TEMPE NORMALITES ARRIVING THIS WEEK

Influx Will Break All Records—For the Next Two Weeks Every Train Will Bring New Arrivals

Normal teachers and students, new and old and young and old are arriving in Tempe by nearly every train this week. All of the new faculty members are now in town and becoming acquainted with their new work. The actual influx of normalites has hardly started yet but at that there is enough representation in to bespeak of life at the teacher's school.

Among the early week arrivals was George H. Schaeffer, the new athletic director and preceptor of the young men's dormitory. He hails from Gettysburg, Pennsylvania, and carried many honors, both along educational and athletic lines from the university of that state with him.

Professor Raymond B. Beckwith, the new instructor of biology, paid his first visit to the normal yesterday morning, arriving from his former home in Baltimore on the early train.

Miss Zeller, the new kindergarten teacher is also numbered among the arrivals of yesterday. She came direct from Chicago where she spent several days juggling in a quantity of supplies to be used in the new kindergarten department in the training school.

Miss Theresa Anderson, one of last year's critics in the training school, who has been spending her summer in Michigan, was also on the same train from Chicago. She had a splendid vacation but dreads it not at all to be back in Tempe ready to take up the school work.

Miss Leona Haultot, another of the training school critics is again in Tempe following a few days' visit with relatives in Phoenix. To the capital city she returned from Los Angeles where she took a summer course of study in the University of Southern Arizona.

Miss Laura Dobbs, secretary at the normal, completed her vacation yesterday with her arrival on the morning train from Long Beach where she has enjoyed a month's rest.

BUSY AT THE SCHOOLS
Superintendent J. Oscar Mullen desires as many as possible of the stu-

dents who will enter the high school this term to register during the present week either with him at his office in the high school or with principal Row at his office near the lecture room in the same building. Those who register early will have an advantage on the opening days in the matter of classification, and the faculty will be greatly aided in shaping the program so that conflicts may be avoided.

The high school building has been thoroughly renovated, varnished inside and painted outside. The grounds have also been greatly improved. The athletic director is adding two additional tennis courts which makes one of the best all around athletic fields in the state. With a splendid quarter mile track, good ball diamond, good football field and two basketball courts all varieties of athletics are catered to on the grounds.

At the grammar school, the interior walls have been retinted; most of the outside wood work has been painted; and the building and grounds are in otherwise very good condition.

Janitor Sozo and Superintendent Mullen have just completed the fumigation of about 5,000 text books used last year.

Manual training instructor, S. J. Jennings is placing a number of swings on the grounds at the grammar school for the use of the children.

The seventh and eighth grades should report at the high school building on the 14th and be seated in the assembly room. The other grammar school students and the high school students will assemble in their respective buildings at the appointed hour.

PRESTO TANK LOST last week on road between Tempe and Kyrene. Reward for return to Tempe Garage.—Advertisement.

RETURNED FROM EAST
Mrs. Sara J. Case, last year's teacher at the rural school, is again in Tempe following a summer's vacation spent in the eastern states. She visited in Vermont, and adjoining states but retained headquarters at the old home in New York state. She will teach this year at Gilbert.

TWO FURNISHED ROOMS for rent. Inquire at Birchett Bros' store, Tempe.—(Advertisement.)

VACATION ENDED
Mrs. Mary E. Craig and daughter Miss Estelle, returned to Tempe Monday from Prescott where they have been located for a month. The cooler weather and numerous side trips made their vacation a most pleasant one.

BACK FROM THE COAST
Will E. Laird and family returned Monday from Los Angeles where they spent a part of the summer.

MRS. HENRY SANDOZ serves good home cooked meals, every day. Come and try them. Chicken dinner on Sundays. 806 Mill Ave. Furnished room for rent with board.—Advertisement.

A GOOD VACATION
Mrs. Walter W. Pankey, wife of Exchange Manager Pankey for the Mountain States Telephone company in Tempe, returned yesterday morning from a three month's vacation spent in Oregon and Washington. Mr. Pankey took occasion to cease his days of widowhood just a little early by meeting his wife in Maricopa yesterday morning.

A FRIDAY EVE DANCE
Another of those enjoyable dances will be given Friday evening in the Cosmopolitan hall. The usual good time is expected to be the tune of the Tempe orchestra's music.

No longer will Shilkett & Schaulis be the official firm name of the Tempe barber shop which has gone by that title for several years, for a deal was consummated last evening which places Sanford H. Schaulis in the role of proprietor "alone." It will be "Shorty's" shop hereafter. Mr. Shilkett will still continue in life as a full fledged Tempeite.

"The Last Days of Pompeii" in eight reels is tonight's special attraction at the Tempe airdome. A production similar to this was shown in Tempe some eight or ten months ago and was conceded by many as the best set of pictures ever witnessed here. Tonight's feature, while different promises something just as good if not better.

NOTICE
Glendale, Arizona, Sept. 3rd, 1914. To Whom It May Concern: I have this day purchased the entire stock, fixtures and business of the Oasis News Stand in Glendale, Arizona, from John Barron, and am in no way responsible for any outstanding accounts and bills owed by said John Barron and the Oasis News Company, but the same will be settled by Mr. Barron, he having deposited sufficient funds in the Glendale State Bank for that purpose. J. E. MOSS. (Advertisement.)

MESA

FOREIGN COTTON MART PRACTICALLY CLOSED

J. G. Spangler, cashier of the Mesa City bank, was interviewed by the reporter for the Republican in regard to the financial situation that is confronting the cotton growers of this section, and to what extent the banks were going to be able to help the growers. He gave the following information:

The foreign market is practically closed at the present time, and it may be some time before a direct sale can be made to them.

He is pleased to be in a position, however, to extend financial aid to the growers in this section. Through the bank's correspondents in New York, Chicago, Los Angeles and San Francisco, they are in a position to make sufficient loans to cover the picking and ginning expenses.

A loan of 2 cents per pound may be had on warehouse receipts, and after the cotton is ginned another loan will be extended to cover that expense, as well as the \$5.00 per acre note.

The present condition of warehouses and storerooms does not comply with the federal law, and in consequence cotton cannot be held. There is every indication of a market being established early in the season, and just as fast as the cotton can be ginned it will be shipped.

There will be no holding of the crop for speculation or a rise in price, but the business will be kept as close up to the gin as possible. Mr. Spangler wishes the growers to understand the situation, and that his bank is not making these loans for the purpose of speculation, but is only able to do so because of its business connections to keep, foster and carry to a successful conclusion the most important industry in this valley.

RETURNS FROM GERMANY
A telegram was received yesterday from J. M. Schuele, by relatives, that he had arrived in New York and would be home in about five days. Mr. Schuele has been visiting in Germany since the first of June.

ELECTION QUIET
Ever since 8:15 in the morning, when the first vote was cast, there was a steady business yesterday at the polling places. The citizens were quiet but earnest and went about the casting of their votes like they meant business. Up to a late hour in the afternoon only local men were electioneering.

BACK FROM PINE
L. V. Guthrie returned yesterday from a business trip to Pine. He reports having had a pleasant trip. Also that the cattle are looking good up there, with splendid range. As he came by the dam a ten-foot rise was reported.

STILL ALIVE
Messrs. Morehead and Escodilla, of Gilbert, have purchased a wagon from Allison & Davis. They still find it necessary to keep up their farm work.

ENGINE O. K.
Manager Guy Attaway made a try-out of the engine recently installed at the gin and found it in good shape. This about concludes the necessary tests before ginning commences. There is quite a bit of cotton now in and more coming every day.

OPERATION SUCCESSFUL
The oldest daughter of Mr. and Mrs. R. E. Shill of Lehi was operated upon by Drs. Moer and Drane for chronic ulcer. The little girl stood the trial nicely and is reported to be improving.

BIGGEST SHIPMENT OF WEEK
Drew & Sons have received four cars of material for their yards, consisting of posts, coal and lumber.

BUILDING HOUSE
The Drew Lumber company has filled an order for lumber for a three-room house that will be built for C. F. Burns, who lives about five miles east of town.

ALMOST COMPLETED
Contractor Moss is putting the finishing touches to the bank building at Gilbert.

QUITE A LANDLORD
M. L. Arnold is completing the fourth house on his lots on Shirrine street. They are a group of good appearing houses and Mr. Arnold does not have any trouble in filling them with tenants.

NEW MAN
T. H. Elston of Gilbert has accepted a position with the Drew Lumber company, occupying the place lately held by Owen Stewart.

LOCAL MAN SUCCESSFUL
A letter was received from Cecil L. Drew this morning announcing his transfer from Portland to Los Angeles. Mr. Drew is well and favorably known in Mesa, having left here a short time ago for the northwest. He will represent the Hammond Lumber company of Portland in Los Angeles. His health is some better:

LESUEUR-SPILSBURY COMPANY

Sale Closes Saturday Night

MESA, ARIZONA

We will make absolutely no advance in prices in any of our departments as long as our stocks, which were bought before the war caused European prices to go up, hold out; and, very fortunately, two of our buyers were in New York at the time war broke out and were able to buy thousands of dollars of merchandise before any advances were made by wholesalers and importers. We now have in our store, in our warehouse and in transit more merchandise than we have ever bought for any one season. So long as our present stock and those which we have purchased before the advances hold out, we will make no increases whatsoever from now on. More than ever before it will be to your advantage and ours for you to shop around and compare prices before you buy.

than when he left, which his friends will be glad to learn.

DR. PALMER HOME

Dr. Palmer has returned from a vacation spent in the White mountains district. He has spent a pleasant time during the period he has been away and looks well.

SOME CHICKEN DINNER

The Relief society gave a chicken dinner during the day—none of that limited amount either. All you wanted, served, family style. The way the crowd went for that "ere chicken was a caution. Home made lemon pie, etc. Oh, yum, yum.

READY FOR WORK

Miss Mary Smisek, one of the faculty of the Alma school for the coming term, was a Mesa visitor yesterday, getting a satisfactory location for the coming year.

BUSINESS RUSHING

The Lesueur-Spilsbury company has been so successful during their sale thus far that they are placing still more bargains before the people. They received another large shipment of the latest goods yesterday.

YES, A SUCCESSFUL SALE

Lesueur-Spilsbury Co's store has been filled with eager buyers; case after case of fall and winter merchandise arriving day after day. Saturday, September 12, is closing day of this successful sale. Make it a point to be here and save money.—Advertisement.

HAYDEN

On Friday afternoon Mrs. Charles Studley, Jr., delightfully entertained a few friends, complimentary to Miss Katherine Moore, of Phoenix, who has been her guest here several days of this week. The afternoon was devoted to cards and sewing and the hostess served a delightful salad course of refreshments. Mrs. Studley's guests were: Miss Moore, Mrs. Browne, Mrs. Niebuhr, Mrs. Marshall, Mrs. Earl Hatch, Mrs. McQuistan, Mrs. Nels Johnson, Mrs. Geo. Johnson, Mrs. Brooks, Mrs. Knight, Mrs. Hurst and Mrs. Ezell.

The ladies of Hayden have arranged to give a delightful entertainment on the tennis court of the copper company Wednesday evening, and this bids fair to be one of the most enjoyable affairs we have known for some time. It will be in the nature of a benefit for the church building fund and a large attendance is solicited. The spacious tennis

court will be covered with canvas and an able string band will discourse the best of dance music through the evening. There will be will be found the best ice cream and cake and lemonade. The merry-makers will be charged five cents for each dance, twenty-five cents for ice cream and cake and ten cents for lemonade. Everyone should come and make the event a financial success.

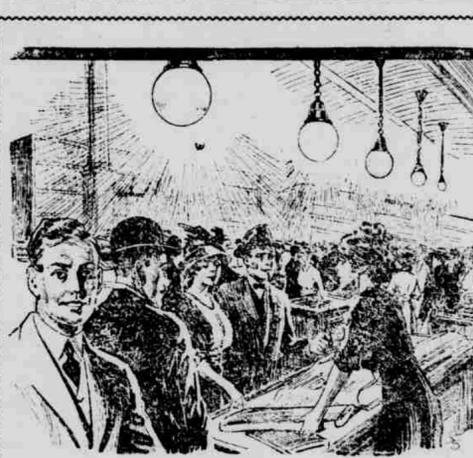

C. E. Johnson has resigned his position with the copper company and gone to Fort Worth, Texas, where he will probably locate.
Mrs. L. S. Cates and little daughter have returned to their home in Ray after a vacation of several months.

LEADS REGIMENT OF PRINCE OF WALES

Major Trotter.

This picture of Major Trotter was taken as he marched past Buckingham palace in London at the head of his regiment, the grenadier guards. This is the regiment to which the Prince of Wales is attached. Major Trotter lost his left arm in the service in South Africa.
