the free rural route should bear in mind that there are a few conditions required by Uncle Sam that they should see is attended to.

They must have an approved mail box in which to receive the mail. It is necessary that they inform the postmaster at Mesa, either by letter or by personal visit that they desire their mail sent by carrier.

The route will commence Monday, November 2, and there is not much time to spare if the people desire to get the benefit when the route commences. The route will be a great convenience to the ranchmen surrounding Mesa, but if a sufficient number do not patronize the route it will only remain a matter of a short time.

Approved parties of mail boxes can be had at Pomeroy Bros. Co. and should be secured at once.

A CAR OF HAY.

A. C. McQueen shipped a car of hay to Prescott yesterday, and another will follow tomorrow.

EQUIPPED FOR DUTY.

Uncle Sam has sent Carrier S. L. McArthur a brand new harness not made to order but guaranteed to fit any carrier running the green fields of Arizona. The harness consists of letter bag, trimmed with leather straps and buckles. Mr. McArthur will get into the harness next Monday and make his first trip as carrier on Mesa Rural Route No. 1, of Mesa free delivery.

FROM FLORENCE.

Mrs. John Fry accompanied by Miss Amy Carpenter, drove over to Mesa from Florence Thursday. They are visiting Mrs. Chas. Whitlow and family.

VISITS MESA.

C. F. Abbott and wife, who have been visiting for the past few days with H. Melin Lewis and family for several days, left for Hermosillo yesterday, where Mr. Abbott has some valuable mineral property. Mr. Abbott has been in Arizona for about two years interested in the mining industry.

DISASTROUS BISBEE FIRE

Was Caused by a Cat-Tipping a Lamp Over.

The disastrous fire last night which destroyed the residence of William Morris was caused by a playful kitten, says the Bisbee Miner. The total loss is fully \$2,000.

The cat was left in a closed room with a kerosene lamp and a plate of beefsteak, both being side by side on a small table. In attempting to get at the meat the cat pulled on the table cloth and the lamp and meat came down together.

When the lamp struck the floor it exploded, and the room was soon in flames. Morris was the first to see the fire, and attempted to get into the room, but the doors were locked.

After the fire Mr. Morris stated that had he been able to break his way into the room in which the fire started he could have put the flames out. After falling in this he became excited, and does not know what happened after that.

The fire was one of the hottest in Bisbee. The building was of frame, and the flames devoured the pine boards like straw.

To Mrs. M. Dye belongs the honors of the hero. She rushed into the burning building, and rescued her mother, Mrs. Morris, who was lying on a sick bed, almost helpless from fright. Later she had to be detained by force from returning to the building.

Lyman Parkhurst, the aged man who was injured by the chemical cart, is in a serious condition this afternoon.

Three of Parkhurst's ribs on his left side are broken. His right shoulder is badly bruised, and his back slightly hurt. Parkhurst is 73 years of age, and it is doubtful if he can recover from the shock.

Girls who work are particularly susceptible to female ills, especially when obliged to stand on their feet from morning until night.

Day in and day out, month in and month out, the year through, the working girl toils; she is often the bread winner of the family, and must work that others may live; whether she is sick or well, whether it rains or shines, whether it is warm or cold she must get to her place of employment and perform the duties exacted from her.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach; in consequence of frequent wetting of the feet monthly periods become painful and irregular, and frequently faint and dizzy spells, with loss of appetite, until life is a burden and it is hard work to drag about. All these symptoms point to a derangement of the female organism, and if taken in time can be easily and permanently cured.

A Cordial Invitation to Every Sick and Ailing Working Girl.

It is to these girls that Mrs. Pinkham holds out a helping hand, and extends a cordial invitation to correspond with her. Her unrivalled record of success in treating woman's ills makes her letters of advice of untold value to every ailing working girl, and from her wide experience and skill she quickly points the way to health. Her advice is free, and all letters are held by her in the strictest confidence. Address, Mrs. Pinkham, Lynn, Mass. Don't put off writing her until your health is wrecked.

Grateful Words from Working Girls Who Have Been Helped.

"DEAR MRS. PINKHAM:—I want to thank you for what you have done for me. I was dreadfully tired, I stand over my work all day, and no one who hasn't tried it knows how it makes your back and sides ache. I couldn't sleep, and had no appetite, but thanks to Lydia E. Pinkham's Vegetable Compound, I feel entirely different now; it is a wonderful medicine. I do not feel that my work is hard now, and I recommend your medicine to other girls who are always tired."—Miss ISABEL SURGIN, 293 Willis Ave., New York City.

"DEAR MRS. PINKHAM:—Lydia E. Pinkham's Vegetable Compound has done so much good for me that I wish to recommend it to all girls whose work keeps them standing on their feet all day in a hot store. The doctor said I could not live and I must give up work, and stay out of doors; he did not seem to realize that a girl cannot afford to stop working. My back ached, my appetite was poor and I could not sleep; menstruation was scanty and very painful. One day when suffering I commenced to take Lydia E. Pinkham's Vegetable Compound and it helped me, I soon found that my menstrual periods were free from pain and natural; now my health is fine, and every one is surprised at the change in me, and I cannot be too grateful for what you have done for me."—Miss JANET PAINE, 530 West 125th Street, New York City.—\$5000.00 forfeit if originals of above letters proving genuineness cannot be produced.
