

ESPEE CITED FOR CONTEMPT

Must Show Cause Why
Fine Should Not Be Im-
posed for Failure to Com-
ply with A. C. C. Head-
light Order.

Contempt proceedings against the Southern Pacific railroad company for failure to comply with the order of the corporation commission requiring the installation of powerful locomotive headlights were begun yesterday, when notice was served on the company to appear and show cause why it should not be punished for contempt of the commission's order. The company is given until September 8 to appear and explain its failure to comply.

The commission's action was taken at the complaint of Attorney General George Parly Bullard, who recently filed a statement with the commission alleging that the company had failed to comply with the order, and that it is now operating its locomotives in violation thereof. The attorney general asks the commission to cite the company for contempt of the order.

The order requiring the installation of high-power headlights within sixty days was issued on May 15. On July 14 the railroad company made application for an extension of time on the ground that there had been some delay in the arrival of the new equipment, and that the company was complying with the order as rapidly as possible. The application was granted, and the company was given thirty days in which to complete the installation of the new headlights.

Under the provisions of the law the corporation commission has the power to impose fine to the amount of \$5000 in contempt proceedings.

RATE CLERK BROWN OF A. C. C. RESIGNS

Resumes Connection with Babbitt
Brothers of Flagstaff as Manager
Of Rapidly Growing Business

Rate Expert Edgar A. Brown of the corporation commission has resigned and his resignation has been accepted by the corporation commission. Mr. Brown leaves to accept the position of manager of the Babbitt Brothers' store at Flagstaff, and enters upon his new duties immediately.

Formerly connected with Babbitt Brothers in the capacity of traffic manager, Mr. Brown has been for the past two years at the head of the rate department of the corporation commission, and has had charge of the compilation of practically all the data used in the preparation cases which have come up during that time. He is the secretary of the board of trustees of the Northern Arizona Normal school, and while in Flagstaff was secretary of the Commercial club. Prior to coming to Arizona, he enjoyed an extensive experience as a railroad traffic expert, and it is largely because of his marked ability in this line that he has resumed direction of the rapidly growing shipping business of the northern Arizona firm.
