Julian Holmes Says:--

"It isn't hard to sell a prospective car buyer, when we get a chance to show him the difference between a Reuben Rebuilt car and an ordinary 'Used Car.' There's a heap of difference. If there wasn't, we couldn't deliver a written guarantee with every rebuilt car we sell. When we rebuild a used car, we do it knowing that it must stand the scrutiny of the wisest of buyers, and not only that, but it must 'stand up' after it goes out, therefore we put the best materials and workmanship into the work."
You'll find most makes of cars in our Rebuilt Car Department at one time or another, so if we haven't the one you want to do, leave your phone number and we'll ring you up when we have the car that will suit you.
