MUST PAY IF IT WANTS DIAZ BACK

Arizona Won't Foot Bill For Extraditing Prisoner From Mexico.

Phoenix, Ariz., Oct. 19.—Governor Kibbey's refusal to let the territory stand the expense and the decision of the Pima county supervisors that they will not foot the bill will probably save Antonio Diaz from being returned to Tucson for a murder at Silver Bell.

Diaz waits in a cell at Magdalena, Sonora, while the territorial and county officials decide which, if either, shall bear the expense of sending after and bring him back to the territory to be tried.

Several days ago District Attorney Benton Dick of Pima county wrote to Governor Kibbey, asking that official to make the extradition of the Mexican and his return on a territorial charge.

Promptly Governor Kibbey replied that the matter would have to be taken up through the regular channel of the state department at Washington, D. C., and that Arizona would not pay the cost, but if Pima county wants him back its taxpayers must stand the expense.

District Attorney Dick laid the matter before the Pima county supervisors explaining to them that Governor Kibbey had refused to endorse the suggestion that the territory be made responsible. He asked the board if Pima county could stand sponsor for the cost.

can, and told District Attorney Dick what they did not want Diaz bad enough to pay for him, adding that to bring him back would be worse than to leave him in Mexico.

Not satisfied with letting the matter drop, District Attorney Dick has again written Governor Kibbey, who received a letter from him today, stating just what the Pima county supervisors have done, and asking for further advice in the matter.

Figuring a Way. While the Arizona officials are trying to figure out some way to get him back into the territory, and make the other fellow pay for it, Diaz occupies a cell in the state prison at Magdalena, unmindful of all the official trouble he is causing.

From the outset District Attorney Dick decided that the return of Diaz would have to be made through the department, having profited by the recent trip Superintendent Thomas Rynning of the territorial prison made to Sonora.

Rynning went after a Mexican who had escaped from the territorial prison while treated as a trusty, because he had but a few more months to serve. He was arrested at Rynning's request in Sonora, but when the latter went after him he was told that he could not have the man.

One Experience. Rynning had been given to understand that he could have the prisoner on a requisition from Governor Kibbey, but when he got into Sonora was told that he would have to ask for him through the state department at Washington, D. C., which would in turn take the matter up with the proper officials in the City of Mexico.

Dick wants to take no chances, and when he wrote to Governor Kibbey recently that he believed Diaz would not be gotten back without considerable red tape he at the same time suggested that Kibbey have the territory pay the expense of sending him.

Governor Kibbey agreed with Dick that the state department must be seen, but disagreed with him that Arizona should stand for money that would be spent getting him back.

Diaz is wanted for stabbing a man at Silver Bell in Pima county, several months ago. He was caught, but managed to make his escape from the Pima officers and made his way to Mexico.
