Stewart Will Not Talk.

WASHINGTON, June 14.—"I do not care to talk about it," said Senator Stewart of Nevada to-day to a United Press reporter, in reference to the dispatch from Omaha that he would probably be elected to succeed the late Colonel Polk as President of the National Farmers' Alliance.

You are in a Bad Fix.

But we will cure you if you will pay us. Our message is to the weak, nervous and debilitated, who, by early evil habits, or later indiscretions, have trifled away their vigor of body, mind and manhood, and who suffer all those effects which lead to premature decay, consumption or insanity.

The Police Gazette

Is the only illustrated paper in the world containing all the latest sensational and sporting news. No saloon keeper, barber or club-room man can afford to be without it.

BRIEF MENTION.

—F. G. Newlands is back in Reno. —Read Smith's "ad" on the first page. —Doves are not very plentiful this season. —Bishop, the clothing man, was here yesterday.

—John McNulty the murderer of Collins will swing in San Francisco Aug. 12th. —The Silver City school children held their picnic at Horse Shoe Lake yesterday.

—The fruit crop around Genoa will be very light, except the strawberry crop. —Hugh Brady, the stage man of Mason Valley, was among us on business Thursday.

—Rev. Samuel Fogg, of Greenfield, was circulating among Dayton friends this week. —The Sutro and Dayton schools picnic will be held at Horseshoe Lake next Thursday, the 23d.

—Read Fourth of July "ad" on second page and get posted on what is to be done that day in Dayton. —Misses May Scott and Addie Brooks left Thursday evening last to visit friends and relatives in Sacramento.

—The river has fallen considerably this week, but will probably rise again now that warm weather has set in for good. —To kill the gophers cut up carrots to the size of beans, soak them in water, sugar and strychnine.

—Candidates for office are already announcing themselves in Inyo county. The offices of Sheriff and Clerk seem to be the main attraction. —Mrs. M. L. Jaqua and daughter Nellie left last Thursday evening for San Francisco, where the latter goes as a delegate to the Young Ladies Institute.

—A reward of \$250 is offered for the apprehension of Frank Ravada, the man who killed Leahy in Mono county last week. He is thought to be in hiding about Bishop. —The dredge has been running regularly this week and showing some rich sulphurets. The amalgamator is also showing that it is catching considerable quicksilver and amalgam.

—Byron Gates sold his stallion, "Pat Reddy," last week to the Bennett Bros., of Silver City. We understand he got \$800 for him. The horse will be taken to California and put in training. —There are some French letters and some lottery tickets in our possession which were picked up across the river and delivered here by an honest Piute yesterday. They will be delivered to the owner upon his calling for them. —Someone attempted to steal a horse from George Barton's corral Thursday night, but was scared away by the dog. The fellow tied a silk handkerchief about the mare's neck to lead her, but had to get away without taking it with him. —There are several parties of railroad surveyors in Nevada at this time representing different enterprises. The general impression in New York is that the independent line to be pushed from San Francisco to Salt Lake will be a success. —Billy Ahl, returned this morning from his trip to San Francisco. The Pickhandles greeted him at the depot with the brass band. Billy says things are very dull in California and that jobs are not at all plentiful. He had rather take his chances in Nevada. —Bucklen's Arnica Salve. The Best Salve in the World for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all skin eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Flaws.

Possibilities at Sutro.

Mr. Theodore Sutro, President of the Comstock Tunnel Company, is here from New York. He is quite hopeful that something will be done at Sutro in the near future. The company has a good mill site and water power on the river, and Mr. Sutro is very anxious to have a mill built there and start the work of bringing ore through the tunnel to be worked. Mr. Flood is expected to be on the Comstock in a few days to look into the advisability of such a scheme. What will be the result of their deliberations can hardly be predicted. The low price of silver does not make it encouraging for capital to invest in mining enterprises in this State. Mr. Sutro says he thinks the tunnel will ultimately be pushed through to the other side of the mountain.

The Gopher Pest.

The Italians on the Roger ranch on the Carson river below Dayton, brought up 9,300 gopher scalps, last Wednesday, and filed a claim of \$139.50 against the county, being a cent and a half a scalp, bounty. Other parties have also brought in several thousand scalps and filed claims against the county. There is a difference of opinion as to whether the pestiferous animals are gophers or squirrels, and there is some doubt about the bounty being allowed. According to Webster the animals come nearer being gophers than anything else. In the mean time the grain, alfalfa and vegetable crops are being rapidly destroyed all over the county by the pests, notwithstanding the fact that the soaking rain of last Sunday and Monday drowned thousands of them.

Favor Free Coinage.

BUTTE, (Mont.) June 16.—The People's Party State Convention adopted a platform. They favor the free coinage of silver; the election of President and United States Senators by popular vote; restriction of immigration; it demands the forfeiture of the Northern Pacific land grant in Montana for failure to construct within the specified time; asks the government to maintain irrigation reservoirs; provide banks for the people free from the control of monopolies. The delegates to the Omaha convention were selected. Wm. Kennedy of Boulder was nominated for Governor; Harvey Cullom of Butte for Lieutenant-Governor and Colonel Edwards of Bozeman for member of Congress.

Leave State Matters Out.

The Silver Convention, which is to meet at Reno on the 24th, next Friday, should leave all questions but that of nominating three presidential electors, alone. Free coinage is what we want. The leagues are not to meet for the purpose of assisting any candidates for Congress, or State offices. Let the Convention bear this in mind. Make no mistakes by endorsing anybody for these positions, or many of the league members will not endorse our cause on election day.

Rats!

When the California delegates to the Democratic Convention passed Reno the other night many people greeted them at the depot. Several of the delegates made short talks, and assured the Nevadans that they proposed to put up a man who would lead the party to victory. They were asked who it was, and the reply was, Cleveland. Then there was a prolonged howl of "Rats." Give us a free coinage man.

What Stronger Proof

Is needed of the merit of Hood's Sarsaparilla than the hundreds of letters continually coming in telling of marvelous cures it has effected after all other remedies had failed? True, Hood's Sarsaparilla possesses peculiar curative power unknown to other medicines.

A Third Party Victory.

CORSICANA, Tex., June 16.—The latest returns make probable the election of I. N. Barber, the Third Party candidate, to Roger Q. Mills' vacant seat, over Judge E. L. Anthony, the Democrat.

For Over Fifty Years.

Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, relieves all pain, cures wind colic, and is the best remedy for diarrhoea. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. 25 cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

A Fatal Accident.

A sad and fatal accident occurred in Daney Canyon last Sunday afternoon whereby Fred Scheel, of Silver City, lost his life. He and Jim Powning had been out hunting during the day, and when near Gepsey's ranch in Daney Canyon, Scheel, in attempting to get out of the cart in a hurry with his gun, to shoot a rabbit, in some way caused the explosion of the weapon, the charge of shot striking him just above the pit of the stomach and killing him almost instantly. His remains were taken to his home in Silver City by Mr. Gepsey. A coroner's inquest was held, and it was found that death was caused purely by accident. Deceased was a native of Virginia City, aged 20 years. His funeral took place from St Paul's church in that city last Tuesday, and was largely attended, by friends. Deceased leaves a mother and brother in Silver City.

A Serious Charge.

Henry Collier, who has been living in Gold Canyon, above Silver City, for some time past, was arrested last Saturday night on a charge of rape. J. C. Caldwell is the man who had Collier arrested, and it is his daughter Bessie, a simple-minded, crippled girl, 15 years old, upon whom the crime was committed. She is enceinte, and has been in that condition for the past five months. The people who know all parties are divided in opinion as to whether it was Collier or Caldwell who caused the girl's ruin. The matter will probably be sifted to the bottom, and whoever the guilty party is he should be tarred and feathered and run out of the country, if any way he should escape the State prison.

What Great Men Have Said.

Alexander Hamilton: To annul the use of either of the metals as money is to abridge the quantity of circulating medium, and is liable to all the objections which arise from a comparison of the benefits of a full with the evils of a scanty circulation. (1791.)

Thos. Jefferson endorsed this view, saying: I return you the report on the mint. I concur with you that the mint must stand on both metals. (1792.)

M. Ronland, Gov. Bank of France, said: The two metals have actually coexisted since the origin of human society. They coexist because the two together are necessary, by their quantity, to meet the needs of circulation.

Across the Deep, to the Far West.

On steamboats, cars and stage-coaches, Hostetter's Stomach Bitters is carried as the most important item in the materia medica of the traveling public. It deprives vitiated, brackish water of its hurtful properties and exorable flavor, counteracts the pernicious effects upon the stomach of bad or indigestible food, remedies cramps, heartburn and wind upon the stomach. It is a fine dose against malarial disorders, nullifies the effects of excessive heat, cold and damp, relieves sick headaches, and is an incomparable cure for constiveness and biliousness. The fatigue of travel often tells most disastrously upon invalids and convalescents, such an extent as to jeopardize life. Persons in feeble health, apprehensive of bad effects from travel, will, if provided with the Bitters, be less likely to have their fears realized.

The Tar Bucket at Amadee.

A young man, supposed to be from Reno, made his appearance at Amadee a few days ago in company with a young woman, also supposed to hail from Reno, and took her to house of ill fame. The youthful appearance of the girl caused the ire of the good people of Amadee to rise, and they drove the young hoodlum out of town, followed by bottles, crockery and clubs. The tar bucket awaits him should he return to Amadee.

Jay Gould's Prayer.

Our father who art in England, Rothschild be thy name; thy financial kingdom come to America; it will be done in the United States as it is in England; give us this day our bonds in gold, but no silver; give us plenty of laboring men's votes to keep monopoly in power, and its friends in office; we know, our father, that we have done many things that were wrong; we have robbed the honest poor and brought distress to many a door, yet we know it was wrong to refund the bonds and make them payable in coin; we know it was wrong to demonetize silver; we know it was wrong to water our railroad stock, but thou knowest we made money thereby. Now, our father, thou knowest we are above politics; it is the same to us whether Democrats or Republicans rule, for thou knowest we are able to sway all political jobs in our favor. Lead us not into the way of the strikers, but deliver us from the hands of the insane Knights of Labor and the People's party; thus shall we have the kingdom, bonds, power and gold until the republic shall end. Amen.—Ex.

Old Birds, Probably.

The two men, Clifford and Bowers, who were caught below here last week with a stolen horse they had brought over from California, may prove to be valuably prisoners. Since deputy Sheriff Burnham landed them in Sacramento it has been learned that the roan horse and the cart they were traveling with was stolen by them at Stockton. The Sacramento Union also says that Wells, Fargo & Co's detective, Hume, believes that Clifford is one of the men that were engaged in a train robbery in Kansas some months ago, and for the capture of whom there is good-sized reward.

The readers of the TIMES will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by druggists, 7c.

Silver League Meeting.

There will be a meeting of the Executive Committee of the Lyon County Silver League at the Court House to-night. Business of importance is to be transacted, and a full attendance is desired. Steps will be taken in the matter of sending delegates to the State Convention which is to be held in Reno on the 24th, next Friday.

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of consumption, bronchitis, catarrh, asthma and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his fellow sufferers. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. Noves, 330 Ponce de Leon, Rochester, N. Y.

No Fines on Texas.

What's the matter with Texas: At the last presidential election it cast 262,000 votes. Now 180,000 voters have joined the new party. There is a solid South—solid for free coinage.—Mining Industry.

Truthfully Said.

An exchange says no one should get mad because a newspaper publisher duns him for money. A dun is not an impeachment of a subscriber's integrity but simply an overtopping of the editor's necessity. For instance a thousand men owe a man from one to ten dollars. He has to dun them to get the money to pay his expenses. Instead of getting mad because the editor asks him for his honest dues, the subscriber should thank the editor for waiting so patiently and pay him like a gentleman.

Strength and Health.

If you are not feeling strong and healthy, try Electric Bitters. If lagrippe has left you weak and weary, use Electric Bitters. This remedy acts directly on Liver, Stomach and Kidneys, greatly aiding those organs to perform their functions. If you are afflicted with sick headache you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. The Excelsior Sprayer.

Mrs. M. L. Jaqua, of this place, desires to notify the public that she is agent for the Excelsior Spraying Outfits, which are used for destroying insects that infest fruit trees, vines, etc. The machine can also be used for sprinkling lawns, washing windows, etc. It is a very handy apparatus and Mrs. Jaqua will be pleased to show it to any one who may call at her residence on Pike street.

Dyspepsia

Makes the lives of many people miserable, and often leads to self-destruction. Distress after eating, sour stomach, sick headache, heartburn, loss of appetite, faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels, are some of the more common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet surely and efficiently. It tones the stomach and other organs, regulates the digestion, creates a good appetite, and by thus overcoming the local symptoms removes the sympathetic effects of the disease, banishes the headache, and refreshes the tired mind. "I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, and I did not feel well. I had a heart-burn after eating. In an hour I felt a faintness, or tired, all-gone feeling as though I had not eaten anything. My trouble, I think, was aggravated by my business, which is that of a painter, and from being more or less shut up in a room with fresh paint. Last spring I took Hood's Sarsaparilla—took three bottles. It did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced."
