

COUNTY FINANCES.

We publish this morning the joint statement of the Auditor and Treasurer for the quarter ending March 31st. It will be seen that the county is in a most excellent condition, having a net cash balance on hand of \$49,755.06.

EASTERN NEWS.

YESTERDAY'S DISPATCHES.

(SPECIAL TO THE DAILY SENTINEL.)

RETRENCHMENT AND REFORM.

The Democrats of the House Cutting Down Expenditures.

NEW YORK, April 1. The Tribune's Washington special says: Executive officers find that the new Legislative bill, proposed by the House Appropriation Committee, will seriously cripple every branch of the public service.

NIGHT DISPATCHES.

REPUBLICAN SENATORS AGAINST HAYES.

A House Committee Wrestling With Resumption.

SHERMAN'S SPITE TOWARD NEVADA MINERS.

WASHINGTON, April 1. The caucus of Republican Senators Saturday resulted in no formal action. It appears from views expressed by Senators that while they concede that the speech of Senator Howe, delivered a week ago, is mainly just in its strictures on the course of the administration, they can see no propriety in recalling past events in Louisiana and elsewhere, and making a direct issue with the President, and they are also agreed that the so-called civil service reform is a deception and a failure.

REPUBLICAN OPINION OF HAYES.

The Utica Republican, Conkling's organ, discourses as follows: "This is the reason why we find him (Hayes) writing epistles of condolence to the forger Anderson; dividing up offices with his Ohio chums; putting his arms affectionately around the neck of Gordon; snubbing the venerable Hamlin; shaking the Hamburg murderer, Butler, heartily by the hand; tolerating Key in the Cabinet; nominating rebels to office in preference to Republicans—and, in a word, yielding himself to the domination of confidence men and adventurers, who fatten on his weakness.

THE California Legislature has adopted the following: Resolved by the Assembly, the Senate concurring, that our Representatives in Congress be requested to use all proper means to secure the recognition of the Diaz Government at the earliest day possible.

THE St. Louis Globe-Democrat predicts that Senator Thurman will be the next Democratic candidate for the Presidency, and that General Grant will take up his residence in Washington on the 4th of March, 1881.

neck Indians, who are located at that post, behaved badly last fall, and menaced the peace of the settlement, so it was found necessary to disarm and dismount them. Recently the Indian Department gave orders that all their ponies should be sold, and the proceeds used in the purchase of cattle for the tribes. The redskins united in a protest, and have shown an ugly spirit of late. They want their ponies, but no bulls or cows; and they also want their arms restored to them.

Fatal Religious Quarrel.

LOUISVILLE, Ky., April 1. A special from Versailles says: A religious quarrel took place four miles from here yesterday, between Will Seay and Simon Boswell, which resulted in Boswell being killed with a club. Seay fled, and has not been captured.

The Grasshopper Wins Another Match.

ST. LOUIS, April 1. In a four-handed game of billiards last night, Shaeffer and Gallagher against Sosson and Dion, the game was won by the former in 800 to 563. The best run was made by Shaeffer, 289.

Bank Robbery in Colorado.

PUEBLO, April 1. The Bank of South Pueblo was entered last night by masked robbers, and the cashier gagged and obliged to open the safe. They took \$5,000. No clue to the robbers.

FOREIGN NEWS.

THE SITUATION UNCHANGED.

Talk of War All Around.

LONDON, April 1. A correspondent of the Times reports that English merchant vessels at Galatz have been ordered by their owners to sail immediately, even without a cargo. General Zimmernan's corps has been ordered to Moldavia immediately.

A Belgrade special to the London Standard states that General Dakovich, commander of the Drejevaiz brigade has been arrested for high treason. Many other arrests are probable.

A London Times special from Berlin, states that Russia has informed Austria that she would observe a friendly neutrality if Austria seized the western provinces of Turkey. Austria is not likely to accept the offer.

Specials to-day say the Czar has ordered five hundred additional Krupp guns. An unimportant scrimmage is reported between Russian and English sailors at San Stefano.

ATHENS, April 1.

A Turkish force, estimated at 1,000, has stormed an insurgent position on Mount Pelion, and captured Mocerizatz. The insurgents are retreating in new positions. The losses were heavy on both sides. News of another battle is momentarily expected.

All the Vienna correspondents of the London journals concur in the statement that Gen. Ignatieff's mission has failed. It is learned on fair authority that nothing prevents the Russian from marching to the Bosphorus, and seizing forts commanding the entrance to the Black sea.

An Athens dispatch says fierce fighting occurred at Macerizatz between the insurgents and Turks. Several Turkish ships are bombarding villages on the coast. The British turret ship devastation and the corvette Ruby, are cruising along the coast of Macedonia for the purpose of rescuing refugee women and children.

The London Times has the following from Paris: A Belgrade telegram states that Serbia will join Russia in the event of an Anglo-Russian war.

PACIFIC COAST.

A VARIETY OF BAY ITEMS.

Louderback Will Make it Hot for Disturbers of Meetings.

RESPECT TO THE LATE MARK HOPKINS.

SAN FRANCISCO, April 1. At a recent meeting at Platt's Hall, held by the National Labor party, there was some disturbance, and Wm. O'Connell was arrested. He was found guilty last week of disturbing a meeting, and this morning was fined \$300. In default of payment he goes to jail for 250 days.

In fixing this sum Judge Louderback said, whenever persons who go to public meetings, the objects and purposes of which they are not in sympathy with, and purposely and wilfully create disturbances and tumults, or purposely commit acts having a tendency to create riots and interfere with the rights of the people to peacefully assemble and discuss questions of public interest, are brought into this Court and found guilty, they will receive severe punishment.

The steamer Yrazu, formerly the Pelican, is still in port flying the flag of Costa Rica. Senor J. M. Turso, Consul for Costa Rica, filed a protest with the Collector of the port holding the United States responsible for all damages resulting from any delay in the sailing of the steamer, caused by the action of the authorities. An order was issued by Collector Shannon, Saturday, to the Custom-house officials, to refuse clearing to the steamer until further orders.

Dr. W. P. Conkling, alias Lenox, was taken on the overland train to-day by the Chief of Police of Quincy, Illinois, where he is wanted on a charge of abortion and murder. George W. Abbott, the broker who absconded some weeks ago, defaulter

to the amount of \$50,000, was brought back under charge of the officers of the steamer Georgia, which arrived yesterday, and handed over to the authorities. The Pacific Mail steamer, City of Peking, sailed at noon to-day for Hong Kong, via Yokohama. The weather is exceptionally warm and fine.

To-day business is suspended at the general offices of the Central Pacific Railroad Company, corner of Fourth and Townsend streets, and also at the stores and machine shops of the company, out of respect to the late Mark Hopkins, whose funeral takes place to-day at 2 p. m. from Calvary Church. Work at the freight sheds and on side tracks will be suspended between the hours of 2 and 3 o'clock this afternoon, and there will be no movement on the roads under the control of the company, except regular trains. A delegation arrived from Sacramento at noon, and will return by a special train this evening. The funeral will be attended by large delegations of employees of the road.

The San Buena Ventura Prisoners.

SAN BUENA VENTURA, April 1. The prisoners charged with the murder of F. Wallace More, were arraigned at 10 o'clock this morning, Frank G-nahl, of Los Angeles, appearing as additional counsel for the prosecution. The Court room was densely crowded, but it was noticeable that the neighbors of the accused, who are settlers on the disputed ranch, were not present. Prisoner Churchhill, who is very sick, made his appearance in blankets. The prosecution insisted that the prisoners should plead to the charge, to which the defense demurred, and pending the decision the prosecution asked for a continuance, as the witnesses were not yet present. He thought the State would be ready in four days. After considerable discussion, the Court adjourned the examination until Friday, the prosecution stating that it would really shorten the examination by giving them time to digest and condense the evidence.

The following letter was received this morning:

SANTA PAULA, March 31. To Mr. Goodwin—Dear Sir: I am convinced that there is a plot laid to assassinate Brown, a More witness, either to-night or some time soon before the trial can be had. Parties here are making desperate efforts to procure a plan for that purpose. Therefore, put Brown on his guard immediately. Desperate men are engaged in the undertaking. Signed, LAW AND ORDER. Colonel Goodwin is Postmaster here, and there seems no particular reason why the letter should be addressed to him. Ample arrangements are being made to meet any such work as this, if attempted. Colonel Keawan, who was asked to assist in the defense, is too sick to attend. Joseph Howard, of Los Angeles, who is counsel for the prosecution, will arrive to-night.

Items from Vallejo.

VALLEJO, Cal., April 1. It is reported that L. B. Labor nathi, of Suisun, and Baldwin and Sides are preparing to bring suit to recover one hundred feet of the Consolidated Virginia mine.

Nicholas Malone, a native of Ireland, aged 26 years, was drowned by the capsizing of a boat in the cut across the levee on Sherman Island last week.

The railroad people expect to drive their locomotive from Suisun into Benicia some time this week.

NEVADA.

A Fighting Comstock Editor.

VIROGINIA CITY, April 1. Last evening at a debating club at National Guard Hall, a man named O'Brien denounced D. E. McCarthy, of the Evening Chronicle, as a cowardly cur for refusing to publish an explanation to the effect that the communication was of a purely personal nature, and that a short summary of it had been published. About four o'clock this afternoon the men met in front of the California Bank, and McCarthy administered a terrible beating to O'Brien. Both were powerful men, and a regular bout at Bestieff's took place in a street fight, which lasted about five minutes, during which time O'Brien received about thirty blows in the face. He showed fight, but the superior skill of his antagonist at boxing was too much for him, and when he gave up the fight his face was hardly recognizable. McCarthy came out of the fight unhurt.

The Omaha Herald says: Democrats in Congress may go wrong on the finances, but none can deny that they are making a steady fight for economy in the public expenditures. In this policy they are invariably and consistently opposed by every representative Republican and by a large majority of the minority in the House of Representatives.

DEACON PARKINSON has scored on the California Legislature. During the winter he drew "pen pictures" of the members, puffing each enthusiastically, but now that they are about to adjourn, he says they are the biggest set of scamps outside of San Quentin. Consistency, good Deacon, consistency.

PHILADELPHIA Day: It will take three years to finish the revision of the Bible which is now being made by the American and British Committee. Until then people must get to Heaven the best way they can with the old one.

Mrs. DENISON, says an exchange, has made money out of "That Husband of Mine" to purchase a Washington residence. It is not strange; many a woman has made enough money out of that husband of hers to go into all sorts of extravagances.
