FORDSON TRACTORS
TEAR SOD TOMORROW

The demonstration of Fordson tractors scheduled to take place Tuesday, November 26, but which was postponed on account of the hard rain, will take place Friday, November 29, at the ranch of Fred Fuller, corner of L and Fourth and Fourteenth avenues.

The ground over which the demonstration will take place is said to be the toughest piece in the Salt River valley and the match of any tractor made. E. L. Sutton, the man who will handle the Fordsons, declares that his pet will surely tear up the sod, despite the condition of the ground. He is an experienced hand at handling Fordson tractors and himself the owner of one.

Ed Rudolph, the local agent for the Fordson tractors, has recently received several shipments of the machines, but has sold them as fast as he could get them here. He even made several trips to El Paso to see J. W. Kirkpatrick, the distributor for Arizona, about getting a larger supply.

Tomorrow the Fordson will be put to the test with as many spectators watching as care to come.

DAILY DRAWING AT
PHOENIX COTTON GIN

The following names were drawn yesterday at the Phoenix gin of the Southwest Cotton company. These men are therefore entitled to each bring one load of cotton to that gin on Wednesday, December 4:

J. W. Hunt, H. C. Carney, E. J. Wilken, Frank H. Parker and the Lincoln Cotton company.

Through arrangement with The Republican, the names drawn each day at the Phoenix gin of the Southwest Cotton company will be published for the information of all those interested.

POSTOFFICE GIVEN
O. K. BY INSPECTORS

Every department of the Phoenix postoffice was thoroughly inspected yesterday under the supervision of Inspector Charles F. Dutton, in charge of this work for the government in the state of Arizona. He was assisted by Inspectors Roy H. Cauley and J. L. Cooper, both under the San Francisco division. This is their annual trip of inspection.

Not only was the local office and all the officials given clean bills of health, but the inspectors united in complimenting them upon the excellent condition of the accounts and service rendered in this district.

	\$72,280.49	\$21,320.43	\$93,600.92

Dwight B. Heard, commenting on this report yesterday, said: "The executive committee has previously thanked the large number of workers throughout the county who made the remarkable success of the United War Work drive possible. Some districts labored under decided disadvantages because of the 'flu', but with a splendid courage and fine spirit maintained their work in face of serious obstacles. All of the workers not only gave their time, but bore all expenses in connection with their work, so that our total expenses in connection with the drive, including all clerical work at headquarters, was \$561.47 or less than 6-10 of 1 per cent of the amount collected, which has naturally been very gratifying to the committee."

One of the very satisfactory features of the campaign is that of the total amount subscribed of \$93,600.92, \$72,280.49, or nearly 80 per cent is in cash.

Guy Alsap, acting for the committee and the National Bank of Arizona, will have general charge of the collection of pledges, but all district chairmen are urged to complete their work by, if possible, arranging for the collection of these pledges and turning the amounts in to Mr. Alsap, as the committee desires to make as good a record on the collection of these pledges as has been done in the raising of the fund."

TWO DAYS MORE OF
R. C. LINEN SHOWER

Two more days will see the end of the Red Cross linen shower. There are still a great many pieces of linen that are needed. Following is the list:

261 bath towels.
418 hand towels.
172 sheets.
49 napkins.
236 handkerchiefs.

Persons having linen they wish to donate, but who have no way of getting the goods to Red Cross headquarters, are asked by those in charge to telephone to the Red Cross and the linen will be called for.

The Red Cross asks Phoenix people to keep in mind the following thought: "Let no day pass on which some thought, some deed, is not devoted to thy country's need."

J. B. WILSON DIES OF
PNEUMONIA IN FRANCE

James B. Wilson, formerly with the Pacific Mutual Life Insurance agency here, died of pneumonia early in October in France, according to word received here yesterday. He was 24 years old and the son of Mr. and Mrs. M. W. Wilson of Hazelhurst, Miss.

Mr. Wilson enlisted in the chemical warfare service here early in August, after several attempts to enter a mercantile branch. He had been in France only a few weeks when he contracted the influenza, which turned to pneumonia and caused his death.

Before joining the insurance agency, Mr. Wilson served as a deputy in the office of the county recorder. He made many friends during his less than a year's stay in Phoenix.

HELP IS NEEDED TO
SEW HOSPITAL RUGS

A call for assistants to aid her in cutting and sewing rags for rugs for the American hospitals was issued yesterday by Mrs. Joseph S. Stark.

Mrs. Stark stated that more women must lend assistance for this work in order to supply the quota demanded by the Red Cross. She is therefore asking for volunteers and requests them to notify her by telephone, 2413, at her home address.

There are 84 yards of rags to be prepared for the rugs, the material all being new.

RUTH BENICK GOES TO
RESUME STAGE WORK

Miss Ruth Benick left last evening for Seattle, where the eleven little actresses will resume her engagement with the Wilkes stock company. Her few days in town were passed quietly at the home of her parents, Mr. and Mrs. R. H. Griffin, a home saddened by the death recently of another daughter, Mrs. Charles Gardiner.

Miss Benick was too grief-stricken over her sister's death to speak of her own affairs, but all Phoenix who loved the lovely amateur actress has followed with interest her career on the coast. The people are familiar with her successes in Los Angeles with Morosco and her more pronounced success in Seattle with the company with which she now appears as ingenue. She hoped to return to Phoenix for a longer vacation, said Miss Benick on leaving last night.

GRANDMA NEVER LET
HER HAIR GET GRAY

SHE KEPT HER LOCKS DARK AND GLOSSY, WITH SAGE TEA AND SULPHUR

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.—Ad.

URGES FREE LEGAL
AID BE CONTINUED
FOR MEN RETURNING

Legal aid committees, working under the state councils of defense, have just been urged by Adjutant General Harris of the United States army to continue their voluntary services for returning soldiers. Request for this patriotic donation is based upon the fact that 30 days after a soldier's discharge, he automatically becomes a civilian and his domicile. It is for the purpose of protecting the peculiar privileges of the soldiers and sailors, under the Soldiers' and Sailors' Civil Rights bill, that this demand is made upon the attorneys of the state of Arizona.

The telegram reads: "Adjutant General Harris requests field division to ask states to continue legal aid committees to give free legal aid to returning soldiers under the civil relief act. Need for competent legal aid in demobilization greater than in period of mobilization. Soldier protected from litigation only so long as in military service. He becomes civilian in the eyes of the law, two months before he is required to cease wearing uniform and must act promptly to secure full protection of the civil relief act. This legal protection is a duty the people owe the soldier."

A soldier may wear his uniform for three months after discharge. He becomes a civilian two months before that. This gives him but 30 days, following his discharge, to adjust his affairs to a civil basis. Charles C. Wolf of Tempe was chairman for the local council of defense in charge of legal affairs for soldiers during mobilization. Officials of the council here state that they believe every attorney in the state will as freely volunteer his services now, as he did before, and during the time of filling out of questionnaires.

DISCREDITS BELGIAN
DEMAND FOR SCHELDT

BRUSSELS, Nov. 26.—By the Associated Press.—"Belgium must have the left bank of the Scheldt," and this demand should be made at the peace conference, it is agreed by all political parties in Belgium. The correspondent has talked with many diplomats, ministers and members of parliament and they all agree on Belgian occupation of the left bank of the Scheldt.

So far as the payment for losses is concerned, Belgium reckons her losses unofficially at \$8,000,000,000 francs.

WASHINGTON, Nov. 26.—Reports from Brussels, that Belgian leaders hold that Belgium must have the left bank of the Scheldt river, were received today by Dr. W. H. de Beaufort, Netherlands charge d'affaires, with one irregularity.

"I have not a word officially to indicate my government has even heard of such an agitation among Belgians," Dr. de Beaufort said. "Naturally I

cannot credit the fact that so important a difficulty has arisen. "Two things make it unlikely. The first is that the territory has always been in the possession of Holland, and there has never been any controversy over its ownership between the two nations. The second is that the aid and succor extended to Belgium during her many distresses in the war, and the support given thousands and thousands of refugees, now in Holland, would make it impossible that any feeling such as that described should be held among Belgians against my country."
