GOVERNMENT LAWYERS OPPOSE FREEDOM FOR WALSH

File Briefs Against Him In His Application for Appeal of His Case.

TELLS METHODS OF HIS ENTERPRISE

He Bought Bankrupt Companies, Reorganized Them and Sold Their Bonds to His Banks For Good Prices.

Chicago, May 8.—Government attorneys today filed briefs in opposition to the plea of John R. Walsh, under sentence of five years in prison for the misapplication of funds of his defunct banks, to obtain his freedom by appeal to the United States Court of appeals.

Walsh's banks, the Chicago National Home Savings and Equitable Trust company, closed their doors December 18, 1905, with a shortage of \$16,000,000. It is charged that Walsh bought up nearly bankrupt enterprises and organized new corporations. He sold the bonds to his banks and if the enterprise made good Walsh was enriched. If the enterprise failed Walsh lost nothing and the banks were the losers. In all the transactions, Walsh's name did not appear on the books of the banks.

The government attorneys charge that there was no market for the bonds of his struggling enterprises and that he made the banks a market.

MRS. BOYLE GUILTY IN KIDNAPING CASE

Says She Will Bring Third Party Into It or Else Commit Suicide.

Mercer, Pa., May 8.—Mrs. Helen Boyle was found guilty of aiding and abetting the kidnaping of "Billy" Whittia, by a jury this morning. The jury was out only a short time, but the verdict was not read until 1:30 o'clock.

The trial judge hinted that strong pressure had been brought to bear to convict the woman of the kidnaping. Mrs. Boyle said that she and her husband would not go to prison alone but that a third person, whom she said is responsible for the plot, would go too. She also hinted that she would take her own life before she went to prison. She was given no opportunity during the trial to tell the name of the person who is supposed to have knowledge of the kidnaping plans.

The court room was crowded to suffocation when the verdict was announced, but there was no demonstration, owing to the warning of the judge. Mrs. Boyle made no sign, but drew on her gloves and walked quietly with the sheriff back to jail. Her attorney announced that he would ask for a new trial, but it is believed it will not be granted. Boyle's sentence may be from one year to life and his wife's from one year to twenty-five.

PATTEN LEAVES FOR WINDY CITY

Wheat King Has Enjoyed Vacation and Now Goes Back to His Work.

Trinidad, May 8.—Refreshed from two weeks of hunting and fishing in northern New Mexico, James A. Patten, the Chicago wheat broker, is today speeding back to Chicago, where he will arrive at 7:30 tomorrow. He registered at a hotel last night as "Ed Jones, of Chicago," and swore the employees to secrecy.

Patten was the center of several amusing incidents while on his way to Chicago. He declared that he was not Patten, but Jones. He wanted to buy a through ticket from Terco to Chicago, but the agent wanted to sell him a ticket to Trinidad only. "I have been trying to elude reporters for two weeks," he said, "but I wasn't successful, even in the mountains. I want a through ticket so I won't be bothered again." When approached by a reporter he again denied that he was Patten. But the reporter had been cautiously looking at the band inside his hat when he was at the breakfast table and had seen the name "James A. Patten" thereon.

THEY CAN CELEBRATE. New York, May 8.—The small boy will, after all, be likely to have as much noise making fun as ever next Fourth. A ruling was made by Fire Commissioner Hayes several weeks ago to the effect that the retail sale of fireworks would be prohibited between June 10 and July 10. Since that decision was made over 3,000 letters of protest have been received from retailers, whereupon the commissioner has decided to rescind his order and to issue 1,500 permits for the usual sale of fireworks.

AN INDUSTRIAL CRISIS THREATENS FRANCE TODAY

Paris Is Standing Over a Volcano but Is Enjoying Itself as Usual.

FORCES ORGANIZE FOR GREAT STRUGGLE

Nothing Will be Done Until Parliament Is Given Chance to Intervene Monday and the Row May be Settled.

Paris, May 8.—"We are standing over a volcano, but Paris, as usual, only amuses itself."

This is the situation here as described by one newspaper and notwithstanding the excitement and apparent approach to a crisis, Paris is as gay as ever. The social season is at its height and the boulevards are filled with pleasure-seeking crowds.

Both the government and state employees, including the men in the department of posts and telegraphs, are today rapidly marshalling their forces for the impending struggle which is expected to be a crisis in the labor movement of the post and telegraph employees against the government. Troops and special reserves were disposed this morning to guard the central post and telegraph station, the switchboard machinery and exposed lines leading to the provinces.

M. Berthou, minister of public works, is of the opinion that a considerable proportion of the state employees will stick to their posts and that with the aid of the soldiers and the cooperation of the chamber of commerce and commercial organizations, who are organizing auxiliary forces, the public service will be maintained.

One hundred and fifty thousand carrier pigeons, trained for war service, have been placed at the disposal of the government. It is understood that the committee of strikers does not intend to take action until parliament is given a chance to intervene at the meeting on Monday. Railroad men in the provinces have voted in sympathy with the strikers.

ANDREWS TO AID THE INCOME TAXERS

Delegate Telegraphs in Response to Communication From Retail Merchants.

In response to a telegram sent him by the Retail Merchants' association, asking him to support the efforts being made in Congress to include an income tax and inheritance tax in the tariff bill, Delegate Andrews today sent the following telegram to the members of the Retail Merchants' association:

"Washington, D. C., May 8. 'J. A. Hubbs, President and Andrew Stroup, Secretary. 'Your telegram of the 6th received. I shall do all I possibly can to carry out your recommendation in regard to the income and inheritance tax law."

"W. H. ANDREWS." The retail merchants at a meeting held recently, discussed tariff revision at length and decided to go on record as favoring an income and inheritance tax, which it is proposed to include in the new tariff bill, and which is expected to result in a reduction on the cost of necessities. The association, through its president and secretary, telegraphed Delegate Andrews the action of the members and asked his support for the proposed amendment to the bill.

TELEGRAPH COMPANY SUED FOR DAMAGES

Right of a Company to Send Derogatory Messages Will be Tested in New York.

New York, May 8.—The right of a telegraph company to transmit messages which might reflect on the character of a person is to be tested in a damage suit which had been brought by Mrs. Mary Blair Brokaw, wife of W. Gould Brokaw against the Western Union Telegraph company. The suit for divorce instituted by Mrs. Brokaw some time ago contains sensational allegations concerning the young millionaire's treatment of her, both in public and in private. She now alleges that her husband sent many messages not only to her but to her relatives and friends derogatory to her character.

When the telegraph company was informed of the suit it dug up from its files several hundred messages which had been sent by Mr. Brokaw. These telegrams, Mrs. Brokaw contends, constitute libels on her, not only because of their contents, but because the company on accepting them and transmitting their contents through its agents disseminated the libel.

The telegraph company declared that it was not worried by the suit as no one had yet been able to recover on similar allegations.

BARON TOO GOOD SAYS HIS BARONESS

American Girl Who Married Nobleman Will Quit Him Because He Hasn't Any Vices.

Rome, May 8.—The real trouble is that Freddy is too good. If he had only one small vice, like smoking, I could tolerate him, but he really is too good." This is the reason given by Baroness Von Hutten, who was Miss Betty Riddell, of Erie, Pa., for her divorce from the baron on the ground of desertion. The baroness has been living with her mother at the hotel Quirinal here. She is known as the author of "Pam." No alimony was granted and she will be allowed to see her children a month each year.

THIN CITIZENS APPLY.

Chicago, May 8.—Nine of Chicago's thinnest citizens, in search of a government job, have announced their desire to take examination for a vacancy at present existing in the department of agriculture. This department for months has been in search of a real thin mechanical assistant to aid in the operation of a refrigerating car for the experimental pre-cooling of fruits. Because of the amount of machinery in the car and the limited space in which the assistant must work, a man of slender physique is necessary.

In the announcements sent out for the examination the government carefully warned all stout men not to apply. Only thin men would be considered the announcement said, and also they must engage to stay thin.

FEDERAL COURT HOLDS HASKEL FOR TRIAL FOR FRAUD

Judge Campbell Overrules Demurrer of Defendants in Town Lot Cases.

DECISION MAKES GREAT EXCITEMENT

Governor and His Friends Are Not the Only Ones Affected as Many People Bought the Lots Involved.

Muskogee, May 8.—Federal Judge Campbell today overruled the demurrer of the defendants in the so-called Mott civil Creek Indian suits brought by the government against Governor Haskell and other Oklahomans. The decision, involving as it does, the legality of millions of dollars worth of lots, created consternation, not only to Governor Haskell and the others involved in the charge of fraud, but also to 1,500 purchasers of lots who are vitally interested. The court announced that innocent purchasers would be protected.

The suits were brought by the government for the Creek nation to recover 3,000 acres in Muskogee town lots, said to have been obtained by Haskell and others by scheduling "dummies."

WILL RESTORE VETERANS OF HAYMARKET RIOTS

This promise has been made by Chief of Police Shippy to petitioners, who have urged that the police veterans be given preference over the civil service applicants for places on the Chicago police department.

The band has added many new and popular selections to its already large repertoire of pieces and the concert tomorrow evening promises to be well attended. The Duke City band now boasts of a membership of 32 and their playing ranks among the best in the southwest. They are under the able leadership of Prof. Cook and their generosity in offering their services free to the public in their Sunday concerts is most commendable.

Following the procession at the Immaculate Conception church tomorrow afternoon, the Leonard and Lindemann's Boys' band will give a free open air concert in Robinson park. The boys' band have an especially good program prepared for tomorrow and weather permitting, one of the best concerts of the season is assured.

SAYS EASTERN TIMBER WILL SOON DISAPPEAR. Chicago, May 8.—Within ten or fifteen years, according to J. H. Finney, secretary-treasurer of the Appalachian Forestry association, there will not be a stick of timber standing east of the Rockies, and within fifty years the entire country will be as barren of timber as the American desert unless something is done to avert the disaster.

This statement is made in a communication to the Traffic club. Regarding the coal situation, Mr. Finney says the country consumes an average of five tons per capita and wastes three.

TO CHECK IMPOSITION ON FREE DISPENSERS. Chicago, May 8.—The physicians of this city are preparing to "reform" the free dispensary here. They have a sharp stick in pickle for the impostors, who, they say, have an unconquerable aversion to paying physicians' bills, and resort to a free dispensary whenever they have an ache which needs remedying, a tooth which needs extracting or an appendix which has become fractious.
