Fresh Oysters.
Gilbert & Brecher of the Jackson House Restaurant have made arrangements by which they will be constantly in receipt of fresh oysters, which they will serve in every style. They will keep an all-night house hereafter and make can be secured at all hours of the night or day. They will also pay the strictest attention to arranging and furnishing balls and parties with luncheon or suppers.

Ed. Wilhelm.
Begs to inform his customers and the public generally that owing to his constantly increasing trade he has enlarged his atelier, and will henceforth be able to do all work entrusted to him at the shortest notice. As heretofore, all work warranted to give perfect satisfaction or money refunded.

The Luscious Bivalve.
The oyster season has arrived, and this is nowhere more apparent than at Mrs. Brown's Restaurant, where at all hours of the day and night the bivalve is served in any style known to the art of cooking. Oysters are received by express daily in cases and in the shell from both the East and West. Families supplied.

Fresh Candies, Nuts and Figs.
Mrs. Brown, at her restaurant on South Main street, has just received a large assortment of fresh candies, nuts, figs, etc., direct from San Francisco. Drop in and try them.

At Cost!
Persons having pictures of the late President can now get a fine polished walnut frame at Haskell's for \$2. They will be sold at cost for the shipper's account.

The largest stock of perfumery and handkerchief extracts ever imported to the State, from 25 cents to \$1 per bottle, at Schneider's drug store.

A large assortment of ladies' and gents' dressing cases, pocket-books, satchels, valises, toilet sets, etc., can be found at Schneider's drug store.

DISTRICT COURT SUMMONS

In the District Court of the Sixth Judicial District, in and for Eureka County, State of Nevada.

The State of Nevada, ss. I, Andrew McKenzie, Clerk of said Court, do hereby certify that the following is a true and correct copy of the original of the same as filed in my office on the 13th day of June, 1882, an assessment (No. 1) of twenty-five cents per share was levied upon the capital stock of the corporation, payable immediately, in United States gold coin, to the Secretary, at the office of the Company in Eureka, Nevada, or to the transfer Secretary, F. W. Clute, southeast corner of Montgomery and Pine streets, in the City of San Francisco, California.

Any stock upon which this assessment shall remain unpaid on

Saturday, the Fifteenth Day of July, 1882,

will be delinquent and advertised for sale at public auction; and unless payment is made before, will be sold on Tuesday, the fifteenth day of August, 1882, to pay the delinquent assessment, together with the cost of advertising and expenses of sale.

By order of the Board of Directors,
E. J. BITLER, Secretary,
Office-Sentinel Building, Eureka, Nevada.

ASSESSMENT NOTICE.

Latest Invention! RADOVICH'S ROCK REDUCER

—AND—
Horse-Shoe Concentrator

—FOR—
Crushing and Saving Gold and Sulphurets

Without Loss.

THE MOST DURABLE, MOST RAPID, AND DECIDEDLY THE CHEAPEST ROCK REDUCER IN THE WORLD.

The operation of the Machine will be understood by referring to the following:

When hard rock is crushed, it is broken to the required size (as in the case of other Rock Breakers or Reducers), and fed in between the jaws, and the lower part of the jaw is adjusted by means of four set screws, to close the opening between the jaws to the size to which the rock is to be pulverized, the top of the jaw being left to incline back, or it may be necessary to incline the same forward to prevent the quartz from glancing or sliding on the shoe.

The lever-jaw is being rapidly vibrated by the crank-shaft which operates the friction-roll. It will be seen that the lower part of the shoe is being rapidly vibrated by the crank-shaft and pivot, but the degree of the vibration to which the quartz is subjected, is regulated by adjusting the back jaw by means of the set screws, forward or back, thereby regulating the angle of contact with the quartz, to a glancing or angular force, instead of direct perpendicular force—which is seldom sufficient to produce any crushing or perceptible wear or disintegration of the iron of which the shoe is composed.

The wear of the shoe is of a slow, scouring nature, and the shoe will last to crush ten times as much hard quartz as can be crushed by the shoe of any other Crusher.

When decomposed or soft quartz, or other soft vein-matter, is crushed, the upper portion of the jaw set forward as to allow a more direct pressure, and crushing force to be brought to bear upon the larger lumps of soft material, thereby gripping the same; but as it is crumbled and reduced the small hard lumps that are found in nearly all decomposed quartz and vein matter, are subjected to the elastic force of the lower part of the shoe, which moves concentrically with the axis, thereby crushing or cleaving, instead of crushing by a direct or perpendicular pressure.

As the whole machine can, without difficulty, be taken apart in eight different pieces, it can with the greatest facility be transported to any mining district, and, by its decided advantage over all similar machines, and its unobscured economies, it will supply a want long felt among Mine and Mill Owners in all parts of the country.

PRICES:

No. 1. Capable of crushing 15 tons per 24 hours, \$150 00

No. 2. Capable of crushing 35 tons per 24 hours, 225 00

No. 3. Capable of crushing 75 tons per 24 hours, 300 00

THE RADOVICH HORSE-SHOE CONCENTRATOR

—IS—
The Best, Most Saving, and Most Simply Constructed Concentrator in the World—Its Capacity is Greater Than That of any Other Concentrator Requiring the Same Space.

The only Concentrator that can be adjusted to save every grade of sulphurets and free gold, without any complicated machinery, and with no part liable to wear or break.

This Concentrator is constructed in the form of a horse-shoe, as its name indicates, and its working is entirely on a new principle, different from any other Concentrator now in use. It has no cranks, cogwheels, joints or pinions. Its capacity is greater than that of any other Concentrator requiring the same space now in use. The loss of metal is reduced to almost nothing, while it concentrates the ore with a perfection not hitherto attained by any other machine known.

The low price of these concentrators, and the fact that they can be easily transported on light wagons, or even on the backs of mules, over the roughest roads, places them within the reach of all mill and mine-owners. And, furthermore, they will pay handsomely in all kinds of ore, as they can be used as a rocker for saving fine gold in gravel or black sand, as well as in the ores containing sulphurets.

The Prices of the Different Sizes are as Follows:

No. 1. With a capacity of concentrating 9 tons of quartz in 24 hours \$150 00

No. 2. With a capacity of concentrating 15 tons in 24 hours, 225 00

No. 3. With a capacity of concentrating 25 tons in 24 hours, 300 00

For particulars and further information, address: **RADOVICH, San Francisco, 877 Market St., cor. 5th St.**

FIVE HUNDRED AND FORTY ACRES OF fine land, well watered and covered by a United States Patent. Also, 300 tons of good hay and 100 tons common hay; two mowing machines and two hay presses; one hay rake, three wagons, one buggy, 10 fine milk cows, 23 brood mares, 25 young horses, one imported stallion from Paris, Missouri, one Norman stallion. The house is 25x50 feet deep, and well furnished. Also, stables and corrals, including all kinds of implements usually used on a complete ranch. For particulars apply to JOSEPH MENDES, Eureka, Nev. ad134wtf

Notice to Stock Raisers!

THE CELEBRATED JACK "SAMPSON" will serve a limited number of men this season at Mendes & Bros' ranch on Duckwater. Terms, for the season, \$15.00. Price of the horse, \$100.00. Season commences from this date and expires on the 15th of August. All mares confined to our care will receive the best attention. Amount of good pasturage and stabling. Terms for pasturing, \$2.50 per month.

SAMPSON was imported from Paris, Mo., last year, at great expense. He stands 15 hands high; color, jet black, and is a sure foal-getter. He was highly appreciated where best known, he having received the first premium at the Paris County Fair two years old. All risks at the owner's expense. SAMPSON is 7 years old this Spring. JOSEPH MENDES.

Eureka, May 17, 1882. 181tf

SHERIFF'S SALE.

Philip Gerow, Plaintiff,

vs.

James M. Duker and Dora Morgan, Defendants.

BY VIRTUE OF AN EXECUTION ISSUED out of the District Court of the Sixth Judicial District of the State of Nevada, in and for Eureka County, on the 10th day of June, A. D. 1882, and to me directed and delivered for a judgment rendered by the said Court, on the 3d day of January, A. D. 1882, in favor of Philip Gerow, Plaintiff, and against James M. Duker and Dora Morgan, Defendants, or either of them, for six hundred and thirty-seven and sixty-one hundredths dollars (\$637.61) gold coin, with interest thereon from the eighth day of July, 1880, at the rate of two per cent per month paid, together with fifty-seven and thirty-one hundredths dollars (\$57.31) costs and disbursements, and \$2.50 accruing costs. I have on this, the seventh day of June, A. D. 1882, levied on the following described property, to wit:

An undivided one-half interest, more or less, of that certain ledge, hole or vein known as the Woodchopper mine, situated in Prospect Mountain Range, in the Eureka Mining District, Eureka County, Nevada, containing 1,500 feet; located May 29, 1882, by E. H. Rose and James M. Duker.

Public notice is hereby given that on Saturday, the Eighth Day of July, A. D. 1882,

between the hours of 9 o'clock A. M. and 5 o'clock P. M., viz: at 12 o'clock noon, of said day, I will sell all the right, title, claim and interest of the said defendants, James M. Duker and Dora Morgan, or either of them, in and to the above described property, at public auction, for cash in hand, to the highest and best bidder, at the front door of the Courthouse in the Town of Eureka, to satisfy said execution and all costs.

By JAMES F. MASON, Under Sheriff.

ATTEST: EDWARD C. LYLE, Sheriff.
