

Hotel Cumberland

BROADWAY AT 54TH ST.
NEW YORK CITY, N. Y.

The most luxuriously appointed hotel in New York. Its furnishings are rare, rich and in good taste. The highly polished floors throughout the entire house are covered with handsome oriental rugs. Tiled bath rooms ventilating into the open air a feature. Telephone in every suite.

This hotel offers to permanent and transient guests superior accommodations, service, etc., at tempting rates. Inspection of this beautiful establishment invited.

Send for illustrated booklet.

EDWARD R. SWETT, Proprietor.

ERNEST TREVOR WINS SIX MONTHS CONTEST

His Prize, the Wonderland Tour
Offered by Saturday Evening Post.

Ernest Trevor is the happiest lad in Phoenix just now and has a good right to be. He is the boy who has devoted his best energies for some months past to the selling of the Saturday Evening Post, in the hope of winning the "Wonderland Tour" prize offered by that paper to the boy making the greatest increase in the number of copies sold from January to June 30, over his sales during last December. And Ernest won the prize.

The contest was conducted under certain rules designed to make it as fair as possible for all contestants and which need not be repeated at length here except to say that the cities were divided into classes according to population and the sales made were not for a single week or month, but a general average of increase for all months during the contest. Otherwise some boy might buy a couple of hundred dollars' worth of papers on the last day, burn them up and still win the prize.

Ernest won easily, though there were times when certain of the other contestants would jump ahead for a week or so and things would look blue for him, but he kept right along selling papers and doing the best he could, ordering a few more each week and then hustling until he sold them. His increase as shown by the report he received yesterday averaged 513 copies over his December sales. The next lad to him, Reuben Skoglund of Minnesota, increased 238 copies and got the second prize, fifteen dollars in cash.

The "Wonderland Tour" is the choice of a trip to the Yellowstone park, Yosemite valley or Portland, Ore.

gon, together with an escort, all expenses paid for both. An alternative proposition is that if the winner needs the money worse than the trip he can figure up the expense of the trip selected, send in the bill, which will be checked up and the cash will be given to him in lieu of the trip. Ernest says the cash looks good to him. He wants an education and proposes to devote what is necessary of this money toward getting it.

He will not only receive the congratulations of his personal friends but of all who know him or have heard about him, for he is the child of a family not in easy circumstances and is himself a bright boy of good habits, correct deportment and with the proper ambition for an American youth. He wants to "get there" and has demonstrated his ability to do so in one instance at least.

That isn't all the good fortune that has befallen him. In connection with this contest there were several others running at the same time, along different lines and for different prizes, all the way from a dollar in cash to a pony cart and some other touring trips. There was opportunity for the contestants to win any one or several of these prizes.

Yesterday Ernest got a telegram saying: "You win trip second camping club. Shall we send transportation, etc., or will you advance it and send bill?" Ernest has not decided just what he will do in this case. He says this second camping club is some kind of a trip to New England. It is likely though he will take his pay a little in money where it will help him to take better and longer and more frequent trips, later in life.

AMUSEMENTS

"Married for Money" closed the week at Eastlake park last night and a crowded house greeted the company. A large excursion came over from Tempe and Mesa and remained for the dance. The bill for the first three nights of next week will be the delightful comedy, "Sweethearts," and the laughable farce, "What Happened to Moke." Miss Maud Lita's voice has fully recovered and she will positively sing. By request she will sing Tosti's "Good-bye." Miss McMullen will do one of her old specialties, and the motion pictures will be new. Seats on sale at Sanichas.

GLOBE MINING NEWS.
J. B. Copen, superintendent of the Inspiration mine, is at Denning, N. M., this week, arranging for the shipment to Globe of milling machinery which is to form a part of the fifty-ton concentrator which the company will erect at their mine.
Dr. L. D. Ricketts, general manager of the Old Dominion Copper Mining & Smelting company, arrived at Globe last Saturday, having recently returned to the United States from a trip to Germany on business connected with the equipment of the Dawson coal fields, owned by Phelps, Dodge & Co. The doctor enjoyed the trip, although it was a hurried one.

The development of the fifth level of the Black Hawk mine of the Arizona Commercial Copper company has been somewhat disappointing, although the management is still confident of striking the ore. A drift was started this morning on a rich seam, 18 inches thick at 166 feet in the crosscut. The ore body above the fourth level is estimated to be worth at least \$1,000,000 and gives to the stock a greater value than its present selling price. The company's Copper Hill mine is showing up large and rich ore bodies.
Jerry Hayward returned on Sunday from Dripping Springs, where he has been developing the Idaho claim owned by L. C. Woods and himself. The ledge is from four to six feet on the surface, and carries gold, silver and copper to the value of about \$80 per ton. There are three shafts on the claim, the deepest about 50 feet, and a fourth shaft has been started. There is also a tunnel 40 feet in length and several open cuts. All the openings show ore. Hayward brought in samples of the ore, which look good.

Steady improvement is reported in underground conditions at the Old Dominion mine. Connection was made last week with B shaft on the eighth level, and the drain tunnel from C shaft is also finished. The unwatering of the 14th level of the mine has been accomplished and the level is now being cleaned up and put in order for the resumption of development work on the sulphide vein. A twelve foot vein of sulphide going four per cent in copper was opened recently on the 12th level. At the smelter three furnaces are running. No. 2 furnace is shut down to receive new jackets and will be in commission again soon. —Globe Silver Belt.

*Daily, except Tuesdays and Saturdays.	
†Tuesdays and Saturdays only.	

THE WATER IN THE RIVER.—According to Frank Trott, the water commissioner, there were 20,000 inches of rain in the canals yesterday afternoon. It was divided among the various waterways in accordance with a schedule agreed upon some time ago.

A RURAL OUTING.—Phil Wharton and wife, Byron Hartwell and wife, P. C. Paddock and wife, and Jack Blinkhorn will spend today at the Karl Hedger ranch, on the Agua Fria. The party will leave early in the morning and, according to the present plan, will return to the city tomorrow night.

RETURNING ST. JOE BOOSTER.—Tom Gower, who, with a party of friends, left Phoenix some time ago for the coast, returned to the city yesterday, accompanied by his brother, Harry Gower. Theo. Haffner, who was a member of the party, is still in Los Angeles, and will remain there for some time.

HENEY-BELVIN.—A San Francisco exchange announces the engagement of Frank Henev, a prominent attorney of that city, to Mrs. Rebecca McMullen Belvin, a lady prominent socially there and a daughter of an old Kentucky family. Mr. Henev was for years a resident of Arizona and prominent in politics here. More recently he has attained prominence on account of his prosecution of the Oregon land fraud cases as a special United States attorney.

HE REACHED HOME TOO LATE.—A letter was received yesterday from A. W. Lamm, who left here several days ago for Danville, Ill., on account of the illness of his mother, saying that he had arrived too late. His mother, who had been dangerously ill for several weeks, had passed away on the afternoon of the 13th, the day before his arrival. He will remain in the east for several weeks on matters in connection with his mother's estate.

THE ADAMS HORSES.—According to letters received in the city yesterday, the Adams string of horses will, the coming week, be at the Windsor track, near Detroit, but on the Canadian side of the river. The following week they will be at Cleveland, Ohio, where the two great events of the grand circuit, the Chamber of Commerce and the Merchants' and Manufacturers' stakes, will be raced for. The second week in August the horses will be at the Buffalo track. The trial work of Custer is very satisfactory to Mr. Adams' trainer and to Mr. Adams. At present he is in fine form, but the letter did not say positively whether he would be started in the Chamber of Commerce event or not. He has been entered for the latter.

ABSENT MEMBERS.—The social organization of the Ford yesterday received letters announcing the good state of health of three of their past members. One letter came from the scouts, Messrs. Stull and Snook, saying they were in the best of health and at present at their home in South Bend, Ind. They send their best regards to all of their inquiring friends, and issue a general invitation to all Phoenix to visit South Bend. Much of their time they are devoting to a new automobile they purchased since returning east. They are planning to return to Phoenix in the fall. A second letter came from George Gilmore, who spent last winter here for the benefit of his health. He is now at Shreveport, La., and in very good health. It is his plan to return to Phoenix the coming winter.
