Judge Fletcher M. Doan of Florence this week visited his son Hon. John Doan, secretary of the La Fortuna Mining Co. The two gentlemen registered at the S. P. hotel last Sunday.

Frank Avila, the efficient deputy county recorder, made a trip to Castle Dome this week to look after his mining interests in that locality. Frank is an enthusiastic miner and will some day strike it rich.

Senator Ives, president of the State of Arizona Improvement Co., was in Yuma this week on business connected with the King of Arizona mine. The Senator's family now reside at Skow, near Los Angeles.

P. C. Dubois of San Francisco and Geo. A. Rice of New York, who have been investigating to Picacho mines, left Thursday for the coast. They express themselves favorably as to the properties in the Picacho district.

Chas. Pichenbeck of Los Angeles has been in Yuma this week looking after his various mining interests in this county. Mr. Pichenbeck was in Yuma in the 70's and is one of the best mining men in the Southwest.

The weather bulletin reports on Yuma weather as follows: Harrisburg—Plenty of rain during the past week. Grass in abundance and stock looking good. Yuma—Temperature highest 106; lowest 73. Precipitation .06.

An old Mexican, sixty years-five of age was found dead in bed yesterday morning. His name is Jose Padilla, and had been employed as gardener by Santiago Redondo. The coroner's jury found that he died of natural causes.

Circulars came here this week giving description of and offering a reward of \$1750 for the arrest and conviction of the murderer of R. M. Rodgers and Clinton Wingfield, at Camp Verde, Yavapai county, on the night of July 2, 1899.

R. B. Young, the architect, came in from Los Angeles Sunday to look after the construction of the Catholic church of which he is the architect, and also to be present at the dedication and the laying of the corner stone of the structure.

A party of prominent Phoenixians passed through Yuma on yesterday's excursion. Among the party were Captain Alexander, Jerry Millay, Councilman Fickas, J. A. Kurtz, and Judge Baker. The families of most of the gentlemen were present.

The 42nd saloon was touched for \$55 Thursday morning. The hold-up occurred in broad day light and was done while Jack Stwartz, the proprietor had his back turned on the money which was in a shot sack on a shelf behind the bar. No clue to the hold robber has yet been found.

The city council has at last located the fire apparatus, which was a very proper act. The council will erect a building on the lot adjoining the Phoenix restaurant, which was donated by John Gandolfo. The building will also be used as a city hall, the council having chambers in the same. Joe Heyl has the contract for the erection of the building.

City Attorney Pierce Evans returned last Sunday from an extended trip to the various coast cities. While absent he visited Los Angeles, San Francisco, Portland, Seattle as well as the smaller cities. Mr. Evans left again Wednesday for a two weeks' stay in Los Angeles. Attorney P. T. Robertson will act as city attorney during the absence of Mr. Evans, and it is needless to say that the law affairs of the city are in good and safe hands.

The Yuma Cash Store has changed hands, A. Bienkowski, who has conducted the same for several months past, disposing of his interests to Miss Rosa Le Rounne. Charley will shortly make a trip over the county for recreation and rest as well as to keep his eye peeled for mining investments. Mr. Bienkowski desires to issue a notice to the public thanking his customers for the liberal patronage bestowed upon him and bespeaks a liberal share of the same to his successor.

Harry Neahr, one of the business men of Fortuna, was in town the first part of the week. While here Mr. Neahr had some postal cards printed for the various business men of that town to be sent out to different mining camps and villages throughout the country warning hotel men, barbers, etc., to look out for a certain brace of miners who took the pipe line out of Fortuna between two days immediately after pay day, leaving their creditors to whistle for satisfaction. Mr. Neahr says that several miners have lately taken the French mode of departure and thinks the sending out of warnings to the various other camps will have a salutary effect upon those who may contemplate giving creditors the grand bounce and skipping by the light of the moon. The warning reads as follows: "Look out for Rod Dewar and Tom Kelly. These two parties took the pipe line out of Fortuna, leaving bar bills, barber bills and board bills unpaid."

For the Sake of Fun, Mischievous is done. A vast amount of mischief is done, too, because people neglect to keep their blood pure. This mischief, fortunately, may be undone by the faithful use of Hood's Sarsaparilla. Hood's Pills cure all liver ills. Non-mitigating.

The Williams News says providence permitting, and the Santa Fe freight trains being on time, track-laying will commence on the Santa Fe & Grand Canyon railroad on or about the 15th of the present month.

Captains Mellon and Polhamus returned Thursday with the steamer Mohave from the Needles. They have been transporting mining machinery to a point about forty miles above the Needles, one mine being located on the Arizona side of the river and one on the Nevada side. Captain Mellon reports considerable activity in mines and mining in that locality, and will return in October, at which time he has a contract to transport several hundred tons of mining machinery to points up the river from Needles.

This story is told of a man who married and took his wife to a claim in the strip. An acquaintance who visited them some time later found them in a sod cabin. It was the noon hour and the wife had prepared the meal and for a table used her kneading board, over which a napkin was spread and the board held on her lap. On making his report to Wichita friends as to how he found the young people living he described the style as magnificent, and as an explanation he said, were he the owner of the young man's furniture he would not take \$10,000 for the legs of the table.—Florence Tribune.

Judge Kaltenbach was yesterday appointed justice of the peace of Gila Bend district. He has been the justice for that district for many years and resigned last summer to go to California. He did not like California and has again returned to Gila Bend. Since his return he has been endeavoring to be reinstated, but the supervisors did not think it was necessary to conduct a peace office there as the precinct is hardly large enough. A petition, endorsed by nearly every resident of that district was presented to the board yesterday by Sheriff King and the judge was appointed.—Enterprise.

After we have clinched our "expansion" policy so that the sun can never set upon the American eagle, it will be worth the while of thinking men to consider that there is ample opportunity for "interior" expansion in the reclamation of some millions of acres of splendid land lying right in the heart of the country. When Congress gets ready to vote a few millions for the Orient, let it also appropriate something to give the West the storage reservoirs she wants and thus make fertile her deserts in the interests of American home builders.

The Land Grant. The following communication from Chief Justice Reed to District Attorney Brown will prove of interest: "COUNCIL BLUFFS, Ia., Aug. 8.—Dear Sir:—I have your communication of the 1st, with the accompanying petition of certain citizens with reference to the Algodones land grant. The case was recently disposed of by the supreme court, but the mandate had not been sent down to this court [the court of private land claims] when we adjourned at Tucson in June. The court will hold a term there in November, when I have no doubt a final order of dismissal will be entered. When that order shall have been made our jurisdiction will end, and all questions as to entries of the land will be within the jurisdiction of the department of the interior. Very respectfully, JOSEPH R. REED."

Advised Letters. List of Letters remaining unclaimed in Yuma Post Office week ending August 12, 1899. Ezell, J. C. Trujillo, Jesus Proffitt, Frank 2 Williams, Rob. Persons calling for the above letters will please say, "Advised." R. H. CHANDLER, P. M.

Beware of Ointments for Catarrh that Contain Mercury as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price 75c, per bottle. Hall's Family Pills are the best.

Bismark's Iron Nerve Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at Gonder's drug store.

With The City Dads. A regular meeting of the city council was held at the recorder's office Monday evening. Mayor Shansey, Councilmen Heyl, Tapia, Neahr and Willis, City Attorney, Marshall and recorder being present. J. W. Dorington submitted a report on the Althee Modesti sewer system which was read and filed.

The City Marshall submitted his report, which was read and filed. The report showed the collections for the month to be \$32.50 less 25 per cent. The City treasurer also submitted his report. Which was read and laid over until next meeting.

The following bills were ordered paid Fred Fredley \$15.50; Arizona Sentinel \$2.50; O. F. Townsend \$6.25; Geo. A. Duke, commission on sale of lots \$169. The bill of Levy & Co. was laid over until the next meeting.

The Marshall was instructed to collect the assessment on improvements on Madison avenue. An ordinance was read and approved to forbid kids from jumping on and off the moving cars in the railroad yards.

John Stoffela made application for a permit to alter his building on Main street and the City recorder was ordered to issue the same. Two bids were received for the construction of a fire house and city hall on Gandolfo's lot adjoining the Phoenix restaurant. A bid by Rathburn for \$825 was rejected and the bid of Joe Heyl for \$425 was accepted. The building will be a frame structure 30 by 40 feet.

There being no further business the Council adjourned until Monday August 15, 1899.

OFFICIAL MINUTES Of the Proceedings of Board of Supervisors of Yuma County Arizona.

(CONTINUED FROM PAGE 1)

Mohawk Canal and Improvement Co., raised on 23 miles of canal \$3600, making the assessment \$200 per mile.

Mr. Dorington complained that the assessment of the improvements on lot 23, block 9, is excessive, the same is reduced to \$50. Lot 4, block 173, listed by error, same stricken off the roll.

At 5 o'clock p. m. Board adjourns as Board of Equalization and convenes as board of Supervisors. At 5 p. m. board adjourns to meet at 10 o'clock a. m. July 21st, 1899.

Minutes read and approved. Attest, P. G. COTTER, W. E. MARVIN, Chairman Clerk. Board of Supervisors.

Who Will be our Next President. Politicians are now planning for the presidential campaign of 1900, but the war has so overshadowed all other matters that politics is almost unnoticed. Many people are of the opinion that the candidates will be the same as in 1896, but there may be a "dark horse" who will win the race. Popularity has much to do with candidates. This is also true with medicine. The most popular remedy today is Hostetter's Stomach Bitters, and it has retained this for many years. Science never discovered the equal of this medicine for stomach, liver and kidney diseases. It builds up solid flesh tissue, imparts vigor and vitality to all organs, and makes life worth living. A bottle will make a big change for the better. Try it.

Lemonade and soda at The Yuma Bakery. We have the nicest fruit on the market Paxton Bros. The beer that made Milwaukee famous at The Ruby. Best milk shake at The Yuma Bakery. Call at Cotter's Drug Store for good cigars, cigarettes and tobacco. Spooner's barber shop at the Billiard hall for first class work prices 15 and 35 cents. Pure drugs low prices and perfect accommodation at Cotter's Drug Store. For a "strictly" first class cold drink try Paxton Bros. Fruit stand and Billiard hall.

Fire! Fire! Fire! The Lord helps those who help themselves. L. J. F. Jaeger saved his whiskey and cigars for his many customers. Call at the Place and ask Joe or Bill or some of this good stuff. For Rent.—Residences on Madison formerly occupied by Dr. Heffernan and C. D. Baker. Inquire at this office.

NIGHTY HARD WORK. Some men have to do their work under all sorts of unusual and adverse circumstances that are just as trying upon their health and physical condition as if they were soldiers fighting and marching day and night in a hard campaign. When the conditions under which a man works are abnormal and unhealthy he needs to take special precautions to build himself up to withstand the extra strain.

"In 1894, I was working at night and the skin peeled off," says Mr. John A. Calloway, of 214 St. Columbus, Georgia, in a recent letter to Dr. R. V. Pierce, of Buffalo, N. Y. "I had catarrh for four years and also liver and kidney trouble when it would commence troubling me I would have a slight itching a little below the chest. I used many kinds of medicine but received no benefit. My eyes were stung and my face was pale; I had pimples on my face and there was brown spots on my face. Now these are all gone. I took six bottles of Dr. Pierce's Golden Medical Discovery and two of Dr. Pierce's Pills. They are the best medicines I ever used in my life, and I do believe that I am entirely well. I have a good appetite but before I commenced treatment I had no appetite at all. Now I am like a child—ready to eat at any time of day or night. Last year I weighed one hundred and thirty-four pounds and now I weigh one hundred and forty-five. Please accept my thanks. I am so glad I found the right kind of medicine."

"Golden Medical Discovery" is free from alcohol; it is pure medicine and nothing else. Unlike the so-called "tonics" and "extracts" which tend to create an appetite for stimulants, the "Discovery" creates only a healthy natural temperance appetite for good food which nourishes and strengthens. The medicine dealer who says he has something "just as good" knows that he is false. If he urges an inferior substitute it is to gain a few pennies greater profit. No matter how discouraged you may be, write to Dr. Pierce for advice which he will send you free and which if followed, is bound to do you good.

For Over Fifty Years Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. Sold by Druggists in every part of the World. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Volcanic Eruptions Are grand, but Skin Eruptions rob life of joy. Bucklen's Arnica Salve, cures them; also Old, Running and Fever Sores, Ulcers, Boils, Felons, Corns, Warts, Cuts, Bruises, Burns, Scalds, Chapped Hands, Chilblains. Best Pile cure on earth. Drives out Pains and Aches. Only 25c. a box. Cure guaranteed. Sold by Gonder's.

No Right To Ugliness. The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at Gonder's Drug Store.
