TEMPE MAN ENTERS  
GOVERNMENT WORK

TEMPE, July 20.—Another of Tempe's foremost citizens has offered his services to the government and has been accepted. He is J. W. Arnold. He has been appointed to an important post in the traffic service of the war department at Washington. The government supervision of railroads has opened a field where Mr. Arnold can do most effective service and he immediately tendered his services to the government. He will report within a few weeks to the department in Washington.

Mr. Arnold as secretary of the Community club rendered a public service that is of inestimable value. In the Liberty loan drives he led over the top and in the recent Red Cross drive Mr. Arnold at the helm, drove away over the allotment. In local circles he has long been prominent and has served as president of both the Masonic and the Pythian lodges.

What is true of the man is also true of the family. Both Mrs. Arnold and the Misses J. and Leone Arnold have had prominent places in social and civic circles in the community and as Red Cross workers proved themselves enthusiasts. An their patriotism is taking them to Washington with Mr. Arnold and they, too, expect to "get into the game" and help win the war.

## Whole Family Serves

Different families over the state have been setting forth the respective merits of their boys and how many have gone to war, but it remains for one family to go them one better and lay claim to 100 per cent war service Americans.

Raleigh Butterfield, who is the operator for the Chandler Moving Picture theater, has just enlisted in the United States Marines and leaves next week for training camp. With his enlistment every member of the Butterfield family is in the service. His mother, Mrs. J. P. Glass, is a stenographer at Camp Kearney, while his two brothers, Shirley and James, are also training at Camp Kearney.

This puts all members of the family in the service of the government, the senior Butterfield having died several years ago. The Chandler man's wife and children will live with her mother in Phoenix until the close of the war.

HIGH PRINCIPAL TO  
BE CHOSEN TONIGHT

A principal for the Phoenix high school to succeed R. Thane Cook probably will be selected at a meeting of the school board to be held this evening at 8:30 o'clock. The board is made up of the following members: Amos A. Betts, president; Lin B. Orme, B. F. McCall, J. M. Stewart and George A. Alkire.

More than twenty applications for the position of principal of the Phoenix high school have been received by the board, but these have been narrowed down to practically two men, one of whom undoubtedly will be selected at the meeting tonight. Of these two, the one who seems to be favored is a very high class man. While the school board is not limited in the amount of salary it can pay to a principal, it is stated that such a man as the one they have in mind would probably be paid not less than \$4,000 a year.

The twenty or more candidates who have made applications for the Phoenix position are from all parts of the United States.

TAX COMMISSIONERS  
ARE OFF FOR NORTH

Charles R. Howe and Rudolph Kuchler, members of the state tax commission, left Phoenix yesterday for Grand Canyon, where they will attend the annual state tax conference which convenes there on Monday. C. M. Zander, chairman of the commission, with Don G. Henderson, secretary, and Miss Amy

Greenlee, stenographer, leave for the Grand Canyon this morning. They expect to return to Phoenix on Monday, July 23.

The annual tax conference is a most important gathering, on which occasion practically all assessments of large properties of the state are gone into preparatory to the meeting of the state board of equalization, which will convene in Phoenix on August 5.

Those present at the conference at the Grand Canyon besides the commissioners will be the county assessors, representatives from the boards of supervisors and representatives from all classes of property in Arizona. The state conference last year was held at Nogales.

GETS IN AT LAST—A commitment was issued yesterday for the transfer of Dewey Thurio to the penitentiary for a term of from four to five years. He had been found guilty of issuing a fictitious check. Every since he has been in there, though, he has been trying to effect an entrance to the penitentiary.

FINANCES AND  
MARKETS

[Republican A. P. Leased Wire]

NEW YORK, July 19.—Stocks paused in their upward course today, although the war news was again largely of a character to promote bullish operations. Advances of one to two points in the first hour were not maintained, prices yielding later on realizing sales.

Public participation was disappointing in view of the greater optimism manifested throughout the financial district. The firmer money market also acted as a deterrent, with conflicting forecasts of tomorrow's bank statement.

Business centered in about a half dozen stocks, led by United States Steel, which recorded an extreme setback of two points and made only fractional recovery.

Baldwin Locomotive, Tobacco Products, Bethlehem Steel, Corn Products, Mexican Petroleum and Marine Pre-

ferred almost in the order named, constituted the other leaders, nearly all forfeiting their variable gains of the forenoon. Total sales amounted to 475,000 shares.

Strength of neutral exchange, restoration of the one per cent dividend on Chicago Great Western preferred and further corporate financing were among the financial developments of the day.

Another rise of 4 1/4 points in Paris sixes which later reacted 2 1/4 was the only feature of the irregular bond market. Total sales, par value, were 6,875,000. Old U. S. bonds were unchanged on call.

CHICAGO, July 19.—Fresh successes of the centes allies led to big new breaks today in the corn market. Prices closed unsettled, 2 1/2c to 3 1/2c net lower, with August \$1.52 1/2 to \$1.52 3/4 and September \$1.53 to \$1.53 1/4.

Oats finished 1/2c to 1 1/4c down, and provisions off a shade to 1c. In addition to the war news, the favorable weather was against the bulls, and so, too, were liberal receipts.

Reports from the Canadian north-west made the oats market show stubborn resistance to selling pressure.

Provisions finally eased off a little with grain, despite higher quotations on hogs and notwithstanding liberal shipments. Close:

Corn—August, \$1.52 1/2; September, \$1.53.

Oats — August, 70 1/2c; September, 69 1/2c.

Pork — July, \$45.25; September, \$45.35.

Lard — July, \$26.15; September, \$26.22.

Ribs — July, \$24.42; September, \$24.72.

MERCANTILE PAPER  
NEW YORK, July 19.—Mercantile paper 4 months 8 per cent; six months 8 per cent; sterling 60 day bills \$4.72 1/2; commercial 60 day bills \$4.71 1/2; demand \$4.75 1/4; cables \$4.76 1/4; b-a- silver and Mexican dollars unchanged.
