The citizens of Fortuna are making preparations for a grand Fourth of July demonstration. Fortuna never does things by halves and it is needless to say that those who attend will be fully repaid.

Jesse E. Crouch and family of Mohawk have rented a residence in Yuma and will remain for some time. Mr. Crouch is one of the prominent men of the county.

Hon. Chas. H. Akers has been made the chairman of the Arizona delegation to the Philadelphia convention, and Col. J. W. Darrington has been placed on the committee which is to notify the successful nominee of his nomination.

Little Mary Crouch fell from a porch last Thursday and dislocated her elbow. Dr. Heffernan was called and administered to the injured member. The brave little lady refused to take chloroform and stood the pain of relocation like a heroine.

The ravages of the Colorado river upon the California bank made in years past during the season of high water, seems to have been averted this year says the Needles Eye. The main current is hugging the Arizona shore and thus far the river has made very little inroad into the California shores.

The water front at Needles presents quite an animated appearance this week says the Eye. The Cochran took on cargo yesterday for upper river points. The St. Valler strains at her bows pending litigation, and Capt. Babson impatiently paces the bridge. The Arctec is under going some slight repairs, while the fast little Ritta lies in the stream nearly ready for another trip down the river.

Young Lo Plays.

A very pleasant farewell party was tendered the pupils of the Fort Yuma Indian Training School last Wednesday evening.

The girls two dormitory rooms were converted into a perfect bower of beauty, prettily and artistically decorated with oil paintings, bric-a-brac and evergreens. Conspicuous was the stars and stripes artistically draped. At about 7 o'clock the little ones were called in, entertained and served with refreshments of lemon sherbet, cake and candy. On being shown through the prettily decorated rooms they clapped their little hands in delight and evinced such genuine pleasure for the entertainment provided for them that one of the employees who had worked very hard for its success, exclaimed: "This demonstration on the part of these little children alone repays me for all the labor expended."

At a later hour the older lads and lasses, becomingly dressed in their neat uniforms marched in and spent the evening in a most enjoyable manner. The employees vied with each other in providing entertainment for the children. One room was turned over to dancing while in the other games of various kinds were indulged in.

One of the pleasing features of the evening's entertainment was the cake walk artistically (?) executed by a grace seldom seen outside the Indian service—delightful music was discoursed by Stratton's orchestra—dainty refreshments were served and at a late hour the evening's entertainment drew to a close. Those present were: Supt. and Mrs. J. S. Spear, Prof. and Mrs. Carr; Misses Willis, Thomas, Walsh, Beal, Bragg, Jenkins and Mary and Maud Spear, Mrs. Millican; Messrs. Vaughan, Stratton, Wittington, Riley and Morgan.

With the City Dads.

The city council met last Friday evening for the purpose of considering the advisability of celebrating the Fourth of July and after some discussion it was decided to leave the matter in the hands of the Fire department. The council met again Monday evening to consider bids for publishing the ordinances of the city, but the bids submitted were not satisfactory and no action was taken. We might remark, parenthetically, that posting ordinances is a very ancient way of placing them before the public. If a satisfactory price for publishing them could be agreed upon much more satisfaction would ensue. The ordinances could then be pasted in the ordinance book and those who wished to refer to them would not be compelled to solicit the services of an adept in Egyptian hieroglyphics to decipher them.

Deafness Cannot be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 79c. Hall's Family Pills are the best.

To Celebrate.

A large number of the firemen met Monday evening subject to call for the purpose of taking preliminary steps to befittingly celebrate the anniversary of the nation's birth. In the absence of any presiding officers Mayor J. H. Slaussey called the meeting to order and in an enthusiastic manner added fuel to the patriotic flame. After the object of the meeting had been stated, Thos Molloy was chosen to fill the chair, and right worthy did he perform his task. A few short patriotic speeches were made relative to the advisability of celebrating the day dearest to all American hearts. Liberal applause greeted the various speakers and suggestions which were made. The old spirit of '76 was revived and it was unanimously agreed to celebrate on the Fourth. A general committee on arrangement consisting of J. M. Clark, T. M. Day, T. B. Bell, R. H. Pletcher, W. E. Marvin, Albert Behan, James P. Buck, W. H. Shorey, A. Joe Heyl, Thos Molloy, A. T. Pancrazi, B. L. Meeden, L. J. Ramirez, Frank Stanley and D. E. McCormick, was appointed. A sub-committee of this committee was appointed to ask and solicit a number of citizens to act in conjunction with the firemen.

The committee of fifteen met again last night and it was unanimously decided to hold the picnic and celebration at the quartermaster's grounds. Sub-committees were appointed on literary and music, dance, sports grounds and refreshments and finance, and the various committee are now busy with their several duties.

W. E. Marvin is chairman of the finance committee and a number of business men will be asked to act with him on that committee. A number of citizen will be asked and invited to attend the meetings of, and act in conjunction with, the general committee on arrangements.

It is proposed to put the quartermaster's grounds in a presentable condition and have a regular old-fashioned Fourth of July blow out. Robert Tapia will furnish music for the day with a band of six pieces; there will be refreshments on the grounds, sports of all kinds; a Fourth of July oration, the reading of the Declaration of Independence, patriotic recitations, songs and music, to close in the evening with a grand ball at Elks' Hall. The hearty cooperation of the citizens and business men is solicited by the firemen to make this day one to be long remembered.

Marriage Bureau in Peril.

Judge Belcher of San Francisco has handed down a decision which makes illegal those marriages which take place outside of the state of California to escape the California divorce laws. The Yuma marriage bureau has done much for California's blighted couples but its work is apt to yet be undone.

Judge Belcher's decision, wherein he declares such marriages to be illegal, was called out by the case of Abbie Rose Wood against the estate of Joseph M. Wood to recover \$10,000, the amount specified as the consideration in an ante-nuptial contract in which she agreed to allow Wood to do as he pleased with his property after their marriage. This alleged marriage took place at Reno five months after she had been divorced from Robert E. Smith.

Judge Belcher refused to allow her claim against the estate, because he held that the Reno affair was not a legal marriage and that the ante-nuptial agreement had not been put in force by a marriage.

The vital points of the decision are as follows:

It is proper for the state to regulate marriages. Undoubtedly it is immoral and against public policy that a divorced person should be permitted to contract a legal marriage pending the right of appeal and while it is yet uncertain what the final judgment will be.

The purpose of the section (61 of the Civil Code) was to put a stop to marriages within the period of an appeal from the decree of divorce.

The status of unmarried persons is controlled by other statutes. Not all unmarried persons may legally marry. In this jurisdiction both parties to a divorce proceeding, after decree, are for the full period of a year therefrom disabled from marrying any other persons than themselves.

Section 61 contains words of nullity, and these cannot be avoided by merely invoking another jurisdiction for that purpose.

The law of domicile is invoked and the law of domicile controls. No other jurisdiction can relieve against it.

The plaintiff possessed no legal capacity to marry any person save her divorced and then living husband.

A Farewell Party.

An exceedingly pleasant surprise and farewell party was tendered Miss Helen Jenkins, (teacher in the Fort Yuma Indian Training school) Friday eve, the eve of her departure for Los Angeles. The party was an in formal one given by her friends, Misses Willis and Thomas.

The evening was pleasantly spent in music, fortune telling and social converse. Delicate refreshments of sherbet cake, candy and nuts were served and at a late hour the guests departed.

Those present were: Supt. and Mrs. Spear, Misses Willis, Thomas, Walsh, Beal, Bragg, Mary and Maud and Agatha Spear, Mrs. Millican; Messrs. Vaughan, Stratton, Wittington, Morgan and Riley.

They Smell Oil.

According to a coast paper Los Angeles people are beginning to ask about the prospects on the Colorado desert, in which section a number of San Diego people are preparing to begin operations in the fall. It is hardly probably that any one will contemplate risking their lives on that desert during the summer months while hunting for oil, but there is a possibility that next fall may see some developments in that section of the country. It is reported in San Diego that certain Los Angeles men are already interested in oil prospects on the desert, which is altogether probable, as Los Angeles citizens are pretty numerous in every portion of the state where there is a smell of oil.

A Rich Man's Project.

A rich man's statement that he intends to devote almost his entire fortune to charitable works has aroused much discussion. This is because it will accomplish much good. It is a praiseworthy endeavor, but there are many other agencies which accomplish just as much good. Take Hostetter's Stomach Bitters for instance—the great American remedy. For fifty years it has cured constipation, dyspepsia and all the ills which arise from weak digestion. This medicine will keep the stomach in good shape and the bowels regular. It is a wonderful restorative tonic and health builder. It is also a preventive for malaria, fever and ague. Ask for it, and insist upon having it. See that a Private Revenue Stamp covers the neck of the bottle.

For Sale At a Bargain.—Good paying saloon and grocery business reason for selling going away. Address, C. H. MAUK, Blaisdell, A. T. Fire-works and flags of every description at A. Tonini's, Gandolfo block.

When baby comes to the home it will bind the wife closer to the husband, or it will gradually tend to cut her off from his company. A sickly mother loses in physical charm, and often in temper and disposition. A fretful child is a trial, even to loving parents. The use of Dr. Pierce's Favorite Prescription prepares the wife for motherhood. It strengthens the body, and induces a healthy condition of mind, free from anxiety or fear. It makes the baby's advent practically painless. The mother being healthy her child is healthy, and a healthy child is a happy child, a joy to the parents, linking them together with a new bond of affection. There is no opium, cocaine or other narcotic in "Favorite Prescription."

For Over Fifty Years.

Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the World. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.
