### SCRAPS FROM ELY.

Latest quotations: Lead, \$4.00; copper \$16.75.

Don't forget that the dance will commence early on Friday evening.

Wm. Reed and J. B. Orr went over to Hamilton yesterday on business.

Candidates must not forget that next Saturday, October 6th, is the last day on which they can file their petitions.

Miss Lena Scott of Osceola is the guest of Mrs. A. J. Millock for a few days.

Dr. Ascher is confined to his bed with typhoid fever at his home in Lovelock, says the Argus.

The recent heavy frosts froze down the alfalfa and inflicted some damage on the standing grain both at Georgetown and in White River valley.

Mrs. Tucker's restaurant, which was closed last week on account of death in the family, was again opened for business on the 1st inst.

The fact that Wm. Hayes' Ad is omitted from this issue does not signify that he has gone out of business. Keep your eye out for it in a week or two.

Sol Hill, after a stay of several weeks in camp looking after his mining interests, left for his home in Reno yesterday.

There are already 180 names on the registry list of this precinct, two more than the entire registration of two years ago.

Candidates who can't see their way clearly while electioneering should buy a pair of those singlass spectacles at Wm. Hayes'.

Prof. A. J. Cartwright arrived on Sunday's stage from Hamilton to take up his duties again as teacher of the grammar department of our public school.

Messrs. Jos. Judd and Moses W. Harrison were in from Lund on Tuesday to file their petitions with the County Clerk. Their announcements are found elsewhere in this issue.

Fancy toques, novelties in feathers, fancy veiling, trimming silks and velvets, also the latest in ladies' collars and neckwear at Miss Comins' Millinery Store.

School opened last Monday with 26 scholars enrolled in the grammar department under Prof. Cartwright, and 16 in the primary department under Miss V. J. Carothers.

The boarding house at the Pilot Knob is completed and the bunk house is also well under way. Work on the new shaft began last Monday and will be pushed with energy. The work is under the personal supervision of Messrs. George and Al Paul, both of whom are thorough miners.

W. B. Graham has received this week one of the largest and most complete lines of Gent's Furnishing Goods ever seen in the county. Anyone in need of underwear, shirts, socks or other goods in that line should call and inspect his stock before buying.

Rollin Smithson and his sister, Miss Ida, came over from their home in Snake valley last Thursday and spent several days visiting friends in town. They returned home on Monday, accompanied by Miss Florence Lamb, who will teach school in Gregory district this winter.

Mrs. J. A. Walker, after a visit of several months with her son, our District Attorney, left yesterday morning for her home in Chico, California. Mrs. Walker made many friends during her stay here, who much regret her departure. Mr. Walker accompanied her as far as Hamilton.

The Rabbit mine, owned by Gabelel Zanoli, has for a long time been an occasional shipper of low ore, but at present is looking the best in its history. Four teams loaded with ore for Eureka last Sunday and shipments of late have averaged about a carload a week. Besides being rich in lead, the ore carries about \$25 per ton in gold.

P. C. Wobbar leaves this morning for Salt Lake City to attend the annual stockholders' meeting of the Ely Mining & Milling Co. and will be gone for more than a week. "Boss" has more things in his head than politics and took with him an option on one of the best gold prospects in the camp, besides samples from a number of excellent copper properties. There is lots of room for capital here yet and we hope that Mr.

Weber may be successful in his efforts to negotiate a sale of the properties which he represents.

Congressman Newlands and Ex-Governor Adams remained over here last Thursday, to rest up after their long ride from Wells. Mr. Newlands made his genial personality felt by all with whom he came in contact and was ready to discuss the issues with all comers. Both gentlemen left for White River on Friday morning, where they held a meeting at Preston in the afternoon and another at Lund in the evening.

### SIX NEW CANDIDATES.

Nearly Every Office to be Closely Contested.

Six new announcements appear in this issue. Hon. H. A. Comins who enters the field as a Silver Party candidate for State Senator is too well known to need any introduction to the voters of this county. He has represented White Pine for several terms in the upper house of the Legislature, where he has been for a long time recognized as one of the most able men in that body. There is no question about his ability to continue to satisfactorily represent us should he be re-elected.

Benj. F. Payne, who aspires to the office of Treasurer and Assessor, is a well known citizen of the county, residing in Ely. For the term from 1892 to 1894 he held the position of Sheriff and Assessor and it is on the record which he made in that office that he again asks the suffrage of the people.

Messrs. Jos. Judd and Moses W. Harrison, who have announced themselves as Silver Party candidates for "Recorder and Auditor" and "Short Term Commissioner" respectively, are both residents of Lund, having come into the State from Utah to assist in the colonization of White River valley. Mr. Judd formerly resided at Mant, Utah, where he held the position of Sheriff of San Pete county. Mr. Harrison moved to White Pine from Washington county, Utah, more than two years ago and for a year past has been Justice of the Peace at Lund. Both gentlemen are highly esteemed in the community where they reside and propose to make a thorough canvass of the county.

Jas. H. Curtis is another Silver Party candidate for Short Term Commissioner, making three candidates now in the field for that office, with a probability that there will be one or two more from Cherry Creek. Mr. Curtis has resided in Ely for the past ten years and was elected in 1890 to the office of Constable of this township. He is well known throughout the county and has many friends who will no doubt be in evidence on election day.

The announcement of Chas. Grunditz was handed to us just before going to press. He is a well known young man and would without doubt make a careful and efficient officer if elected.

### County Commissioners' Meeting.

The Board of County Commissioners held its regular quarterly meeting at the Courthouse last Monday and transacted the following business:

Bills against the county were allowed, as appears in another column.

The report of W. H. Tyler, J. P., was read and filed.

The bill of Margaret Bonner for \$25, as School Census Marshal of Cherry Creek district, disallowed at last meeting, was reconsidered and \$12.50 allowed.

It was ordered that a list of the registered voters in the county should be published in the NEWS.

Geo. S. Robinson was authorized to perform work to the value of \$15 on the county road at the crossing of Silver creek in Snake valley.

The money in the hands of the County Treasurer was counted and found correct.

Provision was made for fixing the road between Ely & Hamilton near the Robinson summit.

The allowance for the support of A. Parsons was raised from \$8 to \$10 per month.

The Clerk was ordered to post notices for bids for 12 cords of pine and 8 cords of mahogany wood.

A contract was made with Sheriff Scott to deliver the ballot boxes and election supplies to the various precincts in the county for the sum of \$135.

Election officers and polling places were selected, and will appear in the election notice in our next issue.

### BOARD OF EQUALIZATION.

The Commissioners met in the afternoon as a Board of Equalization and completed the adjustment of the tax roll. There were very few changes made this year. Joseph Bassett was raised \$500 on a mortgage; Andros Palovich was raised \$185 on a mortgage; and Robt. Crawford was reduced \$100 on his freight outfit.

### Dance Friday Night.

W. J. Peters announces that there will be a social dance at Hill's Hall on next Friday evening. Dancing will begin at 8:30 sharp. Good music has been secured and a fine time is promised. Everybody is invited.

### Recent Transfers.

The following transfers of property have been recently placed of record in the County Recorder's office:

### THE CHAINMAN SALE.

Negotiations Have Reached Successful Conclusion.

We are informed by one of the owners of the Chainman mine that a number of telegrams have passed back and forth during the past week between themselves and the eastern parties who have been holding an option on the property, with the result that a final agreement has been reached and nothing now remains to be done but to transfer the cash and the deeds. The deal can now be said to be closed, and the purchasers will without doubt enter into formal possession of mine and mill within a few days. Mr. F. G. Shepherd is here for that purpose and will superintend the property under the new management.

The terms of the final agreement have not been made public, but we are at liberty to say that they are highly satisfactory to all concerned and that the sale is by far the most important that has taken place in eastern Nevada in a number of years.

### Another Mine Bonded.

Edwin Gray and D. P. Bartley, who recently arrived here from Redding, California, have secured a working bond on the Ruth and Kearsarge claims owned by Messrs. J. G. Marx, Walter Tynearson and D. C. McDonald. The claims adjoin the Copper Queen and are in the heart of the copper-gold belt in this district. It is the purpose of Messrs. Gray & Bartley to develop the ground by a tunnel and they began operations last Monday.

### Steve Keogh's Foot Crushed.

Steve Keogh, formerly a well known resident of this county, suffered a severe accident at Kelton, Utah, on Wednesday last week. He was crossing the Central Pacific tracks and stepped on the coupling between two freight cars. As he did so the engine was backed up, bumping the coupling together and mashing Mr. Keogh's right foot. He is now in the hospital at Salt Lake and it is thought that the foot can be saved.—S. L. Herald.

### Odgers-Olsen.

Judge Tyler returned last Thursday from Spring valley, where he united in marriage Miss Ella M. Odgers and Mr. Casten Olsen. The wedding took place at the home of the bride's parents, Mr. and Mrs. Chas. Odgers, and was attended by the neighboring friends of the family. The bride was becomingly attired in white and was attended by her sisters, Misses Phoebe and May, who made very pretty bridesmaids. The groom is a highly respected young man who was formerly in the employ of Hon. A. C. Cleveland, but now resides at Richfield, Utah, where the happy couple will make their future home, followed by the best wishes of many friends in this county.

### OSCEOLA NUGGETS.

The election for district recorder was held on the 1st at which Mr. R. A. Millock was re-elected to the office.

Mr. Jos. Stoddard was up from his saw mill in Lexington on business last Sunday.

Jack Henderson returned from Steptoe, where he has been all summer, suffering from a severe attack of rheumatism.

Jim Stevens had a nice display of fruit from Snake valley in his wagon this week.

Among those in town last Sunday were Mrs. C. W. Rowland, W. T. Gregory, E. B. Robinson, Gregg Miller and Wm. Justesen of Snake valley, John Fagan, Hyrum Mitchell and John Huber from Spring valley.

Mr. A. C. Cleveland shipped east a nice bunch of picked horses from the Cleveland stock ranch, which we understand were purchased by Mr. W. J. Buchanan of the Denver Stock Yards. The horses were all in prime condition and will make another creditable showing for White Pine County.

The emperor of China has appointed Li Hung Chang, Jung Lu and Viceroy Tin Kun Yi and Chang Chip Tung to act in concert in negotiations for peace with the powers. He has also decreed that Prince Tuan and other leaders of the Boxer insurrection be degraded and punished by the imperial courts.
