This can be easily done if you are con-
templating the purchase of an engine.
Because we are selling out our entire
stock of I. H. C. Engines at cost. Think
of it. We are doing this because we are
the state jobbing distributors of the Foss
Engines and feel that all of our time
and energy must be devoted to one line.
Another reason is that stock room must
be made very quickly to make room for
a carload of Foss Engines en route from
the factory. We are therefore offering
all of our I. H. C. engines at the cost
price and with every one sold goes our
regular guarantee. Again we reiterate
"If you have to have it, get it now and
make your big saving."
