MEXICO MAY CEDE LOWER CALIFORNIA

Trouble Over Diversion of Colorado River May Lead to Acquisition by United States.

Belief is expressed along the border that as a result of the controversy between the Mexican government and the California Development company over the Colorado channel and its diversion for irrigating purposes, the government of Mexico may be persuaded to cede Lower California to the United States.

Speaking of the subject the Yuma Sun says:

"In support of this theory it is pointed out that Lower California, the only division of Mexico which has never been admitted to statehood, is so isolated from the seat of government that its resources can never be developed properly, and, inasmuch as it is a steady and considerable expense, the Mexican government will not be averse to letting it go.

With Lower California in the United States, its resources of all sorts could be developed rapidly and it would soon become a great mining, stockraising and agricultural section. Its immense expanse of seacoast would be of inestimable value and the Volcano lakes, possessing well known mineral and medicinal qualities, would soon become a popular resort."

Human Life Safeguarded.

The foot walk recently completed on both sides of the tracks at the big trestle leading to the smelter "fills a long felt want," and the hundreds who daily make the trip between Globe and North Globe can do so in comparative safety. If all the other trestles and bridges were similarly improved it would occasion great rejoicing among the pedestrians who are forced to take all the short cuts to save time in going to and from their work.

George H. Stevens, known throughout the territory as "Little Steve," has been heard from. He is conducting a saloon and gambling house at Victoria, British Columbia. He was the first sheriff of Graham county, and also a member of the territorial board of prison commissioners, under the administration of Governor Zulick. He was indicted for misconduct while holding that office and left the territory to avoid prosecution.

At the annual meeting of the Venture Hill Copper Mining company held at Jerome a week ago last Monday, James E. Sturgeon, of Tempe, Ariz., was elected president of the company. Mr. Sturgeon is an energetic business man and has a practical knowledge of mining, gained here at Globe years ago. He is enthusiastic over the Venture Hill property and will concentrate his business ability in an effort to promote the interests of the company.

I. N. Frye, engineer in the employ of the Troy-Manhattan Copper company at Troy, Arizona, has purchased the residence property at 850 North Second street, Phoenix, where he and his family expect to make their home a year or two hence.

Mr. and Mrs. Geo. S. Andrus celebrated the twenty-fifth anniversary of their marriage last Saturday, at the home of their daughter, Mrs. J. N. Robinson in Safford.

An Explanation.

The reason we turn out such good color on our work is:

1st. The water in Globe cannot be beat for laundry purposes.

2nd. We use plenty of it, and lots of good soap.

3rd. We have an experienced man in charge of the washing.

Give us a trial and we will give results. Arizona Steam Laundry.

Townsite Meeting

A townsite meeting of the qualified electors of Globe Townsite will be held at Fireman's Hall February 7, 1906, at 8 o'clock p. m., for the purpose of apportioning the funds now in the hands of the trustee of said townsite for public improvements.

P. C. ROBERTSON,
Trustee Globe Townsite.

ELECTION OF OFFICERS

Pioneer Hose No. 1 Holds Regular Meeting Monday Night.

At the last regular meeting of Pioneer Hose No. 1, on Monday night, the following officers were elected for the ensuing year:

President, Ed. T. Stewart; Treasurer, Harry Sultan; Secretary, Steve Tillman; Captain, S. C. Saylor; Foreman, T. N. Donaldson; Trustees, Messrs. W. W. Brookner, Herbert H. Pratt and Robert Riell. The boys are arranging for a practice run in the near future. There were but two fires of any consequence to fight in 1905, the minor blazes just furnishing exercise for the members. While the town hopes it may be a year before there is a "smell of smoke," it rests secure in the fact that the members of No. 1 are on the alert for sharp work on occasion.

GEO. SAMUEL'S ATTRACTIONS

Well Known Theatricals at the Globe Opera House

Geo. Samuels will be here for three nights—beginning Monday night, Feb. 5th—at the Opera House, and will present three farce comedies—all well known artists in the cast—"Hello, Bill," Mr. Plaster of Paris, and "A Turkish Bath."

Mr. Samuels thinks that comedies are more to the liking of his patrons on the circuit, and states that he will try to please them with this class of entertainment. All the above comedies have met with great success in the East.

As usual, there will be introduced between acts polite vaudeville, including a beautiful skirt dance with electrical effects by Miss Fay Norton; illustrated songs by Miss Mildred Eddy, and clever specialties by J. W. Clifford. The cast includes such well known people as Theodore Marston, Charles Thornton, Fredrick Mowley, J. W. Clifford, Harry H. Linton, Florence Stanley, Fay Norton, Mildred Eddy and others.
