THE KILLED AND WOUNDED!

The Spaniards Renewed Attack on American Outposts at Manila.

GENERAL MERRITT'S OFFICIAL REPORT.

New York, Aug. 18.—A dispatch to the Herald from Camp Dewey, August 16th, via Hong Kong, says: The Spaniards renewed the attack on the American outposts last night. The trenches were occupied by battalion each of Fortieth and Twenty-third regulars and Nebraska volunteers, the latter holding the extreme right and company of regulars the extreme left. They returned the Spanish fire, and hot firing lasted for half an hour. The American losses were chiefly from shells.

Killed—Howell, S. F., private, Company B, Fourteenth regular infantry; McCanna, private, Company C, Fourteenth regular infantry; Sant, C., private, Company F, Twenty-third regular infantry. Wounded—There were eleven wounded, four seriously as follows: Head, Claude, Company G, First Nebraska, shot in the abdomen; O'Conner, D. J., private, Company D, Fourteenth regular infantry, shot in the thigh; Lambert, Clinton, Company D, Fourteenth regular infantry, shot in the chest; Snow, Lucius, Company D, Fourteenth regular infantry, shot in the leg.

There was heavy artillery duel this morning, the Utah artillery replying with spirited fire to the Spanish guns, and finally landing a shell near the powderhouse. This must have disabled the guns as the Spanish fire ceased.

Opportunity given the Spaniards to surrender, but they refused. Washington, Aug. 18.—The war department has received the following: Hong Kong, Aug. 18.—Adjutant general, Washington: Manila, Aug. 13.—On the 7th inst. Admiral Dewey joined in an forty eight hour notification to the Spanish commander to remove the non-combatants from the city. On the same date a reply was received expressing thanks for the humane sentiments and stating that the Spaniards were without places of refuge for the non-combatants now within the walled town. On the 9th inst. he sent a joint note inviting attention to the suffering in store for the sick and non-combatants in case it became our duty to reduce the defenses; also setting forth the hopeless condition of the Spanish forces, surrounded on all sides—dirt in front, no prospect of reinforcements—and demanded surrender as due to every consideration of humanity. On the same date he received a reply admitting their situation, but stating that the council of defense declares that the request for surrender cannot be granted, but offered to consult the Spanish government if time was granted necessary for communication via Hong Kong. A joint note in reply was sent declining. On the 13th inst. the navy in the attack with the following: After about half an hour's accurate shelling of the Spanish lines, McArthur's brigade on the right, and Greene's on the left and under Anderson, I made a vigorous attack and carried the Spanish works. Loss not accurately known, but about fifty in all. The behavior of the troops was excellent, and co-operation of the navy most valuable. The troops advanced rapidly on the walled city, upon which a white flag shown and the town capitulated. The troops occupy Malate, Binondo, and walled city of San Miguel. All centers are protected. Insurgents quiet. No disorder or pillage. MERRITT.

His flight in safety. Reported American Commander Arranged for Asst's Departure. Berlin, Aug. 18.—A dispatch from Hong Kong, dated August 18, and evidently official, says: The Kaiserin Augusta, which left Manila with a dispatch from Admiral Von Driedrichs after the fall of the city, will return there to day. Gen. August and family arrived on board the cruiser. Admiral Von Driedrichs, at the request of Gen. August, gave them passage by arrangements with the American commander. Gen. August has left Hong Kong en route for Spain.

Censorship Abolished. New York, Aug. 18.—The Western Union Telegraph company's central cable office announces that all censorship by cable has been abolished.

The Insurgents Must Obey. Order of Gen. Merritt as to the Occupation of Manila. Washington, Aug. 18.—The war department to day made public the order sent to general Merritt last evening regarding the occupation of the city of Manila by the American forces, as follows: Adjutant General Office, Washington D. C., Aug. 17, 1898.—To Major General Merritt, Manila: The president directs that there must not be any joint occupa-

GENERAL RESUME.

Important Dispatches Being Considered by Officials.

Peace and Order Will Be Preserved by Our Troops. Admiral Cervera Will Not Return to Spain Forthwith. NEW YORK TO GO TO HAVANA.

Washington, Aug. 18.—Dispatches of importance were received and considered at the war department to day. Immediately after the arrival of Secretary Alger at the department he had a consultation with Gen. Corbin and denied himself to visitors. The conference was a protracted one. They were considering dispatches received from Gen. Merritt and from Santiago. It is understood that General Merritt's dispatches were not of a disquieting nature, although the conditions to be faced in the Philippines are giving the department considerable concern. The conditions at Santiago are causing a great deal of uneasiness, and it is believed more troops will be ordered there very soon. Already orders have been issued directing the Fifth regular infantry, now at Tampa, to proceed at once to Santiago. Inquiries have been made as to the condition of the immune regiments, which have not yet sailed, with a view of sending them to Santiago.

The government intends to take vigorous measures to preserve peace and keep order in Santiago and territory under United States control. The emphatic order issued by General Lawton a few days ago will be followed by orders sending sufficient disciplined troops to enable him to carry out the instructions of the secretary. As a further step in this direction the president to-day directed that the Twenty-third Kansas regiment, colored, be dispatched to Santiago to form an army of occupation of Cuba. The Kansas had tendered their services for this purpose and urged acceptance, which President McKinley and Secretary Alger finally agreed to today after a conference with Representative Curtis of Kansas.

It was decided also to send the Twentieth Kansas to Manila should additional troops be asked for by General Merritt. The Twentieth is now at San Francisco.

HAVANA HARBOR. To Be Entered by Sampson's Flagship, the Cruiser New York. New York, Aug. 18.—A special to the Herald from Washington says: Rear Admiral Sampson's flagship, the armored cruiser New York, will be the first American warship to enter the harbor of Havana since war was declared. She will carry with her the members of the military commission appointed by the president to proceed to Havana to arrange with a similar commission to be appointed by Spain the details of the evacuation by Spanish troops.

ADMIRAL CERVERA. He Seems Satisfied and Will Not Return to Spain for the Present. Washington, Aug. 18.—Admiral Cervera will not return to Spain for the present and the reports from Annapolis, stating that he would leave for Washington today, are said at the navy department to be a misapprehension. The admiral has made no preparations to leave, and it is the belief that he will be the last Spanish prisoner to go home, as he has shown rather regard for all other officers.

THE WOOL BUSINESS. Hired Bros. Sell 172,000 Pounds Wool-Growers Holding Back. Hired Bros. have sold all their wool, 172,000 pounds to Thomas Ross, the wool commission man of Las Vegas, who is shipping it to eastern markets to day. The close of the war seems to have strength the wool market considerably and this branch of business will undoubtedly experience a revival in the

FATAL EXPLOSION. Three Men Killed and One Injured by Blast Powder. J. H. McCarthy, of Little Rock, Arkansas, who has a sub-contract for constructing the Chihuahua & Guerrero railroad in Mexico, is in the city, says the Ki Paso Times.

He tells of a terrible explosion of giant powder that occurred some distance out on the line of the new railway last Friday. A Mexican dropped a lighted cigarette in the vicinity of the explosive and he and two companions were blown to kingdom come. A third man was struck by a flying stone and his leg was broken.

The laborers were in charge of Foreman Hogan, and McCarthy says the foreman would probably be arrested and held indefinitely to answer for the disaster.

In the case of Brown & Manzanos Co. vs. Francisco Chavez 2nd, which B. S. Goley won in the supreme court yesterday, the point was established that judgment only lives seven years in New Mexico.

There will be a meeting of the Soldiers' Aid Society, held in the school room of the Club building, Friday morning at 10 o'clock.

near future. The prices received for wool now being sold is understood to be in the proximity of 14 cents. A large number of wool-growers are still holding on to their supply in the expectation of receiving better prices a little later on. L. Trauer to-day sold 45,000 pounds of wool to James Wilkinson of the securing mill.

W. C. T. U. Items. Mrs. C. H. Finkler, of the Woman's Christian Temperance union, called at THE CITIZEN this morning and left for publication the following items: As a result of Miss Ackerman's lecture several new members have been added to the Woman's Temperance Union. A petition has been put into the hands of the various young people's societies appealing to President McKinley to prohibit the army canton.

The parliamentary drills will no doubt be an instructive and interesting feature of the meetings, and ladies of the city are invited to attend and take part in the drills.

The afternoon gospel meetings have been transferred to the park for the present, and as the "men's" meeting has joined them, the interest has increased and very successful work is expected.

In the acknowledgment of the 103 statements sent to company A by the W. C. T. U., each testimony containing a pledge card, forty seven of the cards have been returned to us signed by the same number of soldiers.

At the last meeting a full report of the soldiers' and sailors' work was given and showed a large amount of work accomplished through the efforts of the territorial president, Rev. Mrs. Borden. She has taken up the work at Kelly and Magdalenas.
