

ORGANIZE PARTY TO SEARCH ASIA WILDS FOR "MISSING LINK"

NEW YORK, Oct. 19.—Organized search for the well advertised but undiscovered "missing link"—the remains of near-man—is to be carried on for five periods beginning next February. An expedition financed by a \$250,000 fund will penetrate remote regions, even if it fails to uncover remnants of man's rude pre-historic forebear, it is planned to bring back to New York "the greatest natural history collection the world has ever seen."

The American Museum of Natural History, which is sponsoring the explorations, announced today its associates are the American Asiatic society and the Magazine. These three will finance the expedition with the help of private contributions by Mrs. William Straught, J. P. Morgan, Geo. F. Baker, Childs Frick, W. A. Harriman and Mr. and Mrs. Charles L. Bernheimer.

Huntsmen and cowboys, as well as

erudite professors and scientists, will be included in the party, for it is now planned to trail some of the wildest wild animals in the world in the Gobi desert and bring them back to New York alive. Antelopes that can run 50 miles, wild horses with less speed but more control in their kicking apparatus, and wild camels, wild asses and long-haired tigers can be run down in motor cars, lassoed by Mongol cowboys and some of the specimens brought back alive to the New York Zoological park, said the statement announcing the exploration.

On the Tibetan steppes are enormous yak, snow leopards, giant pandas and beautiful golden monkeys with blue upturned noses, the statement continued. In China is the takin, a creature with a veritable "golden fleece," a strange ox-like animal that roams the highest mountain valleys and actually represents an intermediate stage between the antelope and the goat.

It is the hope of finding bones of a pre-historic ancestor of man, however, that is held highest by Roy Chapman Andrews, associate curator of mammals in the American Museum of Natural History, who will be in charge of the expedition, and his associates. The party will have its headquarters in Peking.

In 1891 a Dutch army surgeon, while excavating for fossils in central Java, discovered part of a skull, two molar teeth and a thigh bone, and thereby

"unearthed one of the most perplexing conundrums in the study of human ancestry," said the statement. "Were the remains those of an extremely early type of pre-human man-like animals?" If so it must have lived approximately 500,000 years ago. With the exception of Java specimens all fossil human fragments were found in continental Europe or England. Nevertheless, leading scientists of the day believe that "Asia was the early home of the human race and that whatever light may be thrown on the origin of man will come from the great central Asian plateau."

WILSON CONFIRMS SENTENCE
WASHINGTON, Oct. 19.—President Wilson has confirmed the sentence of dismissal from service and fifteen years imprisonment at hard labor, imposed by court martial upon Second Lieutenant John G. Gottenkiens, of the Fifth Field Artillery. The officer was convicted of deserting his command at Neuhausen, Germany, in June, 1919, after embezzling \$36,051 of military funds.

THE SPEED BOYS
Still Buck—"Man, I tell you I'm the fastest guy on record. Many a time I've outrun a bullet for four miles and got away from it clean."

Chivy Again—"Call that speed? Shucks. I can turn out the electric lights and be in bed before the room is dark."—American Legion Weekly.

PROGRESSIVES MAY BOOST DEMOCRATS

[Republican A. P. Leased Wire]
NEW YORK, Oct. 19.—A joint statement by "over one hundred representative men and women who have usually supported the Republican or Progressive vote for Cox and Roosevelt and those senatorial candidates "who stand honestly and frankly for ratification of the treaty and adherence to the league" was made public tonight by Hamilton Holt, magazine editor.

This statement set forth that "it is now too late to talk of a new association of nations, to be created under Republican auspices" and, repudiating the present Republican leadership that "has permitted the Republican party to become a little America party," urged all Republicans and Progressives to "put patriotism above party" and add their names to the list of signers.

This list, according to Mr. Holt, is increasing daily. An analysis said that it included 15 Republican officers of the League to Enforce Peace; clergymen representing all the principal denominations; the presidents of Oberlin, Vassar, Smith, Bryn Mawr and Mount Holyoke colleges; several veterans of the great war and nine former Republican or Progressive party managers and officers.

In the last classification were listed Charles P. Howland, New York; Violet M. LeRoy, New York; Theodore Marburg, Baltimore; W. H. Nichols, Bennington, Vt.; Herbert Parsons, New York; Elias D. Salisbury, Indianapolis; Edwin E. Slosson, New York; Richard Welling, New York and Alice White, Wellesley, Mass.

M'ADOO MAKES PLEA FOR NATION LEAGUE

[Republican A. P. Leased Wire]
DENVER, Colo., Oct. 19.—Before an audience that filled the new public market building here last night, Wm. G. McAdoo made a plea for the league of nations. One of the important points regarding the league that had been overlooked by a great many persons was the effect it would have on world finances and world economy, he said.

"The countries of Europe are under a severe strain as the result of the war and some of them may not be able to stand the burdens that have been placed upon them, if the old system is maintained, if it remains necessary to maintain big armies and heavy armaments," said Mr. McAdoo.

Declaring that the Republican party should "adopt the sand crab as the party emblem," Mr. McAdoo assailed Senator Harding's expressions on the league.

The former secretary of the treasury scored the Esch-Cummins railroad bill as a "reactionary" measure under which the government has been forced to pay to "private corporations" \$600,000,000 in the first six months of private ownership.

The Esch-Cummins bill was compared to the federal reserve banking system law, which Mr. McAdoo termed progressive Democratic legislation.

Mr. McAdoo closed his address with a plea to women voters to support the league of nations as an anti-war agreement.

Dick: How's that?
Jim: Why, I left them in front of a fire and they lost their temper.—Boy's Life.

WEEKLY PRODUCTION OF BITUMINOUS COAL IS 12,000,000 TONS

[Republican A. P. Leased Wire]
WASHINGTON, Oct. 19.—Bituminous coal production has reached the 12,000,000-ton weekly total which the National Coal association recently de-

clared was necessary to insure against any shortage of the winter supply. The geological survey announced that the output during the week ended October 9 was 12,050,000 tons, an increase of 66,000 tons over production the week before.

Total production of anthracite coal for the week ended October 9 was estimated at 1,847,000 net tons, as com-

pared with 1,804,000 tons for the preceding week. Shipments were reported to have been the largest since July. A total of 1,283,000 tons of bituminous coal was dumped at tidewater piers for the week ended October 10, the report showed. Exports were 615,000 tons, a slight decrease, but there was an increase in the tonnage for bunker and other accounts.
