(From Dr. Thomas Brown.) Messrs. Lowe & Reed, Gent.-The Vegetable Pulmonary Balsam, has been extensively used in the sec-tion of country where I reside, for several years past, and has justly acquired a high reputation in consump-tive complaints. So far as my knowledge extends, it has never disappointed the reasonable expectation of those who have used it. THOMAS BROWN, M. D. Concord, N. H., May 11, 1831.

#### Messrs. Reed, Wing & Cutler-Gentlemen-

I feel it a duty I owe to the public, and especially to hundreds of my fellow beings who are now suffering under different diseases of the lungs, to give you a statement of the good effects I have experienced from the use of the Vegetable Pulmonary Balsam. Having from my youth up been troubled with different com-plaints of the lungs, such as spitting of blood, a troublesome cough, frequent hoarseness, with severe fits of coughing, and indeed all the symptoms of consumption and from time to time I have consulted several eminent physicians, and have taken much medicine, but I re-crived little or no relief, and at last they told me there was no help for me; that my case was beyond the reach of their medicines. In the spring of 1827 I was advised by a friend to try the Vegetable Pulmonary Balsam. I obtained two bottles, and on trial I was surprised to find so sudden and effectual relief which it gave me, and after using it about five weeks all my complaints were entirely removed, and I was re-tored to good health. Since that time I have kept it constantly by me, in case of the appearance of any of the

above complaints. I have known a large number of cases where all other medicines have failed of affording any relief, the Balsam was at length resorted to, and speedily effect-ed a cure. I would therefore recommend to every person that has any of the above complaints, on their first appearance to take the Vegetable Pulmonary Bal-sam, which they will find a safe, convenient and pos-itive cure. Respectfully yours, T. P. MERBIAM.

The depravity of the humors is also the immediate rause of intermittent fevers and dyson'ery-as nothing is required but the contact or contagious miasma, to produce bilious, yellow, scatlet, and the like kind of fovers, as dysentery and diartheea.

It must, therefore appear self-evident that purging the foul humors from the body is the only True and Effective means of curing and preventing these com-plaints, and every other form of disease; for as it requires the tempest and the tornado to bring a out a state of purity in the ocean whon its waters have been stagmant, so will it require repeated evacuations by the howels, before the blood can be relieved of its accomulated impurities, and Nature left free to restore every organ to its proper healthy action. We believe this is the gentleman's own description as near as possible, and there is no axaggera-tion in it. # HUMAN HAIR. CLEANLINESS OF THE HEAD AND HAIR.

HAIR. Strange it is that persons who attend strictly to personal, cleanliness, baths, &c. should neglect the Head--he Hair the most essential--the most expos-ed--and the most beautiful, though properly cared for, of all the gifts of the Creator. Perfectly free may it be kept of daniruff or scurf with a certainty that the hair cannot fall out, by the use of the Balm of Columbia. Ladies will you make your toilet without this article ? I answer featlessly, No, if you have once tried and experienced its purifying effects--it, sweet tried and experienced its purifying effects-it, sweet
