TEMPE NEWS NOTES**W. C. T. U. CONVENTION IN TEMPE NEXT WEEK**

Delegates From All Parts of State to Gather Here April 28, 29 and 30.

The annual convention of the Woman's Christian Temperance Union of Arizona to be held here on the 28th, 29th and 30th, of this month is being looked forward to with interest by the local members and many plans are being laid in honor of the visiting delegates. Between forty and fifty visitors are expected and arrangements for the entertainment of that number are already completed.

The detailed program for the three days convention is not yet out, but the preliminary plans readily indicate that there will be something doing all the time. Morning, afternoon and evening sessions will be held. One or two lectures, a union prayer meeting, of all the Temple churches, and other features are under course of arrangement for the occasion.

The local union will hold its annual flower mission service at the home of Mrs. J. W. McLean tomorrow afternoon at three o'clock, and it is probable that at that time the program for the convention will be pretty well completed.

INSPECTING HOME SITE

Thirteen delegates of the Odd Fellows lodge from Clifton and Morehead were in Tempe yesterday morning, inspecting the site of the proposed Orphan's Home. A ten acre tract was purchased by the committee lying a mile west of Tempe, a year and a half ago, and was turned over to the grand lodge of the Odd Fellows at the session last spring. In view of the probability that the Orphan Home proposition will be aired at the convention in Phoenix this week, the delegates from the mining camps are acquainting themselves with all the conditions before taking any action. The site selected by the committee is in a good section, has all the proper improvements and would make a splendid location for the new Odd Fellows home.

LOST—Small gray pony; weight about 800 and black gelding, weight about 1200; reward. Return to Finch's Livery, Tempe.

LAIRD & DAINES MACHINES

Two new overhead machines were placed in this district by the agent, S. Z. Earle, with the sale on Saturday of a model 35 five-passenger to W. E. Laird and a model 30, five-passenger to Dr. J. A. Dines. Peculiar about the sales is the fact that both machines were placed in the firm of Laird & Dines, the popular druggists of Tempe. That the Overland is the one car for all kinds of use has been well demonstrated by Earle who has disposed of eleven machines since taking the agency the early part of March. Within the first couple weeks he disposed of five machines to parties in and about Prescott and since then he has placed four of five with Tempe parties.

OUTFIT IS FOUND

The horse and buggy stolen from a downtown hitching post Thursday night, has been returned to George Chittenden, the owner. The outfit was found the next morning on South Central street, where it was left by an apparently left by the miscreant who took it from Tempe the night before.

WATER FOR GOLDMAN ADD.

Irrigation water will be turned in the Goldman Addition ditch tonight at nine-thirty for the accustomed run.

CIVIC DEPT. POSTPONED

The meeting of the civic department of the Woman's Club, which was scheduled to be held next Saturday afternoon has been postponed to the following Wednesday. A good program has been arranged for that date and it is expected that a large number of the ladies will attend. The meeting will be held at the ranch home of Mrs. C. G. Jones southeast of town.

POLICEMEN FOR TEMPE

The need of the so-called wooden policemen at street intersections has become quite apparent of late with the ever increasing tide of auto travel, and it is quite probable that the matter will be presented to the council at an early session. Corners on the state highway which passes through Tempe on its main business streets, are in numerous instances hidden from view until the turn is reached, making the present method of travel, using the right or left hand side of the road indifferently, just a little dangerous at times. Various plans for the installation of the little stationary policemen in the middle of the street have been suggested and it is altogether probable that something will materialize before long.

HOME FROM SAN SIMON

V. L. Wildermuth returned yesterday morning from the San Simon Valley in Eastern Arizona, where he went to investigate the ravages of the cut worm working on the alfalfa crops of the valley. It is probable that the bureau of entomology will take steps towards the extermination of the pest.

CHRISTIAN SCIENCE DISCUSSION
The series of revival meetings which have been in progress for the last two weeks at the Christian Tabernacle in Tempe, will close tonight with a special sermon by Evangelist Claude Jones on "Christian Science." This is a sermon that he gave in Phoenix recently and it was so strong, that by special request he has been induced to offer it as a special topic to close the series this evening. The several services yesterday were all well attended and the evangelist preached two splendid sermons. The meeting this evening commences at 7:45.

MESA NEWS NOTES**MIDSUMMER EXPOSITION**

An event of far reaching importance to Mesa is the holding of a mid-summer county exposition and of greater importance is the holding of the event at this place. Mesa will have the opportunity to secure the attraction at this place and all that remains is for the Commercial club to accept the proposition and say the word. The plans are arranged and the grounds have been secured. Secretary Robertson yesterday placed the matter before J. J. Fraser whereupon the East Main street park better known as the Kimball tract, the portion directly west of the Kimball house was donated for the use of the holding the fair. The place will be attractively decorated the shade is ample and furthermore it is close in and will be large enough to accommodate a good many hundred people as well as provide ample room for an immense exhibit.

A committee consisting of P. Apple of Tempe, H. R. Spaulding of Phoenix and J. A. Armstrong, Maricopa county farm advisor representing the Maricopa Farmers Institute, an organization of farmers who are anxious to see the return of the old time county fair, called upon Secretary Robertson yesterday and announced that they were very anxious to see a mid-summer fair held at Mesa.

The matter of a county fair to be held in Mesa was first taken up by the Mesa Postoffice and Post Stock section and they have been tireless in their efforts to secure the event at this place.
