

GREENFIELD LODGE NO. 30 INSTITUTED

Greenfield Lodge No. 30, Knights of Pythias is now an established reality. The goat has done his duty and has been turned out to pasture to fatten up for victims that will ride in the future.

In the history of Pythianism in Nevada, there never was a lodge started off under more auspicious circumstances. In the instituting of the lodge some of Nevada's most prominent men played a part.

Thursday's auto brought Grand Chancellor Mackey and A. B. Stoddard Grand Keeper of Records and Seal and many other prominent Knights to Yerington to teach the novitiates the inner secrets of one of America's best orders.

The work of initiation carried the session of the lodge through the night and well up into the morning following. At midnight a banquet was served at which nearly one-hundred persons sat down. The banquet was characterized by the absence of speech making on account of a desire to finish the work as quickly as possible.

Grand Chancellor Mackey spoke very enthusiastically concerning the new lodge's membership and predicted for it a splendid future. The others were as highly pleased as their superior officer.

The treatment accorded the visitors and the degree team by the local Knights as well as the townspeople in general, made a good impression. They went away with the very best feeling for this camp which will naturally result in much good.

The following officers were elected to serve for the ensuing term:

N. W. Willis, C. C.; D. A. McPherson, V. C.; W. Baird, M. of W.; McCoy Clappell, P.; Chas. A. McLeod, K. of R. and S.; E. R. Lam, M. of F.; G. E. Leavitt, M. of E.; Wm. Hatherell, M. at A.; F. Barnett, I. G.; A. A. Marsal, O. G.

The following Past Chancellor Commanders were appointed: D. Lawson, J. W. Hanby, W. E. Hannon, D. A. McPherson.

Douglas Lawson was selected as Deputy Grand Chancellor to represent Grand Chancellor Will U. Mackey.

Amity Lodge No. 8, of Reno, sent the following team to initiate the novices in the different ranks: Sol Hilp, Sam Rosenthal, Graham Sanford, T. Campbell, E. P. Reaney, S. T. Levy, C. A. Davies, T. P. Dann, E. L. Williams, J. W. Wright, G. W. Perkins and R. W. Julien.

THE BAND ENTERTAINMENT

The entertainment and dance given last night by the Yerington Band at Owl hall was an unequalled success in every particular. The hall was comfortably packed and the audience was well repaid for attending. The band boys have made great progress in their playing and will compare favorably with any band in the State. Each number on the program was well received. After the performance the floor was cleared and dancing was indulged in until a late hour. Taken altogether the boys are to be praised for the outcome of the affair.

Likes Yerington

Ellsworth L. Brown, an attorney of Reno, was in Yerington yesterday looking after some mining interests. Mr. Brown is an enthusiastic admirer of this camp and sees in its future a career full of promise. He is an ardent booster for the camp, likewise an attorney of repute.

Peter Gugnina of Virginia City was in Yerington to assist in the institution of Greenfield Lodge No. 30, K. of P. Pete is one of the oldest Knights in the State.

Dogs Must Have Tax

Chief of Police Slingerland is about to start a crusade against all untaxed dogs, of which there are many in Yerington. From this date forward it is his intention to kill all canines which have not been provided with a city tax. To save your doggie you must procure a tag. Stray horses will be impounded and the same vigorous campaign is to be at once begun against them as against Fido, Prince, Queen and the rest of the — — —.

Mrs. H. C. Legg has decided to locate in Yerington. She may be found at her residence on Broadway, where she will continue to take orders for tailor-made suits. A splendid invoice of millinery is now en route here, and the ladies of Yerington will do well to await its arrival. The finest display ever shown in this city.

Harry Samuel has just received a fine line of fall goods in both drygoods and choice groceries.

Section 1. Truckee River General Electric Company, a corporation organized and existing under and by virtue of the laws of the State of California, with principal office located at San Francisco, California, its successors in interest and assigns, are hereby granted a franchise for, and shall possess the privilege of supplying the city of Yerington and all additions thereto, in Lyon county, Nevada, and the inhabitants, residents and people of said city with electric energy for light, heat, power and for domestic, mining, milling, traction and other purposes, and to sell and dispose of the same, and to establish and maintain in connection with the proper distribution of such electric energy, poles and wires for overhead transmission or underground systems of conduits, transformers, meters and other apparatus convenient or necessary therefor.

Sec. 2. The boundaries of Yerington for the purpose of this franchise shall include all the territory lying within the boundaries of said city defined and described in the Act of Incorporation of said city of Yerington, to which reference is hereby made by title as follows, to wit: "Chap. Sec. 4. Said franchise and right of way hereby granted shall continue and be in full force and effect for a period of fifty years (50), from and after the approval of this franchise; provided, that nothing herein shall be so construed as to effect the right of the city council to revoke and declare said franchise forfeited for any willful failure on the part of the grantee, its successors or assigns to comply with the conditions thereof.

Sec. 5. The foregoing franchise is made expressly subject to the following terms and conditions:

First. That the said grantee shall proceed with all diligence to install the necessary lines for the complete and proper distribution of electric energy to the said city and its inhabitants as may be required, and any dereliction or negligence in the prosecution of said work of installation on the part of the grantee or its successors or assigns, shall work a forfeiture of said franchise.

Second. That all pole and wire and conduit distributing lines shall be of standard construction, and set and strung and laid in such a manner as to not interfere with the free use and travel of said streets, alleys and highways, except during the times of excavating for constructing or repairing any of the distributing lines aforesaid, and at such times shall cause as little obstruction to such use and travel as practicable.

Provided, that the above rate shall be in force and effect only where meters are installed; but in the event that any person shall prefer to purchase electric energy under a flat rate by the day, week, month or year, nothing in the above meter rate set out shall be so construed as to deny or abridge the power of the grantee, its successors or assigns, to contract for such sale of electric energy at any price that may be agreed upon between said grantee, its successors or assigns, and the consumer aforesaid.

Fourth. That the said grantee, its successors and assigns shall furnish the free use of its poles or conduits to the city for the placing of necessary fire signal wires, and furnish sufficient current for electric lights for the various fire engine houses that may be built within said city free of charge.
