

THE ARIZONA SILVER BELT.

OFFICIAL PAPER OF GILA COUNTY.

Saturday, March 11, 1893.

CHANGING JUDICIAL DISTRICTS.

An Act to divide the Territory of Arizona into four Judicial Districts, and to fix the times and places of holding the courts therein. Pursuant to the Act of Congress entitled: "An Act to provide for an additional Associate Justice of the Supreme Court of Arizona" approved February 11th, 1891.

Be it enacted by the Legislative Assembly of the Territory of Arizona: Section 1. That the Territory of Arizona be, and the same is hereby divided into four Judicial Districts, and the times and places of holding the courts of said Judicial Districts, are hereby fixed as follows:

First. The counties of Cochise and Graham shall together constitute one Judicial District, to be known as the First Judicial District of Arizona, and two terms of the court in and for said district shall be held annually at Tombstone in said district, one beginning on the first Monday in May, and one beginning on the first Monday in November.

Second. The counties of Pima, Pinal and Gila shall together constitute one Judicial District, to be known as the Second Judicial District of Arizona, and two terms of the court in and for said district shall be held annually at Tucson in said district, one beginning on the first Monday in April, and one beginning on the first Monday in October.

Third. The counties of Maricopa and Yuma shall together constitute one Judicial District, to be known as the Third Judicial District of Arizona, and two terms of the court in and for said district shall be held annually at Phoenix in said district, one beginning on the first Monday in April, and one beginning on the first Monday in November.

Fourth. The counties of Mohave, Yavapai, Coconino and Apache shall together constitute one Judicial District, to be known as the Fourth Judicial District of Arizona, and two terms of the court in and for said district shall be held annually at Prescott in said district, one beginning on the first Monday in June, and one beginning on the first Monday in December.

Sec. 2. The Chief Justice and Associate Justices of the Supreme Court of this Territory, are hereby assigned to said districts as follows: Associate Justice Richard E. Sloan, to the First District. Associate Justice Joseph H. Kibbey, to the Second District. Chief Justice Henry C. Gooding, to the Third District, and Associate Justice Edmund W. Wells, to the Fourth District. This assignment to be in force until changed by order of said Supreme Court.

THE POLICY OF THE ADMINISTRATION.

President Cleveland, in his inaugural address, outlines briefly what will be the policy of his administration. There is no crumb of comfort to western people in his allusion to the currency question. His reference to a lurking danger, a degraded currency and the fear of a depreciation in the purchasing power of the wagon paid to toll, of course relate to the growing agitation of the free coinage of silver, and impress the reader forcibly that the administration will do its utmost to prevent the increased use of silver as money.

The President's utterance on the tariff should satisfy the reformers, since he virtually declares for tariff for revenue only. He deprecated "wild and reckless pension expenditure" and demands economy in the administration of the government.

He is more pronounced than ever in support of the civil service, he says: "To secure the fitness and competency of appointees to office and to remove from political action the demoralizing madness for spoils, civil service reform has found a place in our public policy and laws. The benefits already gained through this instrumentality and the further usefulness it promises entitle it to the hearty support and encouragement of all who desire to see our public service well performed, or who hope for the elevation of political sentiment and the purification of political methods."

On the Indian question he says: "Our relations with the Indians located within our borders impose upon us the responsibilities we cannot escape. Humanity and consistency require us to treat them with forbearance, and in our dealings with them to honestly and considerately regard their rights and interests. Every effort should be made to lead them through the paths of civilization and education to self-supporting and independent citizenship. In the meantime, as the nation's wards, they should be promptly defended against the cupidities of designing men and shielded from every influence of temptation that retards their advance."

Mr. Cleveland further says: "Anxiety for the redemption of the pledges which our party made, and solicitude for the complete justification for the complete trust imposed in us, constrain me to remind those with whom I am to co-operate that we can succeed in doing the work which has been especially set before us only by the most sincere, harmonious and disinterested effort."

HOW ARIZONA'S WORLD'S FAIR FUND WILL BE EXPENDED.

W. C. Barnes, vice-president of the Arizona Board of World's Fair Commissioners, in reply to criticisms as to the manner in which the \$30,000 appropriation is being expended, explains at length through the columns of the Caconino Sun. In effect, he says the law does not contemplate the apportionment of the entire fund pro rata among the counties, but leaves its expenditure in the hands of the commissioners, providing only that "each county shall receive and be entitled to an equitable share of the money."

The apportionment to counties has been as follows: Coconino, Mohave, Yuma, Gila, Pinal and Graham, each \$400; Cochise and Yavapai, each \$900; Maricopa, \$1,200; Apache, \$500 and Pima, \$900.

Pneumonia prevails to an alarming extent at White Hills, and a large percentage of the cases terminate fatally.

Activity in gold mining is reported from many sections of the Territory, and the output of the yellow metal in Arizona promises to be largely increased this year.

The ostriches and furs on which they are kept, near Phoenix, were sold recently for \$83,675. George M. Harris, the electric street railway man of Denver, Col., was the purchaser.

Ex-State Geologist L. D. Ricketts was appointed manager of the Wyoming exhibit at the World's Fair. For some years Prof. Ricketts has been connected with some of the Arizona mines of Phelps, Dodge & Co., of New York.

The Fifty-third Congress has gone into history as more than a billion-dollar Congress. The appropriation bills in a nearly completed state, show that this Congress has appropriated \$1,100,000,000. That is an increase of 10 per cent over the preceding Congress, which excited such terrific condemnation.

The Republican states that the Board of Supervisors of Maricopa county have authorized Calvert Wilson to prosecute a claim from \$6,000 to \$10,000 against the United States government, the claim being based upon the expense of litigation to which Indians were parties, during a period of several years. Should he succeed, Mr. Wilson will receive 20 per cent of the amount collected.

The suggestion now made to exclude the nude art from exhibition at the World's Fair, suggests the query, would the Greek slave, the spiritual creation of the African Powers' chisel, appear more acceptable clothed in a mother Hubbard or without it? We have repeatedly seen the symbolized slave without a rag, and in the presence of ladies, none of whom, although the mercury indicated freezing weather, suggested a reasonable or otherwise, wrap. Was it not Margaret Fuller, while admiring the slave reared, "Sculptors always tell the truth."

A surveying party of seven will start about March 15th on a survey of 300,000 square acres along the Atlantic and Pacific road. Leaving Tucson they will go to Phoenix, thence to Prescott, from Prescott to Garland station and to the wilderness in the Juniper mountains. Having surveyed that locality they then will go back to Prescott and start for Strawberry, thence to the Mogollon mountains returning by way of San Carlos and Ft. Thomas. The trip will take about five months. Four men start from here and three will be picked up in Phoenix. Those leaving here are P. Centzen, A. C. Valisier, H. P. Collins and W. Bush.—Citizen.

While returning from the funeral last Monday, the horses attached to the carriage being driven by Judge Kibbey look fright at something and commenced kicking and ran away. The Judge managed to turn them off into the brush and succeeded in stopping them. In the carriage were Mrs. Kibbey, Mrs. Devine and some children. During the progress of the short runaway Mrs. Devine was thrown out of the buggy, striking on her head. She sustained a deep gash on the left side of her head and her face and side were badly bruised. Her injuries, while painful, are not serious. A Mexican coach charge of the team. After getting into the road the horses again ran away but were finally stopped without doing any further damage.—Florence Tribune.

Scrofula In Its Worst Form—"White Swelling" Cured. The remarkable effect of Hood's Sarsaparilla in the following case illustrates the power of this medicine over all blood diseases.

A Confirmed Cripple. I was about to take him to Cincinnati for an operation, expecting his leg would have to be taken off and he would be a cripple for the rest of his life. Hood's Sarsaparilla in a few days cured him. He is now a healthy man and is able to do his own work. Hood's Sarsaparilla is sold by druggists. Price 50c per bottle. Prepared only by C. HOOD & CO., Apocryphics, Lowell, Mass. 100 Doses One Dollar.

Bad Blood

Impure or vitiated blood is nine times out of ten caused by some form of constipation or indigestion that clogs up the system, when the blood naturally becomes impregnated with the effete matter. The old Sarsaparilla attempt to reach this condition by attacking the blood with the drastic mineral "potash." The potent theory is old and obsolete. Joy's Vegetable Sarsaparilla is modern. It goes to the seat of the trouble. It arouses the liver, kidneys and bowels to healthful action, and invigorates the circulation, and the impurities are quickly carried off through the natural channels. Chas. Joy, at Deans's Third and Market streets, & F. J. writes: "I took it for vitiated blood and while on the first bottle became convinced of its merits, for I could feel it was working a change. It cleaned, purified and braced me up generally, and everything is now working full and regular."

JOY'S Vegetable Sarsaparilla Many druggists have a cheaper Sarsaparilla than Joy's. As they make more on it, they try to sell you it. Insist on Joy's. For Sale only by H. C. HITCHCOCK. Regular Price ONE DOLLAR a bottle.

PASTOR KOENIG'S NERVE TONIC St. Vitus Dance Cured. VIII SAN ANTONIO, Cal. Co., Cal., Feb. 1893. My boy, 13 years old, was attacked by St. Vitus Dance in the month of August, 1892. He was unable to walk, talk or see. He was confined to his bed for 2 years. Two bottles of Pastor Koenig's Nerve Tonic restored his health, and he is now as healthy as usual.

Conid Have Saved Henry. SAN FRANCISCO, Cal., January 30. I was treated by several physicians during 3 years to get cured of epilepsy, but the attack became more violent and frequent; since I took Pastor Koenig's Nerve Tonic I feel delighted at my improvement. Had I known of this remedy 3 years ago, I could have saved much misery and torment of mind and body. MRS. W. PETER.
