CONGROWERS OF MESA SECTION TO MEET TONIGHT

MESA, Nov. 4.—Addresses by Dwight B. Heard, H. C. Heard, Charles M. Morgan and Mrs. Buttersworth will feature a special meeting of the cotton growers to be held Saturday night in the Commercial club rooms under the auspices of the Mesa Farm Bureau.

It would take at least two years to make the change successfully, one grower said Friday, "and whatever action is taken should be carefully considered first. It was believed that a general meeting of cotton growers and open discussion of the matter would throw more light on the subject."

Local farmers have experimented with other types of cotton such as Delta, Durango and short staple, and some are favorably impressed with the possibility of growing a new type here.

Two of the Mesa farm bureau members who are attending the meeting are Mr. J. E. Flanagan, secretary of the Mesa farm bureau, and Mr. J. E. Flanagan, secretary of the Mesa farm bureau.

The subject is one of great importance to all growers, an official of the Mesa farm bureau said Friday, and all should be present to get out to the meeting. It will be held in the Commercial club rooms, starting at 7:30.

Chicago Board Chicago, Nov. 4.—Wheat scored something of an upturn today after a fresh decline at the outset. An accumulation of overnight selling orders caused the initial weakness, which carried the December delivery down to 98 cents a bushel. Estimates, however, that 20,000,000 bushels to 50,000,000 bushels had been sold to the seaboard and were still to be shipped led to a rally, being taken as an indication that the United States had sold all of its exportable surplus. Opening quotations, which varied from unchanged figures to 1/4 cent higher, closed at 99 1/2 to 99, and May at 92 1/2 to 92.
