

## ALVORD ARRIVES WITH RACE HORSES

Events at Elks' Club This Evening  
Promises to Bring Out a  
Crowd.

W. C. Alvord, who will conduct the Elks' races in the Elks' building this evening, arrived in the city yesterday afternoon from Las Vegas where he exhibited his animals before a large body of members of the antlered tribe at that place. Mr. Alvord, when seen yesterday, looked particularly solemn and naturally many questions were asked him by those interested in his racing production in which he appears in one of the leading roles.

It appears that the cause for this solemnity on the part of Mr. Alvord is caused by several mishaps which occurred to some of his animals while they were being brought to this city. This news will no doubt be received with much disappointment by many members who had planned to attend but as the accidents were unavoidable, Mr. Alvord is not to blame and the races will naturally be put through in the best manner possible.

The first accident occurred right outside the city limits yesterday afternoon when the seventeen hundred pound charger, which was to have been ridden by D. S. Rosenwald, was discovered to be suffering with the "plop." This animal, though but forty-seven years of age, is thought to be near the break down stage, but Manager Alvord proposes to make him last this one race, after which he will be mounted and presented to his last rider. Several other ailments have been discovered among the spirited race horses, some having the grippe while others have blind staggers.

However, as none of the animals seem to be in perfect health, the races promise to be evenly matched. A new rider has appeared on the scene in the person of Thomas Wilkerson, who has consented to ride "Maybe." Major Myers will mount "Wooden Shoe," the famous dancing pony recently purchased from the Armour Packing company. The major will give a short exhibition of bare-back riding and will be attired in a fetching uniform. Edward Medler, on "Blind Tom," promises one of the most daring features of the evening. The audience is requested to remain seated until after this event. Dr. John F. Pearce will act in the capacity of judge and will endeavor to divide the purse among the winners.

## NEW MEXICO SHEEP GOING TO MARKET

Steady Run of Feeders on Kansas  
City Market, With Prices  
Holding Up Well.

Kansas City Stock Yards, Dec. 9.—There were liberal runs of cattle after the middle of last week, causing a sagging market, and the advance the first of the week was wiped out by the close prices finishing about steady with the close of the previous week. The supply from the range country was liberal, for so late in the season, but quality is not as good as formerly. The run today here is 15,000 head, and heavy at other points, market weak to a shade lower. There is a liberal supply of Colorado and other western cattle here today, and the bulk of it has sold nearly steady with the close of last week. Beef steers show some loss, but as quality in this class is not as good as a week or two ago, sellers cannot complain much. Colorado beef steers today brought \$3.90 to \$4.65; stockers, \$3.75 to \$4.20; feeders, \$4 to \$4.50; cows, \$2.40 to \$4.50; canner cows around \$2.50. The Panhandle country is about through shipping, but a good many New Mexicos are still coming, mainly cows and canners, at \$2.25 to \$2.40, and stockers and feeders at \$2.25 to \$4.25; veal calves up to \$6.50. A feature of the cattle market in November was the large number of stockers and feeders brought here to go out to the country, 75,000 head, against 55,000 head the same month last year.

The sheep and lamb market made a gain of 15c to 25c last week, although receipts were heavier than in recent weeks, at 37,000 head. The supply today is 3,000 head, the market a shade lower, under the influence of a big run at eastern points. Fed lambs sell at \$6 to \$6.50 today; yearlings, \$4.75 to \$5.25; wethers, \$4.25 to \$4.75; ewes, \$3.90 to \$4.25. Quite a number of sheep and lambs are still coming from the range country, mostly from Arizona and New Mexico, and about all of it on the feeder order, lambs at \$4.25 to \$5.25; wethers and yearlings, \$4 to \$4.40; ewes, \$2.50 to \$4, including breeding ewes around the latter figure. Fed stuff is being marketed earlier this year than usual.

### Marked for Death.

"Three years ago I was marked for death. A graveyard cough was tearing my lungs to pieces. Doctors failed to help me, and hope had fled, when my husband got Dr. King's New Discovery," says Mrs. A. C. Williams, of Bac, Ky. "The first dose helped me and improvement kept on until I had gained 55 pounds in weight and my health was fully restored." This medicine holds the world's healing record for coughs and colds and lung and throat diseases. It prevents pneumonia. Sold under guarantee at all druggists. 50c and \$1.00. Trial bottle free.

### This Is Worth Reading.

Leo F. Zellinski, of 68 Gibson St., Buffalo, N. Y., says: "I cured the most annoying cold sore I ever had with Bucklen's Arnica Salve. I applied this salve once a day for two days, when every trace of the sore was gone." Heals all sores. Sold under guarantee at all druggists, 25c.

## NEW BUILDINGS SHOW PROGRESS OF THE CITY

Many Handsome Structures Have  
Been Erected and More are to  
Follow.

Emil Mann, the West Copper avenue harness maker, has decided to make his new cement block business block on Copper avenue between Second and Third street, three stories. The third story is now in course of construction. The first floor will be occupied by Mr. Mann's harness business. The second and third stories are being cut up into small rooms so that they can be used either for offices or lodging rooms.

This move on the part of Mr. Mann, with the new buildings that have recently risen on Copper avenue and the promised erection of a four-story building by the Masons at the corner of Third and Copper avenue, indicates this section can boast of the best and largest buildings of the city.

The changes that will have taken place on Copper avenue between the years of 1907 and 1910, if present plans are carried out by property owners, may be summed up as follows:

The building of the Luna-Strickler building at the corner of Second street and Copper avenue, the largest business block in the city.

The erection of the Montezuma hotel, by L. Gradi at the corner of Third street and Copper, a three-story brick, 50x142 feet.

The erection of the Colorado Telephone exchange building, corner of Fourth street and Copper, three stories.

The erection of a new Masonic building four stories high costing at least \$65,000, at the corner of Third and Copper.

The partially completed three-story cement business block building of Emil Mann.

The erection of a four-story hotel building at the corner of Second and Copper, on the present site of W. L. Trimble & Co.'s livery stable, covering a quarter of a block.

A square away at the corner of Tijeras avenue and Second, the city is going to erect a two-story \$20,000 city hall.

Immediately across the street, next the Luna-Strickler building, J. Korber and Company erected a three-story business block, which would be a big help to any city.

The indications are that Copper avenue will rival Central avenue as a business street within five years.

Just received, one shipment of rockers for the holiday trade, with others to follow. Don't fail to see them before purchasing. Select now and we will keep them until Christmas. Furniture company, west end of viaduct.

### AN ATTRACTIVE CALENDAR FOR 1939.

By far the most attractive calendar that has been brought to our notice this year is that issued by the Pabst Brewing Co. of Milwaukee in connection with their popular malt extract, sold and known everywhere under the name of Pabst Extract.

The "Best" Tonic. Like the preparation it represents, this charming calendar—of exquisite and appealing beauty—stands out in contrast and is exceptionally unique among are calendars for 1939.

The Pabst Extract Rose Girl Calendar, as it is called, is rich in color, exclusive in design, with a touch of sentiment that makes a strong appeal to every lover of the beautiful. It portrays a charming girl in the bud of life bending gracefully over a great jardinerie full of American Beauty roses, while in the background and looking from under a cool, inviting trellis, overhung with vines, one can see a magnificent stretch of green sward leading up to a quaint old Colonial home. So skillfully has the artist worked out his conception that it is difficult to find words that will do justice to his achievement.

It is quite impossible, however, to give to anyone who has not seen the original, an adequate idea of the indescribable charm and womanly beauty with which the sweet face of this girl-woman in the foreground is endowed. Indeed, it is no exaggeration to say that no more beautiful panel than Pabst Extract Rose Girl Calendar for 1939 could adorn the walls of any home, den or office.

A copy of the calendar free from advertising, 7x36 inches, may be obtained by mailing ten cents in stamps or coin to Pabst Extract Dept., 918 Chestnut St., Milwaukee, Wis.

## OFFICERS INSPECT INFECTED HOUSES

Vigorous Campaign Will Be Waged  
to Stamp Out Scarlet Fever.

A vigorous campaign to stop the epidemic of scarlet fever, in the suburban districts of Albuquerque, was begun this morning. The board of health and the county health officer have taken advantage of the liberal offer of the county commissioners to furnish health officers to assist in the work, and Chairman Grunfeld, of the board, yesterday appointed Jose Salazar, Leonardo Hunick and Tomas Werner, assistants to Dr. George S. McLandress. The assistants are well acquainted in the outlying districts, and visited every infected home this morning. A rigid quarantine has been established at every house infected, no matter how slight. The board is confident that no difficulty will be encountered in stamping out the disease, considering the thorough manner in which the officers are working.

## NOT THE ONLY ONE. There Are Hundreds of Albuquerque People Similarly Situated.

Can there be any stronger proof offered than the evidence of Albuquerque residents? After you have read the following, quietly answer the question.

Mrs. E. Adair, of 517 South Edith St., Albuquerque, N. M., says: "Whenever any symptoms indicated kidney trouble or not, I was not certain, but nevertheless from reading about Doan's Kidney Pills I was given a desire to try them. I suffered severely from pain between and just below the shoulder blades. While on my feet or stirring around I did not feel the slightest inconvenience, but when I would sit down the pain would assert itself and at times was very severe. The use of one box of Doan's Kidney Pills brought a relief and that warrants my having a high appreciation of this medicine."

For sale by all dealers. Price 50c per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

For the best work on shirt waists patronize Hubbs Laundry Co.

## THIS MAIL CLERK HAS NARROW ESCAPE

Harry T. Patchin Has Flirted With  
Death Three Times in the Past  
Two Years.

To have thrice narrowly escaped death within the past two years while exercising his duties in the capacity of mail clerk on the Santa Fe, has been the experience of Harry T. Patchin, son of Dr. J. F. Patchin, of this city. Mr. Patchin secured employment in the mail service of that company about two years ago and within a short time after making his first run, was one of the occupants of a mail car when it was tipped over and dragged many feet on account of a soft track in the vicinity of Vaughn, N. M.

Mr. Patchin was thrown around the interior of the car but luckily escaped with only a few minor bruises. Another accident of a similar nature happened about a year ago but the narrow escape on which he is now congratulating himself is the one which happened December 6 near Amarillo, Texas, in which both the engineer and his helper were killed. Mr. Patchin left this city on his regular run on the evening of the 5th of this month and on arriving in Clovis, where he was to connect with another train going on to Amarillo, he found that he had missed his connections by about fifteen minutes. The train he was to have taken was the one which, owing to a dense fog and the passing of the whistling post collided with another freight, causing two deaths.

Hair Dresser and Chiropractist  
Mrs. Bambini, at her parlors opposite the Alvarado and next door to Sturges' Cafe, is prepared to give thorough scalp treatment, go hair dressing, treat corns, bunions and ingrown nails. She gives massage treatment and manicuring. Mrs. Bambini's own preparation of complexion cream builds up the skin and improves the complexion, and is guaranteed not to be injurious. She also prepares hair tonic that cures and prevents dandruff and hair falling out; removes lice and keeps hair; removes moles, warts and skin blemishes. For any blemish of the face call and consult Mrs. Bambini.
