The Daily Citizen will be delivered
in the city at the low rate of 20 cents
per week, or for 60 cents per month,
when paid monthly. These rates are
less than those of any other daily pa-
per in the territory.

SUBSCRIBERS will confer a favor on
The Citizen by notifying us immedi-
ately of any non-delivery of the pa-
per.

We are violating no confidence when
we say that Albuquerque will have
20,000 people within five years.

Corn planting is backward in Ken-
tucky this spring, but the planting of
seedlings began a little earlier than
usual.

The eating of snakes, lizards, scor-
pions, centipedes, tarantulas and other
reptiles is now prohibited by statute in
Kansas.

The sad tidings comes flashing over
the wires from Tarrytown, that Mr.
Rockefeller's \$30,000 cow has suffered
a "slight relapse."

Australian authorities want to intro-
duce gophers into that country to de-
stroy rabbits. What will they subse-
quently import to destroy gophers?

By the time the governor of Penn-
sylvania gets out of the range of the
muzzled press of that state he will feel
like the parrot who reached the con-
clusion that he had talked too much.
A muzzled press is a dangerous thing
to fool with.

On matters of vast importance—that
of defending the people of the territory
against such attacks as those made by
Rev. Skinner—the Democrat maintains
complete silence, thus giving out the
impression that it corroborates the re-
marks of Rev. Skinner.

There is a marked depression in the
thievish industry in Egypt. The hotels
in Cairo bolt their doors and have in-
troduced Yale locks, burglar proof
safes, and other American contrivances,
to throw the light fingered ori-
entals out of the successful practice of
their ancestral profession.

There is no section of the country
that has a more promising prospect
than San Juan county, this year, says
the Times. Our fruit, at least in the
section around Farmington, is still un-
injured and is now out of danger. Ap-
ricots are as large as the end of a
man's thumb, and cherries are almost
half grown, while pears, apples and
peaches are coming into good form.

The editor of the Democrat, who is
now writing about the condition of the
country schools, was once upon a time
the county school superintendent him-
self. Did he keep up the country
schools in any better shape than Hub-
bell or Vigil? No, not so good, for he
did very little work during his term
except to draw his salary. People who
live in glass houses, etc., should not be
constantly throwing stones.

GOOD TIMES IN WEST.
Continued heavy shipments of gen-
eral merchandise remains the chief
feature of the traffic situation in the
west. There appears to be no abate-
ment of this class of freight and all of-
ficials report the movement greater

than at this time last year. With the
exception of the grain movement, the
healthiest conditions prevail all over
the west. Country merchants are now
finding it difficult to keep their shelves
filled with dry goods, hardware and
other articles which go into almost
daily consumption at this time of year.
There is a good deal of building go-
ing on, calling for nearly all grades
of machinery.

FACTS AND FIGURES HURT.

The Citizen is the organ of no one
man; it is the organ, however, of the
republican party, and will defend the
untruthful accusations and unjust as-
saults made upon the republicans by
our much esteemed contemporary, the
Democrat. The facts and figures about
the county school districts, published
yesterday afternoon in The Citizen,
were obtained from Esalavio Vigil, the
county school superintendent, and are
of public record. By publishing them
—a bit of genuine information the peo-
ple of the city and county should know
—The Citizen did not become the or-
gan of Mr. Vigil nor Mr. Hubbell, and
this paper did not deal in abusive epi-
thets. Facts and figures when pre-
sented in The Citizen usually bring
forth a twisted article from the corpora-
tion sheet. One of the close-by school
districts is Bernalas, and Mr. Vigil in-
vites the editor of the Democrat to
visit that district and see for himself.

MEMORIAL DAY.

Tomorrow the old soldiers, the young
soldiers, their wives, sisters and
daughters, will decorate the graves of
the honored dead. The occasion is
Decoration day, a day set apart to
honor the memory of those who gave
their lives in the defense of their coun-
try and their country's honor. All
over the territory and especially in
Albuquerque the surviving members of
the Grand Army of the Republic and
the Women's Relief Corps will as
usual, proceed to the cemetery where
lie their comrades who have answered
the roll call of him who said: "Well
done, thou good and noble servant."
All the people should participate in
this day's celebration. It is the time
when the patriotism of the people
should be displayed, and it instills in
the bosom of the rising generation
that patriotic spirit which has made
the nation famous. It is a time when
the people of New Mexico especially
should remember the men who in the
time of danger, braved Spanish bullets
and gave up their lives for another
star. For it is on this day that we ob-
literate the marks that once threaten-
ed to separate our country. One nation
and one people; we know no north, no
south, no east and no west. We stand
linked together with the golden chain
of love for the memory of the new sol-
diers who have joined another army,
whose commander is "Peace."

An appropriate program of exercises
will be rendered at the city park to-
morrow morning at 10 o'clock.

NOT HURT BY STRIKES.

Despite the great extent to which
labor troubles have disturbed building
operations all over the country, the
makers of structural steel say there is
no diminution in the volume of orders
placed. The effect of the strikes has
been discernable in certain localities,
principally in New York City, but only
in the suspension of small operations.
The larger number of consumers, and
those who use the most material, have
continued to place their orders for the
season, in the belief that labor trou-
bles are only a temporary infliction.
Steel men say that one reason why
matters have not been so serious as
reports would lead the public to sup-
pose is the fact that employers have
co-operated much more than ever be-
fore in the helping of one another out.
The sales agent of several of the prin-
cipal steel companies regard the uni-
form volume of orders as a very strong
indication of the confidence of contrac-
tors and building firms in the early
subsistence of the strike waves.

In steel circles it is freely predicted
that the reduction in the price of pig
iron will be a decided benefit to all
branches of the industry. The same
men who express this opinion have for
months contended that the pig iron
market had been forced to an artificial
level, the maintenance of which would
result injuriously to construction in-
terests all over the country.

YOU'LL LOOK WELL

And feel well, too, if you will only take
a dose of Hostetter's Stomach Bitters
before each meal. It will aid digestion,
prevent the bowels from becoming
constipated and the blood impure,
steady the nerves and stimulate the
liver and kidneys. Those are the se-
crets of good health and must be ob-
served. Hundreds of sickly men and
women have been made strong and

ence. The lecture was instructive and
interesting, and it is to be regretted
that so few attended. President Tight
was around yesterday interviewing
scholars who might wish to attend the
university, and we understand a num-
ber will attend next year from here.—

Traveling is Dangerous.

Constant motion jars the kidneys
which are kept in place in the body by
delicate attachments. This is the rea-
son that travelers, trainmen, street car
men, teamsters and all who drive very
much, suffer from kidney disease in
some form. Foley's Kidney Cure
strengthens the kidneys and cures all
forms of kidney and bladder disease.
Geo. E. Hausan, locomotive engineer,
Lima, Ohio, writes, "Constant vibra-
tion of the engine caused me a great
deal of trouble with my kidneys, and I
got no relief until I used Foley's Kid-
ney Cure." Alvarado Pharmacy.

The Grayson Case.

As confidently predicted, says the
Silver City Independent, matters in the
case of Charles F. Grayson of this city,
have taken a most favorable turn to-
wards Mr. Grayson. Even the sensa-
tional dailies of the east are outspoken
in his behalf, and it has been demon-
strated that he has acted the part of
an honorable and upright man through-
out.

Press dispatches indicate that the
case against him will never be brought
to trial, as even the prosecuting wit-
ness has failed to appear.

Mr. Grayson is expected back in Sil-
ver City the latter part of the present
week, and when he returns he will
even command a higher respect and
confidence than he did before.

A Farmer Straightened Out.

"A man living on a farm near here
came in a short time ago completely
doubled up with rheumatism. I handed
him a bottle of Chamberlain's Pain
Balm and told him to use it freely and
if not satisfied after using it he need
not pay a cent for it," says C. P. Ray-
der, of Pottsville, N. Y. "A few
days later he walked into the store as
straight as a string and handed me a
dollar saying, 'give me another bottle
of Chamberlain's Pain Balm. I want it
in the house all the time for it cured
me.' For sale by all druggists.

sermon on Sunday, June 7, the closing
exercises for the present school year
of the college will begin.

The program will cover three days,
closing with the commencement exer-
cises on Wednesday, on which occa-
sion Percy Wilson, Esq., of Silver City,
will deliver the principal address.

our readers remember with so much
pleasure, will be pleasant and sing.

The exercises will be in every way
entertaining and instructive.—Las
Cruces Progress.

"IMPOSSIBLE," for you to enjoy
motherhood," says the doctor. Some-
times he qualifies the statement, and
says: "Impossible without an opera-
tion." Yet both these "impossibles"
have been made possible by the use
of Dr. Pierce's Favorite Pre-
scription. Many times the
hindrances to motherhood are to be found in
womanly diseases or
weaknesses, which
are perfectly and
permanently
cured by "Fa-
vorite Pre-
scription." This
great medi-
cine for
women
cures in-
regularity
and dries
debilitating
drains. It heals
inflammation
and ulceration,
and cures female weak-
ness. It makes weak
women strong and sick
women well.

"I wish to add my testimony
to hundreds of others as to the
value of Dr. Pierce's medicines,"
writes Mrs. Ida M. DeFord of Latonia, Hubbard
Co., Minn. "I have doctoring with a great many
physicians—some specialists; have twice been
in a hospital for treatment. My case has been
regarded as a hopeless one, and they knew not
what the trouble was. Heart was bad; stomach
all out of order; tired out; severe pains in all
parts of the body; sinking spells, and nearly
every ailment a woman could have. I took
many a bottle of 'patent medicines' without
effect. I began taking Dr. Pierce's Favorite Pre-
scription, and in ten months afterward I gave
birth to a healthy boy. All physicians had
stated as a fact that I never could bear a child.
Both the wife and myself were strong, and I
got along splendidly—thanks to your medicine."

Didn't Get the Drink.

Encarnacion Ybarri is another of the
many victims of misplaced confidence.
He was having a social time with some
friends Saturday night, when Andreae
Pena asked him to go outside of the
house in which they were congregated
and have a nice quiet drink on the
side, so to speak. Ybarri could not be
discourteous and refuse, but when he
got outside, Pena, instead of offering
the expected libation, struck him a se-
vere blow over the head with a bottle.
Ybarri was quite severely cut about
the head, while Pena was locked up by
the peace officers.—Silver City Inde-
