DEMOCRATS WILL HOLD PRIMARY

Tonight the Juneau Democratic club will name the place for holding the Democratic primary election on Friday, August 28, fix the hours during which the polls will be open, appoint election officers for the primary and do such other things as are necessary to carry out the election. The primary will be held to choose delegates to the Democratic divisional convention which has been called to nominate a ticket for the Territorial legislature. This convention is to be held September 7.

The Bunnell campaign committee will also likely be completed at the meeting tonight and plans discussed for carrying on a vigorous campaign for the Democratic candidate for congress. The roster of the club is now kept at club headquarters and new names are being constantly added to it.

CONGRESS MAY ADJOURN AT EARLY DATE

WASHINGTON, Aug. 22.—That Congress will adjourn soon was Senator Reed Smoot's prediction today. He felt that Congress would be more inclined to hasten its programme because of President Wilson's extraordinary need of rest.

LUMBERMEN WILL CUT HARDWOOD OUTPUT

CHICAGO, Aug. 22.—Representatives of 40 lumber companies at Memphis, Tenn., have decided to curtail the production of hardwood lumber because of the European war. Many mills will close entirely, others will reduce forces.

SPECIAL NOTICE.

There will be a meeting Tuesday at 8 p. m. Commercial Club, rooms City Hall, Juneau; all merchants and business men of Juneau and Douglas are requested to be present as there will be business for the interest of all—**MERCHANTS' PROTECTIVE ASSOCIATION.** 8-22-3t

JAMES McCLOSKEY OUT FROM ATLIN DISTRICT

James McCloskey arrived from Skagway on the J. B. Stetson coming direct from Atlin. He was relieved at the mines by his brother John. A good clean-up is predicted for the Atlin section.

PREPARING TO MOVE FEDERAL OFFICES

Surveyor General Charles E. Davidson is preparing to move the offices of Surveyor General and Secretary of the Territory to the new quarters acquired in the Goldstein block. A fine suite consisting of six rooms has been secured on the south side of the top floor of the building, and include a fireproof vault in the angle of the outside walls of the building.

Register C. B. Walker and Receiver Frank A. Boyle, of the U. S. land office in Juneau, are also preparing to move the land office into quarters alongside of the Surveyor General's offices.

It is expected that the offices will be ready for occupancy by September 1.

AUTO TRUCK ORDERED FOR FIRE DEPARTMENT

The City of Juneau, through the fire committee of the city council, contracted for the delivery on approval of the Sewart auto truck and equipment for the fire department and the order for the same was sent out Saturday night. It is expected that the machine will arrive in a few weeks and if it meets the requirements of the specifications agreed to the city council will complete the deal by purchasing it.

FAIRBANKS MAN PAID HIMSELF; THEFT CHARGED

FAIRBANKS, Aug. 8.—Lars Peterson, who was arrested on the charge of having stolen a pan of black sand and gold dust from the cabin of J. S. Rosenberg, on Dome creek, has been bound over to the grand jury. The accused does not deny that he took the black sand from Rosenberg's cabin. He claims that Rosenberg is indebted to him but that he has been unable to make collection. When he visited the miner's cabin the latter had just finished cleaning up the sluice boxes and Peterson, finding that he was unable to collect the debt took the law into his own hands and appropriated the cleanup.

The affair has recalled a similar occurrence which took place at Circle shortly after the failure of the Washington-Alaska bank, when Frank Guoin, at the point of a revolver helped himself to the amount which Barnette owed him when the bank failed. No action was taken to prosecute Guoin and Peterson was probably acting in the belief that he would be equally as lucky.

THANE STAGE LINE HAS DISCONTINUED

Erick Nelson who established the Nelson auto stage line between Juneau and Thane, some months ago has discontinued the business and will leave for the Westward on an early boat, taking his big auto stage with him. It is his intention to establish a stage run between Chitina and Fairbanks.

MINISTER PRAISES PRESIDENT WILSON

ROME, Aug. 22.—The Foreign Minister warmly praised President Wilson for offering to mediate in the European war to American Ambassador Thomas Nelson Page, who was assured that Italy would join him if opportunity offered.

WAR! WAR!

TO CALL ELECTION FOR ANNEXATION

The present city council is seriously considering the matter of extending the city limits. The territory that may be taken in consists of the Gold Belt addition and several strips of unattached territory adjoining and some more territory extending up the Gold creek valley to the mining properties and near Recreation park; also other additions to the Northward probably including the settlers on the tract just beyond and adjoining Evergreen cemetery for which a townsite survey has been asked.

Members of the city council are known to be of the opinion that it would be a good plan to call for a special election in the city on the day fixed for the November general election for the Territory. It is thought by so doing some expense might be saved the people and an increased vote on the proposition be obtained. The election will probably not be called until the council has been petitioned by residents and property owners in the outside territory affected to do so.

The idea is being discussed of having the election of non-residents and property owners seeking admission to the city for this new territory hold an election on the same day and the matter could thus be definitely and quickly disposed of.

Residents of the Golden Belt addition and others living outside of the city limits are dependent on the city government for lights, sidewalks, police and fire protection, and street and sewer improvements. More than a majority of these residents have voluntarily asked that their property be assessed and have paid taxes to the city government, but they are shut out from any participation in city affairs and all moneys expended by the city in such territory are done with doubtful legal authority. For this reason many of the residents living outside the city and members of the city council think the territory should be annexed.

GOOD WORK ABROAD.

Representatives of the United States in Europe without exception have met the stern duties of the past fortnight with energy and wisdom. A little while ago an organized anti-Administration clique in this country was sneering at every man commissioned in the diplomatic and consular service by President Wilson. Nobody is sneering now.

Efficiency and zeal in this instance have not been confined to Ambassadors. Our Consuls have been equally energetic, and the genius for organization so often displayed by Americans in times of turmoil has been revealed in many places, under the most trying conditions, by our fellow-citizens having no official station.

Painful as have been the experiences of thousands of Americans unexpectedly overtaken by war, the worst is now past, thanks chiefly to the intelligence and devotion displayed at their own embassies and consulates.—New York World.

ONE SEWARD MAN KILLS EIGHT BEARS

SEWARD, Aug. 15.—Nathan P. White arrived in Seward from the hills yesterday and with him came a letter which stated that he has killed eight bears this year, but the contents of which he was not even aware of.

Mr. White is operating a property on Lynx creek and is doing splendidly there. He says that Major French went to that creek last Sunday to look over some ground.

Mr. White has also been on Crow creek recently and bears out the stories of the richness of that stream.—Seward Gateway.

ANOTHER GOOD QUARTZ STRIKE IN FAIRBANKS

FAIRBANKS, Aug. 1.—Writing to R. M. Crawford of this city, Ed McConnell, who is developing quartz prospects at the head of Little Eldorado creek, states that Boyd & Shaw have found good rock in both ends of their cross tunnel. They now have over three feet that is believed to average about \$20 to the ton. They have been working on this quartz for the past two years with indifferent success and are highly pleased to at last get into good pay.

WAR EFFECTS RUBBER.

The European war has caused rubber goods to take a decided advance which will mean that in the near future we will feel the advance on our local market. Mr. Britt, of Britt's Pharmacy, has foreseen this increase and has laid in a big supply of hot water bottles and fountain syringes which may be had for the same old price and they are all guaranteed for two years. Remember this: Always buy the best; we do. 8-20-1t

BELGIUM MAKES HER PROTEST TO BRYAN

WASHINGTON, Aug. 24.—Belgian Minister Hevenith Saturday formally protested to Secretary of State William J. Bryan against Germany's violation of the neutrality of Belgium, saying:

"Every man in Belgium will resist Germany's action until the last one of them is dead."

We Sell Electric Washing Machines

Sold on Instalments The machine will pay for itself. Your only outlay is the first payment--the saving in laundry bills will more than make the future payments. Wash-day has no terrors for the woman who owns an electric washing machine. The cost is so low that any family can afford to own one. Cost of operation will not exceed five cents per hour. Come and look at it. Demonstrations any time.

EXCLUSIVE FEATURES

- A Reversible Wringer that can be operated by either Hand Lever or Foot Treadle.
- A patented one piece Metal Wringer Box. This box is in every way superior to the best wood wringer box that can be constructed.
- Shaft Driven Wringer — Noiseless, Safe and Certain.
- No mechanism on top of tub. All working parts being under tub, entirely protected and out of the way.
- Washer is designed for power exclusively and is more substantially built than competitive Machines.
- Metal drain cock on bottom of tub drains tub completely without tilting.
- 1-6 H. P. Electric Motor having ample power to handle the wash at all times.
- Complete Washer is mounted on castors and can be easily moved.
- By reason of the fact that the wringer on the Voss Electric Washer is controlled by either foot treadle or hand lever, it is the safest power wringer in the world. The action is positive and instantaneous. Must be seen to be appreciated.
