Capt. Dan. Maratta recently purchased forty lots in Bismarck. Having been here for the past four years, and having spent several years before on the Missouri river he has a pretty good idea of Bismarck prospects for the future. Other live men should follow the Captain's example.

Major Seip's new harness shop is now in full blast.

A good train of wagons left yesterday noon for the Black Hills via the Custer route.

The excavation for the new two story brick block of J. W. Raymond is being rapidly made.

Messrs. Sloan & Gibson have opened a new meat market in Col. Sweet's building on Main street.

Sam Lawrence's twenty-stamp mill purchased for the Enterprise, Lead City, Black Hills, is now in Bismarck and will be forwarded in a day or two.

Traces of a slight snow storm were to be seen Thursday morning and the night following was decidedly frosty, and potato diggers are unusually industrious in consequence.

Capt. Grant Marsh has purchased the blue line of water wagons at Yankton and is supplying the city with water, using the engine of his ferry boat to do the pumping.

Major Pitts, Post Trader at Ft. Rice, was married on the evening of Oct. 3d to Mrs. Susie White, of Bismarck. A wine and oyster supper at the French Restaurant followed the nuptials.

Twenty teams are at work excavating on the corner of Third and Main streets for J. W. Raymond & Co.'s new brick block, which they hope to have completed by the first of January. The building will be 52½x75 feet, two stories and basement. The upper story will be used for a hall.

The walls of the agent's house and most of the agency buildings at Standing Rock are nearly completed. Two hundred thousand brick have been manufactured by Messrs. Munger & Weaver within the past six weeks and the brick walls are now nearly completed as noted above.

Merchant Tailoring. This interest at Bismarck is now firmly on its feet, and Mr. Sellick's new cutter, Mr. Nathan Gould, formerly of Bridgeport, Connecticut, lately of Lake City, Minnesota, has taken more orders during the past three days than have been taken at other times for weeks, showing that the people have confidence in the establishment under its present management.

The School House. At the school meeting on the 4th inst., the polls being open all day and the vote being by ballot, the Bismarck school district, by a vote of 91 to 16, voted bonds running ten years to the amount of four thousand dollars, for the purpose of building a brick school house. As the bonds have been negotiated at 90 cts. the money will be forth-coming, and we sincerely hope the commencement of the work will not be delayed a day.

The Young Man Not Afraid of His Whisky. James A. Emmons is again at his post after an absence of several weeks. He has been carefully selecting a fine stock of old liquors and brandies, together with an elegant stock of cigars and tobaccos. His liquors are of the following well known staple brands: Gaff & Co., Aurora rye, 1872; P. H. Jordan's hand made sour mash of four summers, Robert Stagz & Co.'s Bourbon; O'Donnell's "blue ribbon;" McIntosh and Mathingly Br's well known and highly appreciated Bourbon; fine old gins; Star English old Tom; Brandies; California Catawba and Amaretteau Wines; California Port; angelica; sour Catawba; California Hock; sweet wine; the best champagnes; Cook's Imperial Pleasant Valley and gold seal. Cigar brands—Gold, Gay Boy's, Little Big Horn, Best on Record, Key West. Tobaccos—Matchless, Jackson's, and all fine chewing and smoking brands. Also Anhauser's, of St. Louis, and Stahlman's beer, of St. Paul. Mr. Emmons has enroute 10 barrels of Hermitage old Crow whisky. To look at his immense stock one would say he is truly the Young Man Not Afraid of his Whisky. He will have a big trade the coming winter, as he is well and favorably known along the Missouri as an honorable liquor merchant.

"The School Question." The result of the ballot on the school bonds has just been placed in my hands, and it reads "91 to 16." I accept the offered congratulations as something more than a mere form of politeness, since this little bit of paper is to me the evidence that the anxieties and discouragements of years are at an end. Surely we have earned the right to rejoice. Success is now assured since the people have sustained us just as I knew they would.

Yet I know that some of our friends were either too busy or too lazy to go to the meeting at all, and of the few votes cast against the measure, at least one-half were by friends, who differed from us conscientiously on the expediency of building the school house at the present time, and other minor questions.

But as it is, with the seal of your sanction upon this measure, the "where-withal" is secured, and now there is only one thing left to do, and that is to go to work and build it.

God bless you, dear friends, for this encouragement. I accept it as an earnest that my work has not been wholly unappreciated; and now, laying little differences aside, let us all go to work with one mind. The school is at last on the high road to prosperity. The "new school house" is a fixed fact. Let us see that its corner stone is laid deep

in the unity and good will of a united community. LINDA W. SLAUGHTER, Supt. of Schools.

TO THE PUBLIC.

Having now fairly established my Wholesale and Retail Clothing House, I am proud to say I have the Largest and nicest establishment of the sort west of St. Paul.

My stock represents many thousands of dollars, and my resources are such as to enable me to always carry the largest and best assorted stock of

CLOTHING,

Gent's Furnishing Goods, Hats and Caps in Bismarck.

I am bound to be the Boss Clothier of Bismarck, or anywhere else in the upper country. I desire my name to be known, and my Goods to be seen, wherever there may be a habitation on the Missouri, the Yellowstone, or in the Black Hills.

For me there exists no Opposition.

Competitors may swarm around me, and offer their goods at cost or less, still I can beat them. I can sell for less than they, and still make a living profit.

My patrons will be convinced of the truth of all I say when I tell them of the great advantages I possess, chief of which is the following: My establishment is a branch of the great and extensive Clothing House of

Hanauer, Lichtenauer & Co.,

of St. Paul, Minn. Every stitch of Clothing I have is Made by Ourselves. We are manufacturers, and pay no intermediate profit, consequently my customers obtain their goods from First Hands. They pay me a small profit from original cost, and they buy goods from me at Lower Prices than from any other house west of St. Paul.

I make these offers to obtain the Whole Clothing Trade, to which I consider myself fairly entitled. By fair and square dealing, by selling honest goods at Rock Bottom Prices, I hope to obtain hosts of friends and steady customers, and prove myself a living benefit to the purchasing public, who are respectfully invited to call on me before buying anywhere else.
