LOCAL LACONICS.

Wallbaum & Becker are improving the Germania house.

The United States petit jury were duly empaneled to-day.

The new railroad bridge being built over the Big Sioux by the Dakota Southern people will be completed to-day.

Mayor Harry B. Wynn is erecting a building on Cedar street, adjoining his residence, which is designed to be commodious and convenient. It will be for rent.

The state board of regents of normal schools for Wisconsin, who are his employers, have made a gift of Prof. Albert Salisbury's services to the teachers of Dakota next week.

Indications for the upper Mississippi and lower Missouri valleys are: Clear or partly cloudy weather cold north winds generally shifting warmer south followed by stationary barometer.

Parties having use for special internal revenue tax stamps are asked to remember that the same must be taken out and hung up in places of business by the first of May. Otherwise parties are subject to indictment.

The two United States cases against David Campbell, indicted for selling liquor to an Indian, have been continued, on affidavit and motion of his counsel, S. L. Spink and Phil K. Faulk, until November term, 1879. New bonds were promptly furnished by Mr. Campbell.

We are compelled to go to press with only a half sheet. Our composing room has been "in transit" during a portion of the day and we have found it impossible to set much type while that department was on the move. Most of our material is now in the new building and we hope that the regular order of business will suffer no more interruptions.

A Washington telegram says that Major Wm. J. Pollock has been appointed an Indian inspector. This will be gratifying news to the major's many friends here. He has earned promotion and will perform his duties with credit to himself and honor to the service. Let us hope that his advancement will cause Hammond's retirement. Then let the work of honest reform begin and it will be supported by all the people.

The ladies of the library association having secured the services of the following gentlemen, Dr. Miller, Prof. Ziebach, Rev. J. A. Potter and Judge I. E. West, will give a course of lectures for the benefit of the library. Reserved seat for one lecture, 50 cts. Reserved seat for course, \$1.50. Single lecture, 35 cts. For the course, \$1.00. The city will be canvassed for sale of tickets. Due notice will be given of the opening of the course.

A good skill for sale cheap. Enquire at the depot house.

CORRECTING THE JOURNAL.

Eds Press and Dakotian:—An article appeared in your paper of last Saturday copied from the Sioux City Journal doing me and my honored family great injustice. Where the Journal got its information will be found if possible. The article referred to was in the main correct—that a certain girl had given birth to bastard twins, but in place of stating the scandal to have happened three miles west of St. Helena, the place of locating it was near St. James, where I live. C. D. Jones, the father of the girl is a wood-chopper, employed by I. I. Feiber, and no blood relation of any one of my family. The scandal was so written as to point out to myself and our location that I take this method of branding the villain who wrote the article as the basest of cowards. He knew all about the case, and must know that C. D. Jones has no relationship with our family. Knowing that I was well known and C. D. Jones being an obscure individual many by reading the vile trash could be deceived.
LEWIS C. JONES.
St. James, Neb., April 7th 1879.

Don't forget that the Merchants hotel billiard parlors can now be found one door north of Edmunds & Wynn's bank.

ASK YOURSELF THESE QUESTIONS.

Are you a despondent sufferer from Sick Headache, Habitual Constipation, Palpitation of the heart? Have you Dizziness of the Head? Is your Nervous System depressed? Does your Blood circulate badly? Have you a Cough? Low Spirits? Coming up of the food after eating? &c., &c. All of these and much more are the direct results of Dyspepsia Liver Complaint and Indigestion. Green's August Flower is now acknowledged by all Druggists to be a positive cure. 24,000 bottles were given away in the U. S. through Druggists to the people as a trial. Two doses will satisfy any person of its wonderful quality in curing all forms of indigestion. Sample bottles 10 cts. Regular size 75 cts. Sold positively by all first-class Druggists in the United States.

ABANDONED AT SEA.

At all times ships of one kind or another are floating about at sea, abandoned by officers and crew, in what seems a hopeless condition. Some are dismantled and mere hulks, some are swimming keel upwards, some are water-logged, but being laden with timber will not sink, but are driven hither and thither as the wind and waves may direct. So people afflicted with catarrh, bronchitis, and consumption, are abandoned by physicians and friends as incurable, yet thousands of such are annually restored to perfect health by the use of Dr. Sage's Catarrh Remedy and Dr. Pierce's Golden Medical Discovery. The Catarrh Remedy is unequalled as a soothing and healing local application, while the Discovery purifies and enriches the blood and imparts tone and vigor to the whole system.

Good hard wood, perfectly dry, at \$5.00 per cord or \$5.50 sawed up.
SYLVESTER & BARBER.
Dr. W. H. H. Brown, dentist, Union block, Yankton.

THE RIVER.

The ferry boat lands at the lower warehouse.
The steamer Red Cloud was at St. Joseph on Tuesday on her up-river trip.
A Bismarck telegram of the 3d inst., says that the first steamer, the Key West, will leave Bismarck for Benton to-morrow.
The river is nearly bank full to-day, yesterday's rise having added to the flood of last week. No perceptible rise has occurred to-day.

The Rosebud will leave for Benton in a few days, being the next boat out after the Big Horn and Terry. The veteran John Todd goes as master.
At the lowest spots between Yankton and Sioux City the river has moistened the track of the Dakota Southern and a few inches more of rise will put the road under water in places.

The steamboat inspectors are looking over the boats at the levee to-day. The Terry and Big Horn were inspected and passed yesterday and the Far West, Rosebud, Western and Black Hills have received the attention of the inspectors to-day.

The steamer Big Horn, of the Coulson line, will leave for Benton to-morrow with three hundred tons of government and private freight. Capt. Wm. Gould, one of the old Missouri river stand-bys, goes as her master, with Powers in the office. Charley Wolfolk and W. W. Coulson are pilots.

St. Louis Globe Democrat, 2d: "H. C. Akin, of the Northwestern Transportation company, is at the Planters. The C. K. Peck came up from the docks yesterday afternoon. The Montana left Pittsburg for Fort Benton Saturday, at 9:30 A. M., with the banner trip of the season—a big freight list, a large number of passengers and liberal engagements below. Pilots: Leander Patterson and Jas. Hamilton."

The steamer General Terry will leave as soon as some delayed freight arrives over the Dakota Southern, which is kept back by bridge building over the Big Sioux. She will probably get away to-morrow morning, for Fort Keogh and will take 250 tons of private freight and thirty passengers. Walter A. Burleigh, jr., goes as master and clerk and Dave Campbell and J. B. Merrill as pilots.

Sioux City Journal, 5th: The Niobrara will leave for Niobrara and intermediate points this afternoon.....The high water has backed up on the steamboat ways, and the lower timbers are now all afloat. The water has also made it necessary to build a staging on the south side of the Peninah for the accommodation of the calkers.....The water is making savage inroads into the river bank at Covington. During the day a quantity of earth about two rods in width extending from opposite the Covington, Columbus and Black Hills railroad, several hundred yards up the bank, fell into the water. If the caving in continues preparations will be made to move the transportation barn as well as the depot.

A CORRESPONDENT IN TROUBLE.

Springfield, Ill., April 4.—Frank E. Nevins, a correspondent of the Chicago Tribune was brought before the bar of the house and refused to state the name of the member who told him that a certain member had received \$1,500 for his action as to the pending bill. After a long debate and a great disorder a resolution was passed committing him to jail for contempt until he shall answer the question of the house. The speaker made out a warrant and the door-keeper took him to jail, where he now is. He was visited by members of the press in the city and will be brought out to-morrow on a writ of habeas corpus. The Tribune has engaged counsel for him. There are grave doubts as to the legality of the action of the house as Nevins could in no event tell more than that which some other person had said and such statement would not be received as evidence for or against any accused person.

THE FEELING IN CHICAGO.

Chicago, April 4.—The news from Springfield to-day that Frank Nevins had been committed to the county jail for contempt of the house in refusing to answer questions regarding the source of his information for certain dispatches to the Chicago Tribune occasioned much interest in journalistic circles, as this is the first case of its kind ever occurring in Illinois. The Tribune announces editorially to-morrow that it will fight the case with all the power it may be able and that it has engaged eminent counsel. It prints interviews with prominent lawyers here who argue that the paragraph complained of by the legislators was not sufficient cause for the action taken at Springfield against its correspondent.
