For a Bad Case of Eczema on Child—Suffered for Three Months—Disease Reached a Fearful State—Pain and Itching were Terrible.

**CURED AFTER OTHER
 PRESCRIPTIONS FAILED**

"When I was small I was troubled with eczema for about three months. It was all over my face and covered nearly all of my head. It reached such a state that it was just a large scab all over, and the pain and itching were terrible. I doctored with an able physician for some time and was then advised by him to use the Cuticura Remedies which I did and I was entirely cured. I can say that Cuticura did a lot for me. Miss Anabel Wilson, North Branch, Mich., Oct. 20, 1907."

**ITCHING CURED
 With Cuticura Remedies in
 Three Days After Six
 Months of Suffering.**

"I suffered fully six months. The trouble began on my arms in little red pimples and it was not long before it was all over my body, limbs, face, and hands. It was so bad that I could not rest night or day and during the six months, I did not get a good night's sleep. I doctored for three or four months and spent at least twenty dollars trying to find a cure but none could be found. Then I saw the Cuticura Remedies advertised, and the next day I purchased some for seventy-five cents at the druggist's. I used them and I was relieved of the itching in three days, and I have never had a sign of my skin disease since. The Cuticura Remedies are the only remedies to use for skin diseases, they have cured me and they will cure others in the same way. J. W. Bloom, R. R. Telegrapher, Holyway, Mich., Nov. 20 and Dec. 29, 1906."

Cuticura Remedies are guaranteed absolutely pure under the United States Food and Drugs Act.

 COMES FROM TUCSON**

The Case of Five Mexican Citizens Who Have Been Held Incommunicado For Eight Months.

According to a petition received yesterday by Consul Pina of the Mexican government, a condition exists in this country similar to that which is charged against Mexican officials in the matter of the treatment of prisoners. The petition is signed by A. Wersley and C. O. Bustamante, attorneys of Tucson. It points to the detention of several citizens of Mexico who have been held in prison at Tucson as witnesses in a case of the government against the Duquesne Mining company charged with a violation of the contract labor law.

The petition states that in July of last year thirty citizens of Mexico were brought into this country by one Jose Serris acting as agent of the mining company, and went to work for the company. Six days later, they were arrested by the immigration officials and all but five of them were subsequently deported. These five, Jose Serris, the agent, Jose M. Lopez,

Jesus D. Martinez, Jose Ruiz and Esteban Quintana, were detained at the instance of United States Attorney Alexander as witnesses in the case against the mining company. These arrests were made on July 26 of last year, and they have been in jail ever since and have never been called upon to testify in any action, nor have they received any compensation for the loss of their time and the privations they have undergone. It is also represented that all of these men have families in Mexico who are in need of their support.

It is stated in the petition that they have frequently sent word to the United States attorney to call and interview them in regard to their detention but all their appeals and petitions have been disregarded. It is further charged that the United States attorney has ordered that the prisoners should be kept incommunicado; that the immigration officers and the guards having charge of them have been instructed to allow no one to interview the prisoners, nor to allow counsel to see them and advise them as to their rights. It is stated that Bustamante appeared before the immigration commissioner for the purpose of getting permission to interview the prisoners or to be allowed to communicate with them, but he was informed that the United States attorney had advised that no one was to communicate with them for any purpose.

Consul Pina at once laid the matter before his government, and more may be expected to be heard of the matter soon through the state department at Washington. He said last night regarding the affair:

"I have taken up the matter and given it consideration, transmitting the same to the government at Mexico. Although it appears by one of the local evening papers that the Mexican consul, Mr. Elias, of Tucson, ignores the matter I am notwithstanding, familiar with the outrage and illegal incarceration of my fellow citizens at Tucson for violation of the immigra-

tion laws. It is positive that their detention in the jails of Arizona ever since July 1907, has been unjust, unjust and arbitrary, through the personal abuse of the authorities. I am taking up the matter with my government because a formal complaint has been laid before me by attorneys of Tucson in behalf of said Mexican citizens and I have telegraphed the occurrence to my government from which I am expecting instructions how to proceed in the case.

"This is a very serious and delicate matter; more so than anybody can think, and my position is such as the superior consul of Arizona that I cannot but keep my government posted in certain irregularities and abuses of authority that have been visited upon my fellow citizens. Just as long as I am the superior consul in Arizona I will not for a moment tolerate that anybody, not even an inferior authority, shall commit injustice, unlawfully,

unjustly or arbitrarily upon my fellow countrymen. I am here for the purpose of protecting them and I will see that proper treatment and their rights according to law are given them."

Send a copy of the Homeowner's edition of The Republican to a friend back east. The postage is only two cents for the 24 pages of special matter, or three cents for the entire issue.
