Many women suffer this misery. It makes its appearance so regularly that they learn to expect it and arrange their household work accordingly. Few women think of seeking medical help to get rid of it for good. If women only knew of the power and effectiveness of Dr. Sim-

mons Squaw Vine Wine they would not be without it a moment longer than it would take to get it from the drug store. It is a splendid remedy for all nausea or sickness of the stomach. The first dose settles the stomach and makes the patient feel better. Additional doses act on the female generative system, strengthening weakened organs, regulating the habits, restoring tone and strength in every part of the body. It is essentially a woman's remedy prepared expressly to meet the need of women who suffer from the ailments common to their sex.
