

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides, have full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1/4 x 6 inches. These books are made up in civil and criminal dockets, separate of 32 pages each, or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal.....\$2.75
Combined civil and criminal....\$4.00

For 45 cents additional for a single docket, or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted.

Herewith are some bargains offered by the New Mexican Printing Company: Code of Civil Procedure of the Territory of New Mexico, 1897, sheep bound, \$1; paper bound, 75c; Missouri Pleading forms, \$5; Missouri Code Pleadings, \$6; the two for \$10; Adapted to New Mexico Code, Laws of New Mexico, 1899, 1901, and 1903, English and Spanish pamphlet, \$2.25; full leather, \$3; Sherli's Flexible-Cover Pocket Docket, single, \$1.25; two or more looks, \$1 each; New Mexico Supreme Court Reports, Nos. 3 to 10, inclusive \$3.30 each; Compilation Corporation Laws 75c; Compilation Multiple Laws, 50c; Money's Digest of New Mexico Reports, full sheep, \$6.50; full list school blanks.

WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away.

Santa Fe women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Santa Fe woman's words:

Miss Adela Arias, living at 106 Griffin St., Santa Fe, N. M., says: "The use of Doan's Kidney Pills in my case brought quick and thorough relief from a disordered condition of the kidneys that has troubled me for some time. I suffered from a dull heavy aching in the small of my back, the attacks always being aggravated by colds, and in addition to this trouble, I was often aggravated by colds. I was often distressed with headaches and dizziness. My attention was first called to Doan's Kidney Pills about three years ago and procured a box at the Ireland Pharmacy, their use proved the claims made for them genuine. Off and on since that time whenever occasion has required, I have used Doan's Kidney Pills and the quick and positive relief always obtained is what warrants my high appreciation of this medicine."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

NEW MEXICO MAN HEADS EXPEDITION

Prof. Fayette A. Jones Pilots Party of Eastern Capitalists into Mexico —Tells of Trip.

(By Prof. Fayette A. Jones.)
Guaymas, Mexico, May 20.—I left Albuquerque on April 29th to accompany a party of Eastern capitalists on an expedition along the main-land coast bordering on the Gulf of California.

We went directly across the country to a point on the coast near where the ill-fated Grindell expedition perished. This is a most desolate country, lying directly opposite the Island of Tiberon and separated by shallow straits of the Gulf from the Island.

Tiberon Island is inhabited by the most fierce and uncivilized people of the Western Continent and are noted for their cannibalistic proclivities. Our guide warned us of not too close approach of the Island. We only saw footprints of one of the inhabitants—moccasin covered—made in the sands.

The extreme desiccated condition along the coast is appalling. Every drop of the life-giving fluid stored in our kegs was zealously guarded. The deceptive mirage hung to our vision throughout the day in every direction of the compass.

The topographical features of the country are level stretches of desert broken here and there by isolated buttes and small mountain ranges.

The object of our search was for minerals of economic importance. What we saw in this respect was quite gratifying to the expedition. Enormous outcroppings of lead, silver, copper and gold were observed at various points awaiting development. Lack of transportation is the stumbling block.

We eventually made our way down the coast reaching the typical Mexican port of Guaymas on the 16th day of May. On our arrival there we were somewhat astonished and perplexed at the profuse decorations of the streets, waving flags and beating drums and dress parade of soldiers and school children. We soon learned, however, that Senor Ramon Corral, vice-president of the Republic would in an hour's time pay a visit to the port.

A salute of fifteen guns from a gunboat anchored in the bay announced the arrival of the distinguished guest, who was immediately landed by a small gasoline launch amid vociferous cheering of the inhabitants of the entire city.

Chartering a small vessel we steamed around the bay and saw the British steamer Navri King with its horde of mutinous Chinese laborers who had come to work on the Sonora extension of the Southern Pacific Railway. There were 1,200 Chinamen and 300 Russians on board. This is the same vessel on which a mutinous attack of the Chinese was made against the Russians in mid ocean about ten days before and a number were killed.

Evidently the Chinese were almost uncontrollable at the time we were here as their clamoring could be heard across the bay. Later I learned that the lighthouse tender Mazatlan had to be called into requisition to suppress the mob which attempted to land despite the Mexican quarantine officers.

We indulged in fishing in the bay during our stay which was certainly enjoyed by all. A shark four feet long and an octopus (cuttle-fish) were part of our skill with the hook and line.

GREAT GROWTH OF DAWSON

Big Colfax County Mining Camp Will Soon Number 10,000 Inhabitants.

The growth and increase of population of Dawson, the big coal camp in Colfax County and the terminus of the Dawson Railroad is given by the Raton Range in a news item that certainly contains good news. The Range says:

"Among the many towns in the Territory that are growing rapidly is the thriving mining camp of Dawson, which already claims a population of 6,000, and also that it will not be long before it attains a population of 10,000, and that it will rival Albuquerque in size and number of industries.

"The purchase of the El Paso and Southwestern Railroad by the Phelps-Dodge people and the great increase that will be made in the monthly coal production, and the increased number of miners that will be given employment, will all prove a stimulus to the growth of the place.

"According to the school census of Dawson, 600 children attend the public schools there out of a school population of 800. A superintendent and seven teachers are employed in the schools.

"In addition to the above, the general offices of the Dawson Fuel Company have been moved from El Paso to Dawson, causing an increase in population of thirty people. The fuel company has just completed a large and handsome office building, which has been fitted up for general office purposes and the force has already moved into the new quarters.

"A new theater is nearing completion in Dawson and is expected to cost about \$40,000 when complete. The building is constructed of wood with stucco exterior and covers a lot 140x75 feet and is at least 60 feet in height. The auditorium will have a seating capacity of 600 persons, and has a large stage 42 feet high, 38 feet deep and 50 feet wide.

"In addition to the theater the building contains bowling alleys, ice cream and soda parlors, pool and billiard rooms and a large dance hall 60x60 feet.

"The structure will be known as the Dawson theater and will be under the management of E. R. Byers, who has been business manager for The Dime moving picture show in this city since its opening two months ago. He is an old theatrical man and for seven years managed theaters in Winfield and Arkansas City, Kansas.

"Mr. Byers states that the first performance in the new playhouse will be given July 4, and that the stage is big enough to accommodate the largest attractions. He will leave Raton to that place about June 15, and has already begun booking attractions for the new house."

ESTANCIA VALLEY FARMERS SANGUINE

All Expect to Raise Big Crops This Year—Steam Plow Has All the Work It Can Handle.

(Special Correspondence to The New Mexican.)

Estancia, N. M., May 28.—The big steam plow, owned by Cunningham and Reed, which was brought to the Valley this spring has had all the work it can possibly do. The plow works very satisfactorily, turning under the chamise brush so that no traces of it are visible.

J. C. Digneo, who came here fourteen months ago from Santa Fe has a well improved claim three miles from town. It is all fenced and about fifty acres are being plowed by the steam plow. These will be sown in wheat, oats and cane.

Mr. Digneo, who is in business here, is one of the most enthusiastic boosters Estancia has. He was raised in Santa Fe, but says he would not give Estancia with its future for any other town in New Mexico.

The steam plow is doing a vast amount of work. It averages about 20 acres a day and can turn the hardest soil with ease.

Farming in the Valley is going rapidly ahead and everybody is confident of raising big crops this year on account of the heavy snows and rains that have fallen within the past several months. As a result of these good conditions, land has gone up in value and all the public domain beginning at Willard and ending at Stanley in Santa Fe County, a distance of about fifty miles, has been taken up.

KANSAS MAY RENEW WATER RIGHT SUIT.

Washington, May 28.—On behalf of the state of Kansas, Solicitor General Hoyt today entered a motion in the Supreme Court of the United States for leave to file a petition for a rehearing in the famous Kansas-Colo-rado case which was decided by the court two weeks ago in the interest of Colorado.

Orino Laxative Fruit Syrup is best for women and children. Its mild action and pleasant taste makes it preferable to violent purgatives, such as pills, tablets, etc. Get the booklet and a sample of Orino at The Ireland Pharmacy.

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease if taken in time. For sale at the Ireland Pharmacy.

Mrs. S. Joyce, 180 Sullivan St., Claremont, N. H., writes: "About year ago I bought two bottles of Foley's Kidney Cure. It cured me of a severe case of kidney trouble of several years standing. It certainly is a grand, good medicine, and I heartily endorse it." For sale at The Ireland Pharmacy.

ADMINISTRATOR'S NOTICE.

In the matter of the Estate of John C. Dalton, Deceased:
The undersigned, having been appointed administrator of the estate of John C. Dalton, deceased, late of the County of Rio Arriba, in the Territory of New Mexico, hereby gives notice that he will appear before the Probate Court in the town of Tierra Amarilla in said County on the first day of July, A. D., 1907 next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having same adjusted. All persons indebted to said estate are requested to make immediate payment to the undersigned.
Dated this 17th day of May, A. D., 1907.
FRANK W. BROAD,
Administrator.

OJO CALIENTE HOT SPRINGS.
These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. People suffering with consumption, cancer, and other contagious diseases, are not accepted. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Malaria, Bright's Disease of the Kidneys, syphilitic and Mercurial Affections, Syphilis, Catarrh, La Grippe, all Female Complaints, etc. Board, lodging and bathing \$2.50 per day; \$15 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address
