OUR PUBLIC SCHOOLS. Report of the Superintendent of Schools of Bernalillo County.

ALBUQUERQUE, N. M., Dec. 31, 1884.—The act establishing a public school system in the territory of New Mexico, provides as follows...

ESTIMATED SCHOOL POPULATION. Owing to this want of local organization it is, of course, impossible for me to obtain, at this time, through official channels, the statistics which are called for in the superintendent's annual report...

ESTIMATED REVENUE. I estimate the revenue from all sources, for the year ending June 30, 1885, at \$9,000, and the total expenses during the same time at \$10,500.

IN addition to the districts which have been organized, there are a number of districts which are not yet organized, and which are in the process of being organized.

THE IDEA OF GOING WEST. To Colorado or New Mexico, for pure air to relieve consumption, is all a mistake.

thus far organized are conducted in rented rooms, or in buildings owned by churches or societies. In district No. 22, there is a commodious frame building, erected by the people of the town of Wallace and the Atchison, Topeka & Santa Fe railroad company...

ALIVE TO THE IMPORTANCE OF EDUCATION. It was apprehended by many that great difficulty would be experienced in the establishment of a modern public school system in New Mexico...

IN CONCLUSION. There is a present and urgent demand in the country for about thirty more schools than we now have, and if the funds were available with which to establish these...

CONTRACT AMENDMENTS NEEDED. Owing to the fact that the machinery necessary for carrying out the provisions of the act has not yet been organized...

QUITE UNIQUE. The law has never been printed in any popular form, and it is probable that a majority of the people of the county, especially those of the poorer classes...

TEMPORARY DIFFICULTY. As a natural consequence of the absence of district organization, in whole or in part, in nearly all the districts of the county, the superintendent has been required to do a great deal more work than is contemplated by the law...

PRIVATE SCHOOLS. There are no colleges in the country. There are four select schools, and one academy, with an aggregate enrollment of about one hundred, the two sexes being represented in about equal numbers.

SCHOOL HOUSES. There is not a school house in the county owned by the district. All the schools

contribute to an already overflowing treasury. At the pueblo of Laguna, two day schools are carried on about ten miles apart, having an aggregate of about thirty pupils.

RECAPITULATION. Total school population 2000. No. attending public schools 800. Average daily attendance 100.

BRANCHES TAUGHT IN PUBLIC SCHOOLS. Reading, writing, spelling and grammar, in English and Spanish, geography, arithmetic and United States history.

THE PUPILS ARE FROM THE PUEBLO, THE Ute, and the Apache tribes of Indians. As a rule they take kindly to the regulations of the school, and manifest a laudable desire to improve.

THE SCHOOLS IN THE PUEBLOS COST ABOUT \$5,500 EACH PER ANNUM. The Albuquerque Indian school last year cost about \$25,000, of which the government paid \$16,000; this year the cost will be greater.

THE SCHOOLS ARE CONDUCTED UNDER CONTRACT WITH THE INTERIOR DEPARTMENT in accordance with what is known as the "Quaker Policy" of General Grant.
