

Another club woman, Mrs. Haule, of Edgerton, Wis., tells how she was cured of irregularities and uterine trouble, terrible pains and backache, by the use of Lydia E. Pinkham's Vegetabie Compound.

"Dear Mrs. Pinkham:—A while ago my health began to fail because of female troubles. The doctor did not help me. I remembered that my mother had used Lydia E. Pinkham's Vegetable Compound on many occasions for irregularities and uterine troubles, and I felt sure that it could not harm me at any rate to give it a trial.

"I was certainly glad to find that within a week I felt much better, the terrible pains in the back and side were beginning to cease, and at the time of menstruation I did not have nearly as serious a time as heretofore, so I continued its use for two months, and at the end of that time I was like a new woman. I really have never felt better in my life have not had a gick beadache aims and weigh 20 neurons. my life, have not had a sick headache since, and weigh 20 pounds more than I ever did, so I unhesitatingly recommend your medicine."—Mrs. MAY HAULE, Edgerton, Wis., Pres. FREE MEDICAL ADVICE TO WOMEN.

Don't hesitate to write to Mrs. Pinkham. She will understand your case perfectly, and will treat you with kindness. Her advice is free, and the address is Lynn, Mass. No woman ever regretted having written her, and she has helped thousands.

When women are troubled with irregularities, suppressed or painful menstruation, weakness, indigestion, leucorrhea, displacement or ulceration of the womb, inflammation of the ovaries, general debility, and nervous prostration, or are

> beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "wantto-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Frances Cook, Box 670, Kane, Pa., says: "DEAR MRS. PINKHAM: - I suffered for ten years with leucorrhoea, but am glad to say that through the use of Lydia E. Pinkham's Vegetable Compound and her Sanative Wash I am cured, for which I am very thankful."

FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

Every mother feels a great dread of the pain and danger attendant upon the most critical period

of her life. Becoming a mother should be a source of joy to all, but the suffering and danger incident to the ordeal makes its anticipation one of misery. Mother's Friend is the only remedy which relieves women of the great pain and danger of maternity; this hour which is dreaded as woman's severest trial is not only made painless, but all the danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, the system is made ready for the coming event, and the serious accidents so common to the critical

The power canal, it is hardly necessary to state, is the first construction enterprise of a permanent nature in SHERMAN BELL TALKS is to run from the head of the storage basin to the dam site, skirting what s filled with water. By it power is to be developed for cement manufacture if it is manufactured at the dam site, and power is also to be generated for use in the construction of the dam proper. Water will be developed from the canal in a permanent electric plant to be sutuated just below the dam, and transmitted to the valley below for such pumping plants as may be installed in future years.

The construction of this canal involves some tunneling and some blasting through hard formations in open cuts and a great deal of excavating. The plans while on exhibition at the reclamation office in this city were gone over by many well known contractors and it was provided that bids might be submitted on portions of the work as well as all of it. It is therefore assumed that there were a large number of bidders for some parts of the work and lations, to determine what bidders are successful. But immediately the awards are made it is expected a small army of men will be placed at work along the line of the canal.
