Federal Judge Hanford Grants Injunction Against Strikers in Seattle

UNIONISM RECEIVES SETBACK

Court's Ruling is Held to Open Way for Damage Suits Against Labor Organizations

Seattle, Aug. 7.—Federal Judge Hanford this morning granted an injunction restraining the Longshoremen's union from in any manner whatsoever interfering with the operations of the Alaska Steamship Company and the Alaska Pacific Steamship Company. The decision comes as the result of the hearing on the temporary restraining order granted several days ago in the same case.

The ruling of the court is interpreted to mean that in case of damage of any character being suffered as the result of a strike the labor organization calling the strike will be held responsible in a court of law. The labor organizations of the city are much chagrined at the decision.

STRIKERS MURDER TRAIN PASSENGERS

Three Persons Killed and Seven Wounded by Birmingham, Ala., Miners.

LYNCHING BEE THREATENS

Indignant Citizens Search For Those Committing Outrage said to be Inexcusable

Birmingham, Ala., Aug. 10.—Three innocent persons were killed and seven wounded yesterday afternoon by strikers who discharged a volley at a passenger train on the Mineral Railroad. This act on the part of the miners has aroused the greatest indignation and if the identity of the perpetrators can be definitely ascertained a lynching is almost certain.

Since the strike was called the strikers have been more or less turbulent and on one occasion they stormed a train load of strike breakers but the act of yesterday was entirely uncalculated for as the only purpose was that of revenge on the railroad for carrying strike breakers. There were no strike breakers on the train fired into nor was there anything to give the strikers the impression that there was.

Prince Rupert, Aug. 8.—There is walling on the part of and visions of ruin in the hearts of the promoters of the famous townsite of Kalen, on Kalen island for the Grand Trunk Railroad has changed its route and will now go nine miles south of the townsite. TOWN COUNCIL IS FACING PROBLEMS

Business Men ask Privilege of Installing Gasoline Lighting Plants.

SALOON MEN WANT CENSUS

Whether or not Desires of Citizens Shall be Granted is Matter of Dispute.

Two petitions coming before the town council last night have given the members of that executive body some thing to ponder concerning, and further more promise to result in a pretty mix-up before finally decided. The petitions in question are one signed by a committee of liquor dealers asking that a census be taken to the effect that a reduction in the license may be obtained, and the other that ordinance No. 36 be so amended that it will permit the use of gasoline lighting plants. Both petitions were referred to committees and will be acted upon at a meeting of the council to be held next Monday night.

It is the petition with regard to the gasoline lighting plants that bids fair to cause trouble, for at least one member of the council, Whitley, is opposed to its being granted and he said so last night. Edmund Smith presented the petition, which is signed by nearly every business man up and down McKinley street, and in the doing he declared his belief that ordinance No. 36 is invalid inasmuch as it gives the right to use gasoline for manufacturing purposes and, particularly provides that dentists may use it. Mr. Smith declared before the council that the ordinance is, in his estimation, one of discrimination and he advised granting the petition saying that so doing "may prevent expense to the town and to others."

The saloonmen believe that the town has less than 1,000 inhabitants and if a census proves this belief correct the license is reduced from \$1,000 to \$500 a year. There are several licenses expiring within a month and it is desired to have the question settled before that time.

This petition was referred to the license and revenue committee, and the one having to do with the gasoline question to the police and fire protection committee.

The council accepted the bid of James Mitchell for handling garbage and other refuse, the acceptance carrying with it appointment as official garbage mover. Mitchell's rates are: family privies, 75 cents a month; clubs and hospitals, \$1.50 a month; Garbage, one barrel, 50 cents, two or more up to wagon load, 75 cents. Special rates for saloons. Just to show that they do not believe in trusts the councilmen granted the application for a license made by J. C. North who is at present in the garbage business.

Truth and Quality

appeal to the well informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable, if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing, the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.
