### NEGROES SAID TO BE FLOCKING TO TEDDY'S BANNER

Chicago, June 14.—It was stated at the Roosevelt headquarters, this afternoon, that Roosevelt would get three of the negro delegates from Mississippi. This statement was not denied at the Taft camp where it was said that for every negro that left their column a larger white delegation would come in.

Rumors that three or four Tennessee Taft delegates had deserted to Roosevelt were run down today, by Manager McKinley and national committeemen Monday. The delegates denied disloyalty.

Former Governor "Dick" Yates, of Illinois, held a long conference with McKinley over the Illinois situation. Both refused to discuss their confab. Yates is regarded as McKinley's lieutenant in Illinois.

McKinley was told today, that Secretary Nagel will return here, Monday, to defend the seating of Taft delegates from Missouri. Nagel is expected to oppose Governor Hadley in the latter's threatened fight in the credentials committee to undo the national committee's action in connection with the Missourians.

### Taft's Manager Says Roosevelt Can Stop Taft

Declaring that the Taft delegates are "fronched and unstampable" and that the coming of Theodore Roosevelt "will not change one vote in the Republican national convention," Congressman McKinley pre-convention manager of the Taft campaign, today issued what probably will be his last statement regarding the coming of the contributing editor, to Chicago.

McKinley says: "From this time until the nomination of William Howard Taft by the Republican national convention every effort will be made by the followers of Mr. Roosevelt to sweep the Taft delegates off their feet by bluff, bulldoze and bluster. The coming of Roosevelt will be a gala event among the rank and file of the Roosevelt following but it will not change one vote in the Republican national convention. That body is already fire-proof and non-stampable and nothing which occurs in the events of the next few days will disturb the serenity of the situation."

"The national convention is as steady as the Rock of Gibraltar and no word of mouth by any living man or woman can prevent the certain re-nomination of President Taft."

"The outcome of the national convention, so far as the nomination and platform is concerned, is a certainty now. Mr. Roosevelt still lacks 78 votes of the nomination, according to the figures of his own campaign managers, while President Taft will control the convention by a majority over all on the first ballot."

Senator Dixon, the Roosevelt manager, refused to make any public statement today, saying that he was too busy arranging for the coming of Colonel Roosevelt. James R. Garfield, of Ohio, who was delegated to do the talking for the Roosevelt men, said: "We have 499 votes in the convention that we are willing to discuss in public. They are the men that we know the Taft forces cannot get even with promises of office or anything else. In addition, we have more than 50 votes that we are sure of but we do not intend to permit the Taft people to know who they are."

## HINDLE BUYS OLD HAMILTON DRUG STORE

Practically the only thing pending in the sale of the Jennie Hamilton pharmacy to William P. Hindle, today, was the making out of the papers. Attorney Frederick A. Bartlett, who is looking over the legal end of the deal, said this afternoon that negotiations had closed.

Mr. Hindle said this afternoon that James M. Robinson, who has been employed with him at his present location in the Bishop block would be manager of the old store and he himself would take over the management of The Jennie Hamilton store. Mr. Robinson has been with Mr. Hindle ever since he began his business in the Bishop block seven years ago. He is widely known in the city, having been brought up here. Before he entered business for himself Mr. Hindle was employed as a pharmacist at the store he now buys from the Hamilton estate.

## TO ASSUME THAT BANKS IS HONEST UNTIL HE VOTES

Police on Guard In Chicago  
—to Keep the Peace If  
They Can

Chicago, June 15.—The bad blood between the two factions in the party was very much in evidence today, and the police on duty at the Congress Hotel, where the headquarters were, were kept busy breaking up impromptu scraps. The California delegates, after getting located in their headquarters, circulated stirring sentiment for the Colonel. They were met halfway by the Taft men and opprobrious epithets were ringing through the air whenever the factions clashed.

The Ohio Taft delegates were enraged over the action of the Roosevelt delegates from the Buckeye state who had a big electric sign reading "Ohio's 34 votes for Teddy" placed over the doorway leading into their headquarters. Some of the Taft delegates from Ohio objected and announced that they would take the sign down. To prevent this the Roosevelt men detailed Rocco D. Novario, a Cleveland fighter with a record, as a special guard to keep the sign intact.

Discussing the action of the negro delegate, Banks, who sent back a letter containing money advanced for the payment of expenses of Mississippi delegates and announcing, although instructed for Taft he intended to vote for Roosevelt, Congressman McKinley, the Taft manager said:

"I intend to assume that Banks is honest and will so assume until his vote is recorded. That is all I care to say about the incident."

The Taft manager stated that he had no revision of his figures to give out today, that he still claimed that President Taft would have 584 votes in the temporary roll as against 433 for Roosevelt, 38 for LaFollette and 10 for Cummins.

7.—Declaration favoring proper amendment of the banking and currency laws but opposing any plan to create a central bank or a chartered credit trust. (Aldrich plan.)

8.—National, as opposed to "dollar diplomacy."

Exasperated by the action of the Taft men on the committee in seating the Taft delegates in the 4th district, Texas contest, Committeeman Capers, of South Carolina, speaking for the Roosevelt members, said:

"We're wasting our time. Tell us what you'll give Roosevelt out of all the remaining contests and we'll accept your proposition and adjourn."

He was declared out of order. Then Francis J. Heney took up the point but he, too, was ruled out.

Baltimore, June 15.—The Democratic sub-committee today got down to the actual business of arranging the details for the national convention, with the arrival of almost half of the members. These were Norman E. Mack, committeeman from New York and national chairman; Thomas Taggart, of Indiana; Edward F. Goltz, of Missouri; Urey Woodson, of Kentucky; J. P. C. Talbot, of Maryland, and Martin J. Wade, of Iowa. The first official meeting of the sub-committee is scheduled for Thursday.

A novel way of cleaning wool skirts is to hang them on the clothesline and then turn the hose on them, cleaning first one side and then the other. They should be left to dry in the sun, and will need little or no pressing.

Nothing is more suitable for the warm-weather curtains than scrim, or even linen in a coarse weave; and if this is bought in a plain color, lovely sets for doors and windows can be made with the addition of a little stenciling.

Mildew stains are often very persistent.
