MILITARY NOTES.

Under this heading we propose to publish matters of interest to the militiamen of this county every Monday, commencing to-day. We have at present five companies in Storey county, with a muster roll of four hundred and seven names. Three of these companies have been formed into a battalion, namely: The Sarsfield Guard of Gold Hill, and the Emmet and Montgomery of Virginia. This battalion was formed in May last, and is called the First Battalion, 2d Brigade, Nevada State Militia, and is commanded by the following offiand is commanded by the following offi-cers: Major Commanding, D. L. Smith; Adjutant, A. F. McKay; Surgeon, H. St. George Hopkins; Sergeant Major, John T. Larkin.

Of Gold Hill, were organized on the 5th of April, 1871, from a company which was then disbanded, called the Sweeney Guard. The Sweeneys were formed on the 22d of June, 1866, but for some fully armed and equipped; but additions are constantly being made to the mus-ter roll, and before Spring they confi-dently expect to double their members. Miners' Union Hall - on Wednesday Under the efficient management of their commander, Captain Cosgrove, they are rapidly improving, and ere long will favorably compare with any company in Virginia in point of drill and numbers.

The next election is to be held on the first Tuesday in January next. They expect to have a social party sometime af-ter New Years.

The National Guard

Is the oldest military organization in the elegant manner. Twice a week the roll is called, viz: On Tuesday and Friday evenings. Once a month-on the first Tuesday-the company hold their month-ly meetings. The following is a list of Captain, actually they have none, but Gen. C. C. Batterman fills the position by courtesy; 1st Lieutenant, John A. Robertson; 2d Lieutenant, J. A. Pomeroy; 1st Sergeant, John Pax-ton; 2d Sergeant, D. McNaught; 3d Ser-geant, Neil Loynachan; 4th Sergeant, Wm. Box; Secretary, C. M. Mayer.

The Emmett Guard

Was organized in 1863. Their last muster-roll showed a membership of 102. Mayo did in "Davy Crockett," we have Eighty of these only are fully equipped and armed. Twenty-two are without arms; but a portion are provided with uniforms. They are in excellent condition and still improving in drill rapidly, and if the Nationals are not careful will carry off the honors one of these days. The men take great pride in their days. The men take great pride in their company, and devote considerable time to target practice. There is only one thing that bothers them now, and that is the Brigade medal. There was some dispute in reference to this about two years ago between them and the Nationmedal was retired for two years. The time has now expired, and the Emmetts want to see somebody win it fairly. DR. SPINNEY, while naturally impressed with the delicacy of the subject, feels no healtancy in assuring them that, in conjunction with a corpetent knowledge of their various sufferings, such as Nerrousness, Nursigls, Spinal Weakness, Loss of Appetite, Lassitude, Prolapsus, Uteri, Retroversions or Displacement of the Womb, Vaginal Irregularities, Leuchorres, Dyspepsia, Indigestion, Constipation, and the many petty, irritating distractious that almost invariably have their origin in the uterine region, afford them immediate relief. It matters not what your trouble may become and let the Doctor examine your case. It will cost you nothing for consultation, so please all and satisfy yourselves whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will say so, for he will not undertake a cure unless he is confident of affecting a cure.

YOUNG MEN,

YOUNG MEN,

Who may be suffering from the effects of youthful full follies or indiscretion, will do well to avail themselves of this, the greasest boon, ever laid at the altar of suffering humanity. DR. SPIN NEY will guarantee to forfoit five hundred dollars for every case of seminal weakness or private disease of any kind or character which he undertakes and falls to cure. He would, it erefore, say to the untortunate sufferer who may read this notice, that you are treading upou dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage—remember you are approaching the last. If you are bordering upon the last, and are suffering some or all of its evil effects, remember that if you obstinate ly persist in procrastination, the time must come when the most skillful physician can render you no assistance; when the doors of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let not despair work itself upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave.

I was recommended to Dr. Price by Mr. Joe Garner, engineer, of this city, a well-known citizen, whom he cured last year of deafness of twenty-seven years standing. CURE OF INTERNAL CANKER.

WADSWORTH, Nev., Aug. 8, 1872. Wansworth, Nev., Ang. 8, 1872.

It is with feelings of heartfelt joy that I testify this for the benefit of Dr. R. Price, 22 South C street, Virginia City. I had been confined to my bed for two months with Internal Canker of the Mouth and Stomach. My fitends had given me up. I was informed that Dr. Price had cured a man in Gold Hill last year of a canker on his nose, so I wrote to him. It is hardly to be believed, but from the first dose of medicine I received from him I began to mend. I am now in perfect health, and look as well as I ever did. I recommend Dr. Price to every one.

Dr. Prics—Dear Sir: I never expected to be able to write you such a letter as this—that I am cared of the Sait Rheum after suffering for so many years. Forty-five years ago it came out in my neck, ears and head, and then on my whole body. I was, I may say, perfectly raw with it. In the Winter my hands broke out and disabled me from work nearly all Winter. When I was a girl there were not many patent medicines made, and I had 30 depend on such salves as neighbors resommended. About thirty years ago patent medicines came in the market, and I have used everything that has been advertised as a patent medicine to purify the blood, from that day to this. Sometimes I got something that partially relieved me, and what I thought was going to cure me, but every thing lost its strength on me after a while. About six months ago I commenced taking your medicine. I must say I had faith in it from the begianing, you were so highly recommended by a great many of my acquaintances. I want you to publish this in your city paper, so that people who six suffering from Sait Rheum may know what will cure them, for I de not believe there ever was such a case as mine.
