NUMBER 247.

DEMOCRATS DENOUNCE.

Senator Jones Talks Insultingly of Spanish-Americans.

The United States Will Build Three Monster Battleships.

Gen. Merritt Wants Fifty Thousand Troops for the Philippines.

POPULISTS BADLY BEATEN IN ALABAMA.

St. Louis, Aug. 2.—Senator Jones, of Arkansas, chairman of the national democratic committee, who was in the city conferring with prominent members of his party, said concerning our foreign policy before he left for New York:

"The United States is pledged to the world that an independent, stable government shall be established in Cuba. This country cannot afford to go back on its pledges. These are my private views, which I believe are those of the democratic party. I do not know what conditions may arise respecting Cuba, but I have never known a Spanish-American community capable of self-government, and it is possible that since we set out to free Cuba from Spanish domination we may be compelled to pursue a course which will eventuate in the control of the island. While I am not in favor of the acquisition of territory in the tropics, this course would be less objectionable than any other. Cuba is adjacent to the United States, as is Porto Rico, but the thought of annexing the Philippines is preposterous, undemocratic and not in accordance with the principles handed down from the days of Thomas Jefferson. We began this war to secure the independence of Cuba and nothing more. When we have accomplished that end and Spain has indemnified us for the enormous war expense our mission will be done."

Funeral of Bismarck. Berlin, Aug. 2.—The funeral services in honor of the late Prince Bismarck will take place Thursday morning in the Emperor William Memorial church.

HIG BATTLESHIPS.

Three Monster New Warships to be Built by United States.

Washington, Aug. 2.—The question of the speed of the three battleships provided for by the new naval program has been reopened. It was supposed that the matter had been settled when Secretary of the Navy Long announced a few days ago that the preference would be given in awarding contracts to bidders who offered guarantees of the highest speed, retaining the general characteristics of the design set forth in the department's circular. It is proposed now to change these designs completely, with the intention of making the new vessels larger than was intended and speedier and consequently costlier. To do this will require an amendment to the law providing for building the three battleships. The proposition under consideration is to give the proposed ships a displacement of 13,000 tons instead of 11,500, and to fix their minimum speed at eighteen knots instead of sixteen. Another important change proposed to be made in the new ships is the addition of copper sheathing, to prevent fouling their bottoms and the loss of speed resulting therefrom.

WANTS A BIG ARMY.

Gen. Merritt Wants 20,000 Men for Occupation of the Philippines.

San Francisco, Aug. 2.—In reply to the dispatch received to-day from Gen. Merritt, now at Cavite, Gen. Merritt cabled that since the departure of the governor general of the Philippines five transports, with 4,807 men, had sailed from this port. Scarcely had the message been sent before Gen. Merritt received word from the war department that Gen. Merritt had asked to have his command increased from 20,000 to 50,000 troops, in order to be able to meet any emergency which may arise on account of the hostile attitude of Aguinaldo and the insurgent forces.

Populists Badly Defeated.

Birmingham, Alabama, Aug. 2.—Sixty out of sixty-six counties have been heard from as to yesterday's election. Partial returns received indicate a democratic majority of between fifty and sixty thousand. Reports show that the populists lost heavily.

Reed Renominated.

Portland, Me., Aug. 2.—The Republicans of the First congressional district to-day nominated Thomas B. Reed by acclamation amid much enthusiasm.

Dead.

London, Aug. 2.—Wm. David Murray, fourth earl of Mansfield, is dead. He was born in 1836. Has had been lord of treasury and lord high commissioner of the church of Scotland.

Coal Miners Will Strike.

Pittsburg, Pa., Aug. 2.—If the coal operators in the Pittsburg district do not conform with the terms of the Chicago agreement by August 10, 5,000 miners

will be ordered to strike. This is the decision of the convention of the United Miners of this district now in session here. "We are not anarchists, nor chronic disturbers but our organization is determined that the terms of the Chicago agreement shall be enforced," said National President Ratchford. A 5 per cent levy to pay the expenses of the strike was ordered.

Chicago Stock Market. Chicago, Aug. 2.—Cattle—Receipts, 2,500 head; market steady to strong. Horses, \$4.15 to \$4.40; cows and heifers, \$2.15 to \$4.00; Texas steers, \$3.50 to \$4.50; western rangers, \$4.00 to \$4.60; stockers and feeders \$3.10 to \$4.65.

Sheep—Receipts, 12,000; steady. Natives, \$3.00 to \$4.75; westerns, \$3.80 to \$4.50; lambs, \$5.75 to \$6.50.

Commodities outside.

New York, Aug. 2.—George Tod, a wealthy resident of this city, committed suicide to-day by jumping from the tenth-story window of the Hotel Majestic. He had been suffering from melancholia for some time. He was a brother of J. Kennedy Tod.

BURIAL OF BISMARCK.

The Emperor of Germany May Not Attend the Funeral. Berlin, Aug. 2.—It seems doubtful whether Emperor William will go to Friedrichsruhe owing to the attitude of Prince Herbert Bismarck, who has not only not heeded his majesty's desire to have his father buried in Berlin, but seems to have refused Prof. Lenbach permission to paint the portrait of the deceased as the emperor desired. Besides the coffin containing the remains of Prince Bismarck has been closed somewhat hurriedly.

Kansas City Market. Kansas City, Aug. 2.—Cattle—Receipts, 9,000; market steady to strong. Native steers, \$4.00 to \$5.30; Texas steers, \$3.25 to \$4.35; Texas cows, \$2.00 to \$3.65; native cows and heifers, \$1.50 to \$4.00; stockers and feeders, \$2.50 to \$5.10; bulls, \$3.00 to \$3.75.

Sheep—Receipts, 2,000; market firm. Lambs, \$4.00 to \$6.10; muttons, \$3.00 to \$4.50.

POLITICAL PRISONERS.

Gen. Shafter Releases All Political Prisoners at Santiago.

Washington, Aug. 2.—The war department has posted the following telegram from Gen. Shafter, dated Santiago, Aug. 1: "All political prisoners have been immediately released as soon as we reached them. Have not heard from Guzmanano, but Gen. Kwers went there three days ago to receive the surrender of arms and political prisoners. They were undoubtedly released on his arrival."

Probate Court News.

In the probate court yesterday the account of D. Morill against the estate of Franco Frank was tried before Judge Hubbell. Attorney Tomas Montoya represented the plaintiff and E. W. Johnson the estate. The account amounted to \$700, and of this only three items, amounting to \$27.50, were allowed. Morill claimed to have paid \$400 for a license for Franco Frank, but the estate showed that he had paid this license out of his own money.

As soon as the court announced its decision, the plaintiff took an appeal to the district court.

The claim of B. S. Rodey for \$275 against the estate of Louis Imbert was allowed in full.

Association of Clerks.

A meeting was held last night at the store of Rosewald Bros. for the purpose of forming an organization of the clerks of Albuquerque. J. W. Preisel was elected temporary president, and D. S. Rosewald temporary secretary. A committee of five was appointed to draft a constitution and by-laws and report same at the next meeting, which will be held at the same place this Sunday morning next at 10 o'clock. At this meeting a permanent organization will be formed and permanent officers elected. All clerks are urged to attend the meeting and affiliate themselves with this association. This includes all who are employed in an office or store in any line of business.

The Hearing Postponed.

Owing to the illness of Justice Juan Duran, the preliminary hearing of the Sedillo brothers, charged with the murder of Vincente Baldonado, was postponed from this afternoon until 10 o'clock this morning.

National Meet. League of American Wheelmen.

TERMS OF PEACE.

Official Statement of Demands of the United States.

Populists in Control of the Fusion Nebraska State Convention.

Philippine Insurgents Giving No Assistance to the American Forces.

FEDERATED WIRE WORKERS STRIKE.

Washington, Aug. 2.—The following is the official statement given out by authority of the president to-day after the cabinet meeting. In order to remove any misapprehension in regard to the negotiations as to peace between the United States and Spain, it is deemed proper to say that the terms offered by the United States to Spain, in the note handed to the French ambassador on Saturday last, are in substance as follows: The president does not now put forward any claim for pecuniary indemnity, but requires the relinquishment of all claim of sovereignty over the title to the island of Cuba, as well as the immediate evacuation of Porto Rico and other islands under Spanish sovereignty in the West Indies, and likecession of an I-land in the Ladrones.

The United States will occupy and hold the city, bay and harbor of Manila pending a conclusion of a treaty of peace, which shall determine the control, disposition and government of the Philippines. If these terms are accepted by Spain in their entirety, it is stated that commissioners will be named by the United States to meet commissioners on part of Spain for the purpose of concluding a treaty of peace on the basis above indicated.

NEBRASKA POPULISTS.

They Control the Democratic and Silver Re-publicans of the State.

Lincoln, Aug. 2.—A night of caucusing and conference failed entirely to clarify the political atmosphere incident to the fusion state convention which meets this afternoon. It developed emphatically to-day that the populists are master of the situation and can dictate terms to the other two parties which probably will be on the basis of giving the lieutenant governor to the free silver republicans, the attorney general to the democrats and the balance of the state ticket to the populists. As to the head of the ticket, Governor Holcomb is more frequently mentioned as a possible compromise candidate, but it is doubtful if he would accept with his knowledge of the populist opposition to a third term.

The story connecting the name of W. J. Bryan with the gubernatorial nomination was quickly denied as absurd by the delegates who claimed to be able to speak for Bryan.

A surprising strength has been developed by J. H. Edmiston, present state oil inspector and chairman of the populist state central committee. It is generally conceded that the choice for the head of the ticket lies between Edmiston, Thompson, Giffin and Weir, with the chances slightly favoring Judge Thompson.

PHILIPPINE INSURGENTS.

Aguinaldo Respectful to American Officers, But Wants to Run Things.

New York, Aug. 2.—A cablegram to the Journal from Cavite, July 30, via Hong Kong, says that a correspondent spent two days interviewing the insurgent leaders. He discovered evidence of jealousy at the American invasion, but no actual anti-American feeling. The dispatch adds: "Aguinaldo is respectful to our Admiral Dewey, Gen. Merritt and Consul Wildman, and will go any length to retain Wildman's good opinion, but holds back from giving energetic help to the United States for fear. He will give only a negative sort of assistance until he knows the exact form the American policy will take. He is disturbed by the telegraphic reports that the United States will abandon the islands to Spain. There are indications of a clash between Gen. Merritt and Aguinaldo."

TO BE INVESTIGATED.

Medical Department at Santiago Is Being Severely Criticized.

Washington, Aug. 2.—An effort will be made by the war department to ascertain the name of the official at Shafter's headquarters who is responsible for dispatching to the United States transports loaded with soldiers, which are alleged to be unfit for the work to which they are put. Surgeon General Sternberg has sent the following dispatch to Major Harvard, chief surgeon with Shafter's army: "The management of the medical department at Santiago is severely criticized. Sick and convalescent sent on the quarter masted transports are said to be overcrowded not properly supplied with medicines, or medical attendance, or with suitable light diet. Who is responsible? Report in full and take measures to prevent similar occurrences in the future."

A rigid investigation is to be made of the charges by the Red Cross officials and others concerning the untidiness of the transport Concho, which reached New York several days ago.

Married.

Coburg, Aug. 2.—Duke Ernest Guethner of Schleswig-Holstein, brother of the empress of Germany, was married at Court church here to-day to Princess Dorothea Marie Henrietta Augustina Louise of Saxe-Coburg.

Bodies of the Drowned.

New York, Aug. 2.—The steamship Westerland arrived today and those on board report that sixty miles off Sable Island within one mile of the spot where the ship La Bourgogne went down on July 4, the bodies of twenty-six men and

two women were seen floating in the water. It was a significant fact that almost all the bodies of the men floating with life belts on were sailors. The passengers seemed to have no life belts and therefore sunk.

Emperor William. Kiel, Aug. 2.—Emperor William and empress left to-day for Friedrichsruhe.

SPANISH CLAIMS.

Millions to Be Demanded of Spain for Damage to American Property. Washington, Aug. 2.—It is understood to be the present intention of the administration to assume full liability for claims presented by American citizens against Spain on account of injury to person or property in Cuba. Some part of this liability may be imposed upon the government of Cuba later on, when that shall have been established, including such cases as can be directly charged up against the insurgents, where they have destroyed property of American citizens in the course of their operations. The amount of the claims against Spain was \$10,000,000 at the date of the destruction of the Maine. It is estimated that the total has been increased to \$20,000,000 since that time and no doubt there are many other claims not yet presented.

Major Gen. Wade had a long consultation with Secretary Alger to-day perfecting the details of the expedition that he will lead to Porto Rico to reinforce Gen. Miles. Fifteen regiments have been practically selected.

STRIKE IN OHIO.

Wire and Nail Workers at Cleveland Quit Work.

Cleveland, Aug. 2.—A strike was formally declared to-day by the Federated Wire Trades at the works of the H. P. Nail company and American Wire company both of which are now under control of the recently formed wire and nail trust. The strike will throw about 2,100 men out of employment. The cause of the strike is a general cut of 33 1/2 per cent in wages and a threatened cut of 30 per cent more.

Police Court News.

In Justice Crawford's court to-day Bert Rutherford pleaded guilty to the charge of assaulting George McKenna, the night yardmaster in the railroad yards, and was fined \$10. The feelings between the two have been strained owing to the fact that Rutherford charged McKenna with having caused him to lose his job with the railroad. Last night Rutherford went to the place where McKenna was working and a fight ensued in which the latter got the worst of it. The proceedings were interrupted by the arrival of Officers Lane and Martinez, who placed both of the men under arrest. McKenna was discharged by the court.

The sample of guano left at the livery stable of W. L. Trimble & Co., by J. S. Trimble and H. S. Knight, of the finest quality, and J. H. Pegue states that it is worth between \$18 and \$20 per ton for fertilizing to the farmers of California. When Messrs. Trimble and Knight were at Lava station last Sunday, where W. L. Trimble & Co. are doing a particular piece of grading for the Santa Fe railway, they visited the Houlliere cave and Mr. Knight confirms the recent published account that the cave must contain from five to eight car loads of guano, the cave having been the roost of innumerable bats for years.

R. M. Thomas, assistant superintendent of the railway mail service, is in the city interviewing Postmaster Grunsfeld. These gentlemen, fully aware of the fact that contagious diseases exist and that some people are very careless in exposing others, warn the public to use extra due diligence, else the government will be compelled to fumigate all mails leaving from and coming through the Albuquerque postoffice.

C. B. Dixon and family will leave to-morrow morning for the Sulphurs, where they will spend a vacation of several weeks. During Mr. Dixon's absence the Montezuma saloon will be temporarily closed, to be opened again on his return to the city.

Electric fans to keep you cool are new and timely features of Santa Fe route dining cars.

The public schools will open the first Monday in September.

RAILROAD WRECK.

Accident Occurred on Santa Fe Pacific Near Holbrook.

One Killed and Thirty-Four Injured in the Wreck.

SICK AND FEVER CASES IN AMERICAN HOSPITALS IN SANTIAGO, CUBA.

EXTRA SESSION OF CONGRESS.

Special to the Citizen.

Holbrook, Ariz., Aug. 2.—Santa Fe Pacific train No. 1, westbound from Albuquerque, was derailed at St. Joseph. The accident was caused by a broken rail. The engine, baggage and mail cars passed over the broken rail, but the other cars were derailed. Four cars, including sleepers, day coach and chair cars, are in the Little Colorado river, up side down. Only one fatality is reported, Ray Hooding, a boy 9 years old. His father is the Santa Fe Pacific agent at Kingman, Ariz. Thirty-four persons are more or less injured. The injured as well as the other passengers were taken to Winslow and made as comfortable as possible in the Harvey house. Dr. Woods, assisted by the company physicians from Flagstaff and Williams, dressed the wounds of the injured.

The only train man hurt was Conductor Heady, and his injuries are slight. His face was scratched and he received a few body bruises. The Pullman conductor and porters were considerably shaken up.

NO. 2 ON TIME.

At the time of going to press train No. 2 from the west is reported on time. This train leaves Winslow shortly before noon, so it would seem that the wreck was all cleared away at that hour.

A special train, in charge of Conductor Hall, was sent out from here at 11 o'clock this morning to the scene of the wreck. Drs. Cornish and Elder, with several assistants, went out on this train and will take care of the injured.

The telegrams received by local railroad officials are very meager, but corroborate the special dispatches of THE CITIZEN published above.

SICK AT SANTIAGO.

Death Rate is Light and Sick Cases are Being Reduced.

Washington, Aug. 2.—The detailed condition of affairs at Santiago, together with the lists of deaths each day, is shown in the following telegrams from General Shafter: "Sanitary condition on July 29: Total sick, 4,164; total cases of fever, 3,212; new cases of fever, 600; cases of fever returned to duty, 792; deaths, 10. "Sanitary condition July 30: Total sick, 3,892; total cases of fever, 2,930; new cases, 543; cases of fever returned to duty, 815; deaths, 6."

In a dispatch dated Santiago, to-day, Gen. Shafter says that he is in hospital wounded and sick prisoners, 2,181.

EXTRA SESSION OF CONGRESS.

Cleveland, O., Aug. 2.—Senator Hanna stated to-day that an extra session of congress will undoubtedly be called early in the autumn. "The beginning of the end of the war is at hand," said the senator, "and an extra session will have to be called to consider the ratification of the terms of peace."

NO EXTRA SESSION OF CONGRESS.

Washington, Aug. 2.—There will be no extra session of congress, though the senate will have to be called together for the prompt ratification of the treaty of peace if the present plans of the president prevail. It is stated at the White House that unless there should be some extraordinary development the house will not meet until in convenes in regular session next December.
